Terms & Conditions

Warranty & Service

One-year warranty on parts and labor. Any damage due to water quality (calcium and other dissolved solids) is excluded from warranty coverage. Softening and filtration is highly recommended and is the sole responsibility of the owner of the machine.

Warranty shall be for a twelve-month period commencing on the date of installation of the machine. A grace period may be granted for a later warranty start date of up to 30 days from the date of shipment ex-warehouse or the date of installation, whichever occurs first. Approval shall be at the sole discretion of Schaerer USA and must be mutually agreed upon in writing by both parties.

Onsite installation, calibration and training are included and will be conducted by the local Schaerer Service Vendor within regular business hours. Installation, calibration and training shall take place within the first scheduled visit. Any additional standby time at the site, or visits, due to a lack of site readiness, will be billed on a time and material basis.

Two preventative maintenance (PM) visits are included. These visits shall be scheduled near the 2nd and 4th quarter and performed during regular business hours. If the install site is not made available after three attempts to schedule the first PM visit, Schaerer USA's obligation to fulfill the visit shall expire two months from the date of the first scheduling attempt or six months from the warranty start date, whichever occurs first. If the install site is not made available after three attempts to schedule the second PM visit, Schaerer USA's obligation to fulfill that visit shall expire after two months from the date of the first scheduling attempt or with the current warranty expiration date, whichever occurs first. Schaerer is entitled to combine a PM visit with a customer-initiated service call.

Water Softener

Schaerer espresso machines require water that is both softened and filtered for optimal performance and longevity. We recommend and offer you in this proposal at a special discounted price with the machine purchase, the CUNO 4350 system complete and replacement cartridges. Depending on dispensing volume, cartridges should be replaced every 6-9 months. Replacement cartridges can be purchased separately after the time of machine purchase at current list price.

**Applicable to Schaerer espresso machines only.*

Schaerer coffee machines require water that is both softened and filtered for optimal performance and longevity. We recommend and offer you in this proposal at a special discounted price with the machine purchase, the HF40-S Filter Complete and replacement cartridges. Based on volume, cartridges should be replaced every 10-12 months. Replacement cartridges can be purchased separately after the time of machine purchase at current list price.

**Applicable to Schaerer coffee machines only.*

Replacement Items (Consumables)

1-Step models ship with a 12-week supply of consumables (disposable and cleaning supplies). If desired, we can offer you additional 12-week Foamer & Cleaning Supply Packs at a special discounted rate at the time of machine purchase.

**Applicable to Coffee Art TouchIT and 1-Steps models only.*

Payment Terms

Payments terms from date of shipment from our facilities are extended for this order (see specific terms indicated on your quotation). Payment can be made in the form of a cashier's or company check or via Bank Wire Transfer. Please make the check out to Schaerer USA Corporation and remit to:

Mailing Address:
2900 Orange Avenue, Suite 102
Signal Hill, CA 90755

Bank of America Wire Transfer Information:
Account Number 1459073336
Routing ABA Number 026009593

Freight and Taxes

Freight to destination and local applicable sales taxes are not included in the net price. Schaerer USA Nexus states currently include WA, CA, FL and NC. A Form W-9 must be provided unless previously submitted.

Freight is based upon standard ground shipment within the continental United States. Should shipping be required outside of these boundaries, please contact Schaerer USA for a quote. Expedited shipping charges will be billed at rates delivered to Schaerer USA. Freight for local installs may vary.

We request a two (2) week lead time between placing the order and final installation. Installation is dependent upon your location having the proper electric, water and drain requirements. Please see the attached utility specifications and make sure these are ready before you require installation. Upon return of the machine, restocking fees may apply.

Please note that this proposal shall expire on the date indicated at 5:00PM, at which time it may be withdrawn without notification. This proposal is confidential in nature. This is not a binding contract. The only binding contract shall be an agreement executed by both parties.
