

Your gift shines hope through the darkness for families facing difficult treatment or recovery.

Thanks to financial support from our generous community, we can keep our nightly rates low. Each of our 40 rooms costs \$95 per night to operate, and we ask guests to pay \$45 per night for a room and \$60 for a suite. We ask for your annual support to help bridge the gap for patients and their loved ones, many of whom stay for days, weeks or months.
