

January 2021

WOW! Award Employee of the Month

Congratulations to **Garrett Johnson** for being selected as the Town of Wendell's WOW! Award recipient for the month of January! Garrett is being recognized for being a team player and being readily available to assist his fellow employees within the Town!

On a busy day during the month of November, a member of the finance team received an urgent call to attend to a family matter. This employee had countless duties to perform on this day and was torn between the job at hand and her family in need. Easing their concerns and without hesitation Garrett took on the additional tasks and ensured his coworker it would be handled and allowed them to take care of their family.

A team is only as strong as each of its members and when one member steps up it often motivates the others! Thank you, Garrett, for being ready, willing and able to assist all Town Employees when there is a need and for being a leader within your department. The Town of Wendell proudly presents to you the WOW! Award for being selected as the January 2021 employee of the month!
