

Claims

Despite the challenges presented over the past two years, Lawyers Mutual’s Claims Department continued to provide outstanding service to our insureds in 2022. Not only do our experienced claims attorneys assist with claims, but they also help avoid claims and minimize damages through our claims repair program.

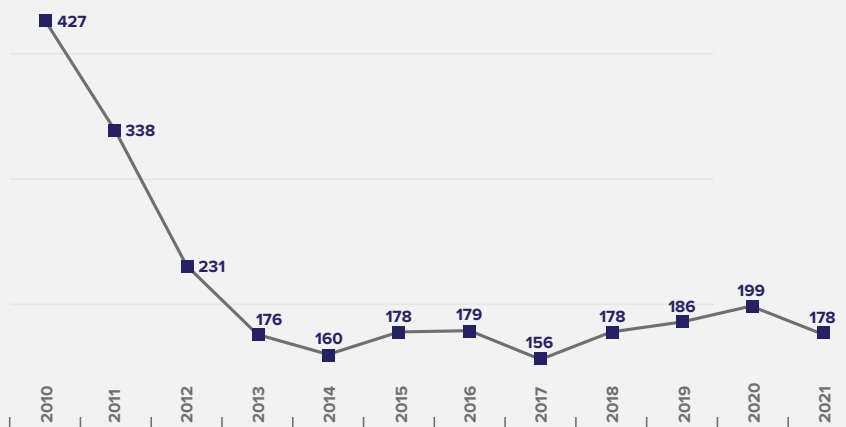

Key statistics:

- 9% reduction in new claims
- 8% decrease in active, open claims
- The Claims Department also provided policyholders with pre-suit assistance, subpoena assistance, and disciplinary assistance.
