VARIANCE REQUEST

Variance 20-VAR-02 requested by Gina & Cliff Wenn to allow for a Variance from the Unified Development Ordinance Article 8, Table of Area, Yard and Height Requirements, for a reduction of the front setback requirement from 30 feet to 21.3 feet for the property located at 1601 Sagamore Dr. Franklin County PIN 2831-45-6307.

UDO Requirements:

ARTICLE 8. TABLE OF AREA, YARD, AND HEIGHT REQUIREMENTS (See Notes 1 through 8)

DISTRICT	MINIMUM LOT SIZE			MINIMUM YARD REGULATIONS ¹		
	Area in Sq.Ft.	Sq.Ft. per Dwelling Unit	Frontage In Feet	Front Yard Setback in Feet	Side Yard Width in Feet	Rear Yard Depth in Feet
Existing Camp Lots at Lake Royale				30	5	5

BACKGROUND INFORMATION

The applicant is petitioning the board for a variance from the front setback requirements. According to the UDO, the setbacks for existing camping lots at Lake Royale are 30' Front, 5' Side, and 5' Rear. As indicated on the attached site plan, the applicant would require a front setback reduction to 21.3 feet from the front setback. The applicant has stated within the petition that the property was originally setup in 2001 by her parents and was under the impression that front setback lines were measured from the edge of the pavement instead of edge of the right of way. The applicant has received a variance approval from Lake Royale on September 18, 2020. Without a variance from the County, the applicant would not be allowed to do the necessary improvements in order for the existing structure to remain and be protected due to its age.

BOARD OF ADJUSTMENT FINDINGS

NOTE: Board of Adjustment Members should use the following area to make notes on evidence presented related to each of the required Findings as it is presented during the public hearing.

Section 24-2. (B) A variance may be granted by the board of adjustment if it concludes that strict enforcement of the Ordinance would result in practical difficulties or unnecessary hardships for the applicant and that, by granting the variance, the spirit of the Ordinance will be observed, public safety and welfare secured, and substantial justice done. It may reach these conclusions if it finds that:

- (1) Unnecessary hardship would result from the strict application of the ordinance. It shall not be necessary to demonstrate that, in the absence of a variance, no reasonable use be made of the property.

FINDING ___ Yes ___ No

- (2) The hardship results from conditions that are peculiar to the property, such as location, size, or topography. Hardships resulting from personal circumstances, as well as hardships resulting from conditions that are common to the neighborhood or the general public, may not be the basis for granting a variance.

FINDING ___ Yes ___ No

- (3) The hardship did not result from actions taken by the applicant or the property owner. The act of purchasing property with knowledge that the circumstances exist that may justify granting or a variance shall not be regarded as self-created hardship

FINDING ___ Yes ___ No

- (4) The requested variance is consistent with the spirit, purposes, and intent of the ordinance, such that public safety is secured, and substantial justice is achieved.

In granting any variance, the Board of Adjustment may impose reasonable conditions concerning the use or development of the subject property to:

- a. Insure that the criteria for the granting of such approval will be complied with; and***
- b. Reduce or minimize any potentially injurious effect of the variance of development standards on adjoining properties, the character of the neighborhood, or the health, safety, morals, or general welfare of the community.***
