Wells Fargo and the Town of Wendell are excited to announce its upcoming efforts to preserve the existing Wendell Falls Parkway infrastructure. Construction of the Parkway is scheduled to begin in early July. The Town and the Bank have been in conversation for many months evaluating the future of the development, and feel that the preservation and completion of the Parkway are the best solutions for the Town and the surrounding community.

Bill Honaker of Wells Fargo Commercial Real Estate said, “Wells Fargo is excited to help preserve the infrastructure of the Wendell Falls Parkway which will enable more efficient travel for residents and visitors in Eastern Wake County. We are proud to partner with the Town in this effort, and look forward to seeing the successes occurring following its completion.”
