Subject: Natural Gas Availability

Dear Ms. Tai

Frontier Natural Gas has a distribution line adjoining the Expanded Warren Site located on NCDOT S.R. 1100 in Manson, via NCDOT's right-of-way. This distribution line is six-inch (6") HDPE line with a maximum operating pressure of 60 psi. Therefore providing natural gas to the proposed area would be advantageous to both Frontier and Warren County if an economically feasible project were presented. Please contact me if you have any questions and we look forward to working with you in the near future.

Sincerely,

Adam Theriault
Regulatory Compliance Engineer
Frontier Natural Gas, LLC.
