

February 3, 2020

The Board of Commissioners of Franklin County, North Carolina, met for its Regular Meeting at 7:00 P.M. in the Commissioner's Conference Room located in the County Administration Building with the following Commissioners present: Chairman Sidney E. Dunston, Vice-Chairman Shelley L. Dickerson, Commissioners Cedric K. Jones, Mark Speed, Michael S. Schriver, David T. Bunn and Harry L. Foy, Jr.

Chairman Dunston called the meeting to order and asked the board to consider approval of the consent agenda.

Commissioner Jones made a motion to approve the consent agenda. The motion was seconded by Commissioner Dickerson and duly carried approval with all present voting "AYE."

The items approved are as follows.

I. CONSENT AGENDA

- A. January 21, 2020 Minutes
- B. Consider TDA (Tourism Development Authority) request to fund a \$4,000 grant for the Triangle Business Journal Marketing Project
- C. Annual Report of Unpaid Taxes that are liens on Real Property
- D. Second Amendment to AT&T Tower Lease

2. COMMENTS FROM THE PUBLIC

This was the time set aside by the Board of Commissioners to allow individuals five minutes to address the Board on issues concerning the county.

Bobbie Richardson, 7309 NC Highway 561, Louisburg, NC

- Former North Carolina Representative Bobbie Richardson asked the Board to consider a resolution in favor of Medicaid Expansion to assist those who are uninsured or underinsured in the state. She asked that such a resolution be sent to North Carolina Representative Lisa Barnes and Senator John Alexander.

Dr. Phillip Stover, 307 North Main Street, Louisburg, NC

- Dr. Stover provided a handout to the Board showing effects on Franklin County from the failure to expand Medicaid and asked the Board to consider passing a resolution in support of Medicaid Expansion so citizens will stop needlessly dying and suffering from treatable conditions.
- During Dr. Stover's comments, Commissioner Foy made a motion to extend his time to provide comment. The motion was seconded by Commissioner Dickerson and duly carried approval with all present voting "AYE."

Dewey Botts, 675 Howard Tant Road, Zebulon, NC

- Mr. Botts stated he represents the Democratic Party and also encouraged the Board to consider support of Medicaid Expansion.

Armenta Eaton, 1844 Mays Crossroads Road, Louisburg, NC

- Ms. Eaton stated she represents the Franklin County Chapter of Concerned Women for Justice. She too encouraged the Board to support Medicaid Expansion in North Carolina.

Michael Gordian, 1401 Mackinaw Drive, Wake Forest, NC

- Mr. Gordian serves as CFO (Chief Financial Officer) for Maria Parham Health. He encouraged the Board to support Medicaid Expansion by approving a resolution.
- During Mr. Gordian's comments, Commissioner Foy made a motion to extend his time to provide comment. The motion was seconded by Commissioner Bunn and duly carried approval with all present voting "AYE."

Anna Russell, 405 Longbourne Drive, Wake Forest, NC

- Ms. Russell stated she is both pleased and excited with many of the new policies in place at the Franklin County Animal Shelter. She feels shelter care is moving in a positive direction and asked for improvements to continue such as a spay and neuter program and better hours to accommodate for more pet adoptions.

Lucy T. Allen, 312 North Main Street, Louisburg, NC

- Former North Carolina Representative Lucy T. Allen echoed other comments made regarding Medicaid Expansion. She too asked the Board to be in favor.

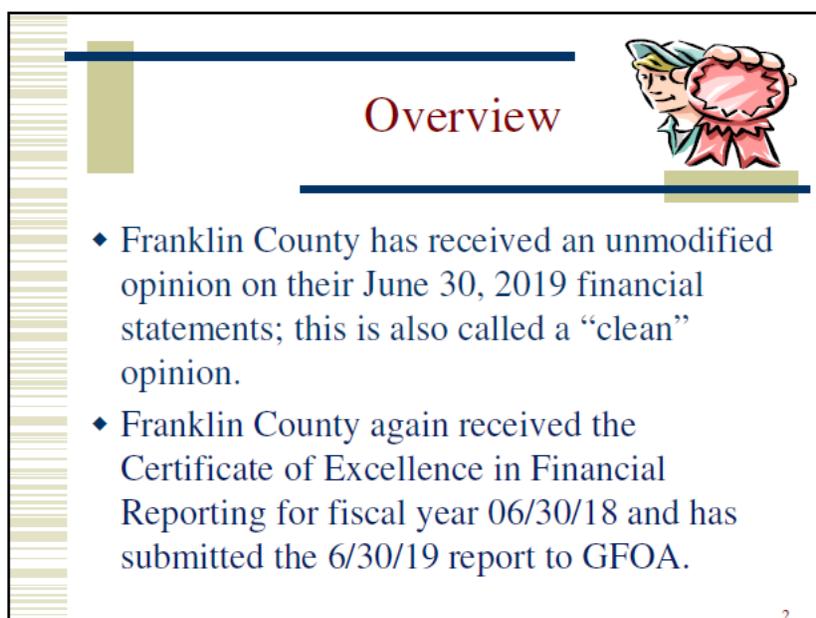

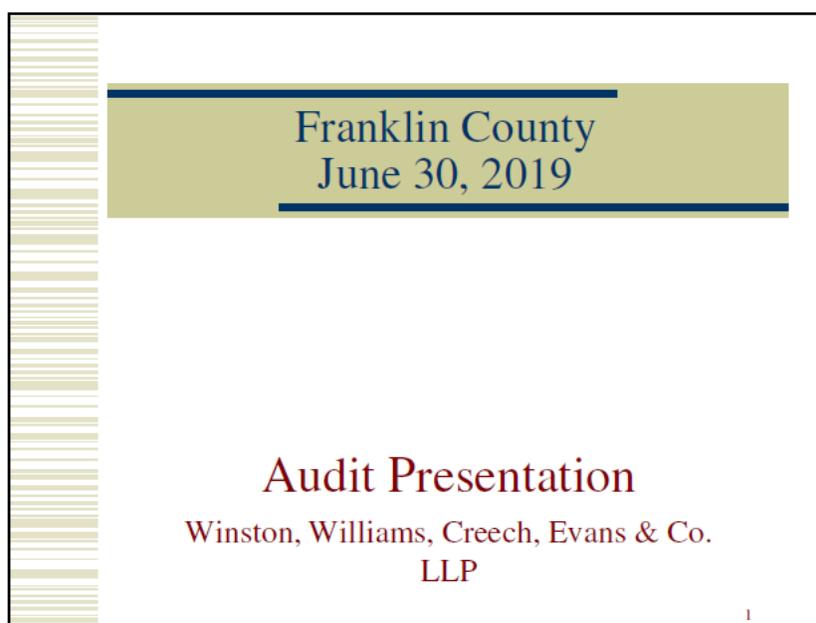

3. COMPLETION OF UPSET BID PROCESS ON PARCEL 017230

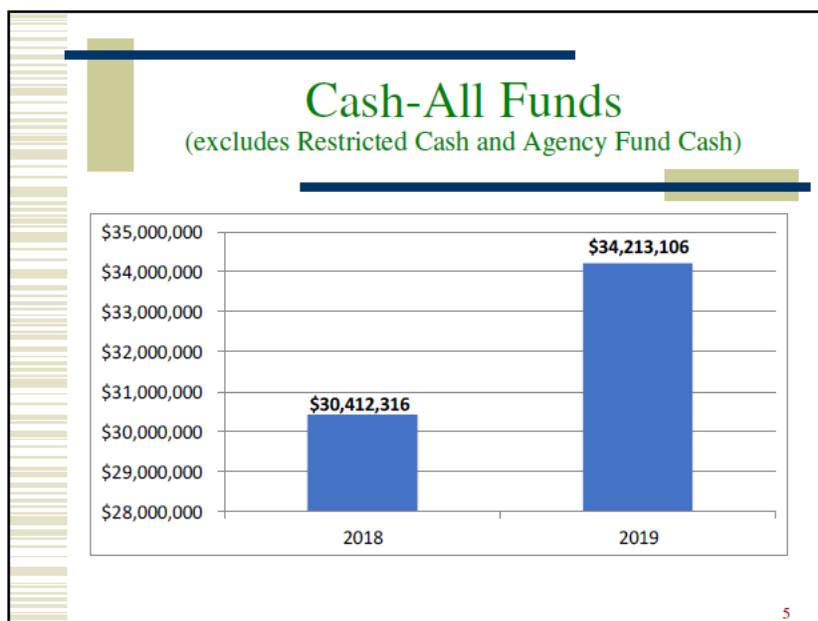

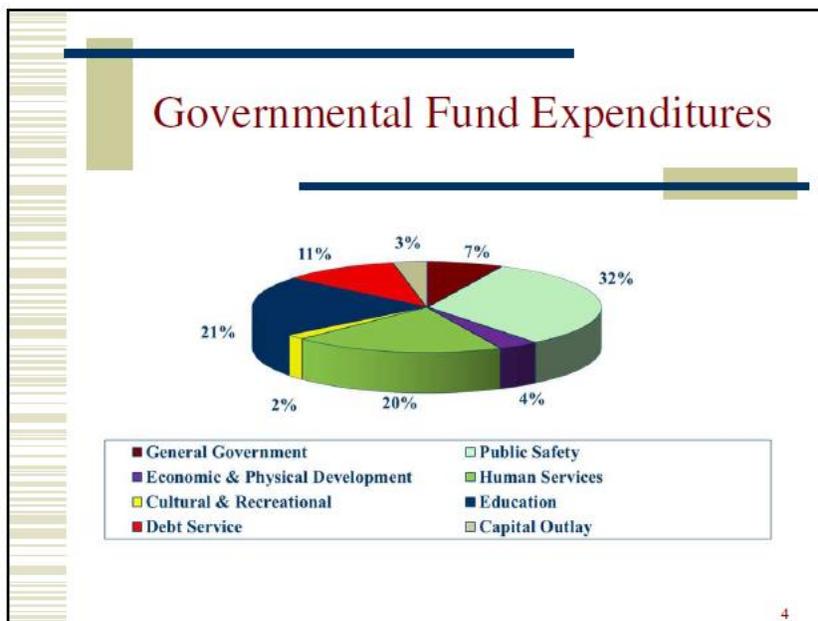

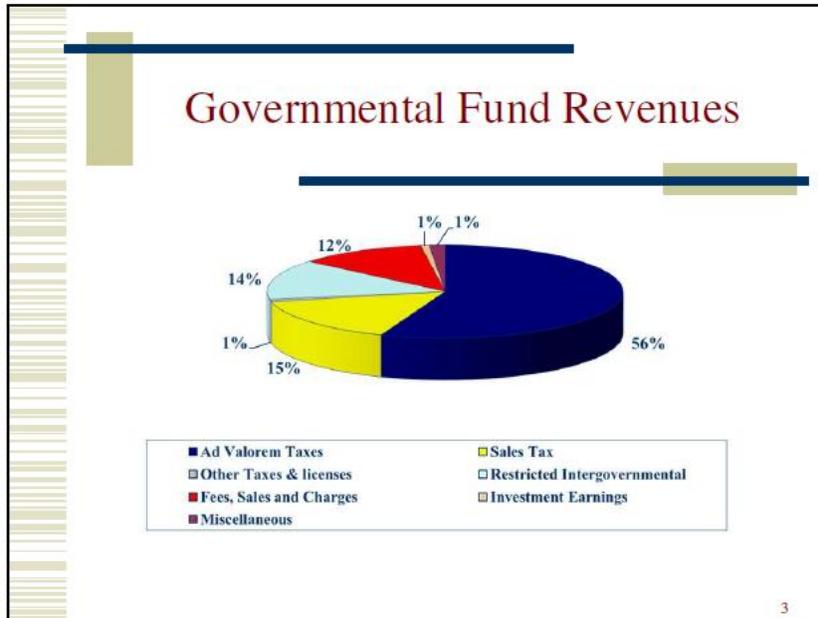

The Upset Bid process for Parcel 017230 completed with the highest bid being \$5,400 by Elizabeth Seitz of 527 Perdues Road, Louisburg. This county-owned parcel is a 2.0 acre tract of land, located off Perdues Road, Louisburg with a 2018 tax value of \$4,680. The property is a vacant lot. At the January 6, 2020 meeting of the Board of Commissioners, it was resolved to initiate the upset bid process on this parcel. Pursuant to NCGS 160A-269, this process has been completed with the final bid amount being \$5,400.

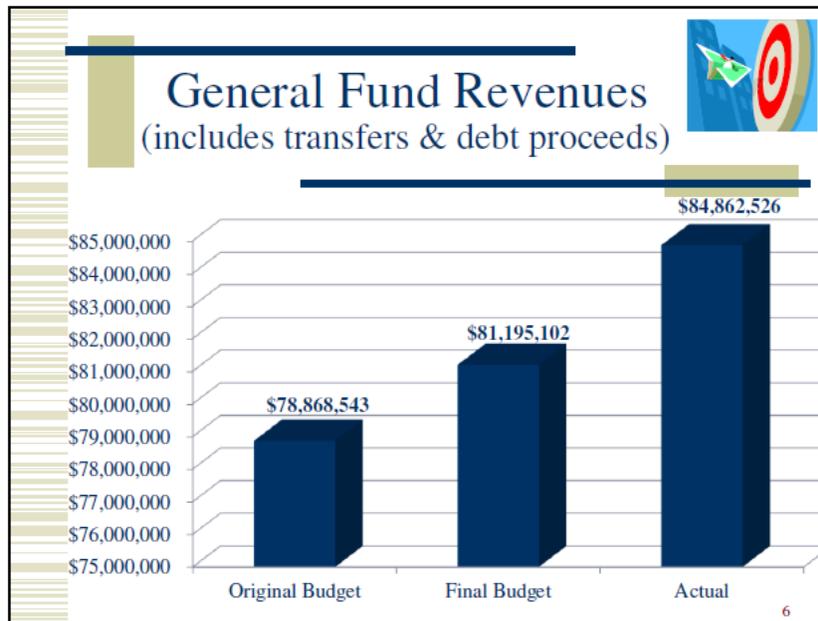

Commissioner Foy made a motion to approve the final sale for Parcel 017230. The motion was seconded by Commissioner Bunn and duly carried approval with all present voting “AYE.”

4. FISCAL YEAR 2018/2019 AUDIT PRESENTATION

Tara Roberson of Winston, Williams, Creech, Evans & Company, LLP presented the 2018/2019 Audit. Ms. Roberson’s presentation follows.

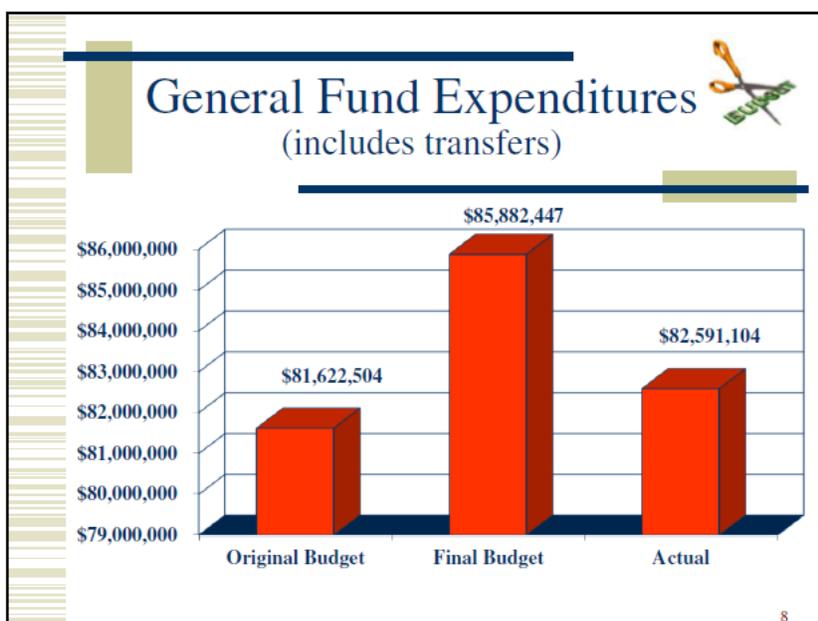

General Fund - Key Revenue Sources

Revenue	Budget	Actual	Difference
Ad Valorem Taxes	\$44,779,978	\$45,750,317	\$970,339
Sales and Use Tax	\$9,947,190	\$10,193,896	\$246,706
Register of Deeds Fees	\$680,000	\$870,981	\$190,981
Inspection Fees	\$1,296,000	\$1,324,941	\$28,941
Sheriff and Jail Fees	\$1,573,000	\$1,811,116	\$238,116

7

General Fund Expenditures By Function

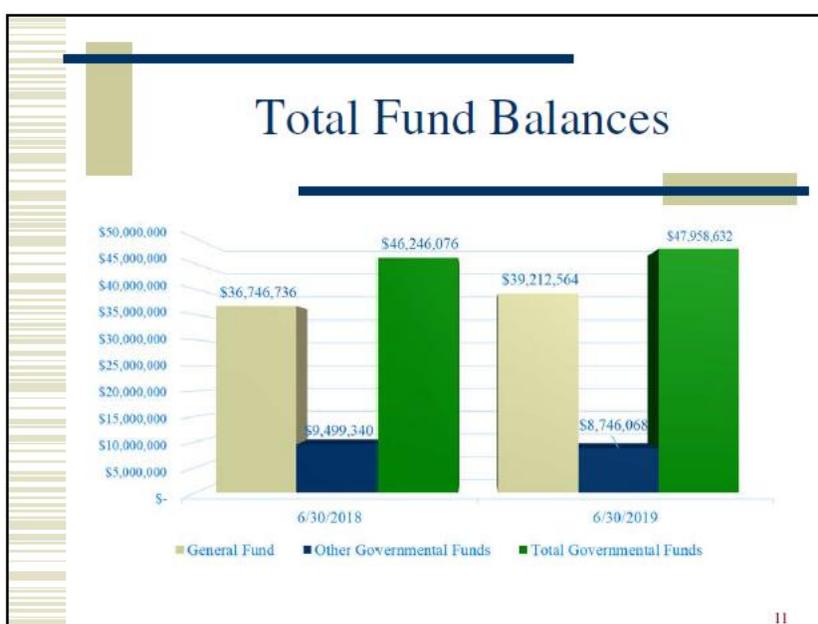

Function	Budget	Actual	Difference
General Government	\$6,786,032	\$6,234,158	\$551,874
Public Safety	\$26,101,307	\$24,467,199	\$1,634,108
Economic and Physical Development	\$3,433,878	\$3,249,591	\$184,287
Human Services	\$17,495,583	\$16,712,458	\$783,125
Culture and Leisure	\$1,619,150	\$1,547,403	\$71,747
Education	\$19,287,261	\$19,287,257	\$4
Debt Service	\$9,734,304	\$9,668,106	\$66,198
Total	\$84,457,515	\$81,166,172	\$3,291,343

9

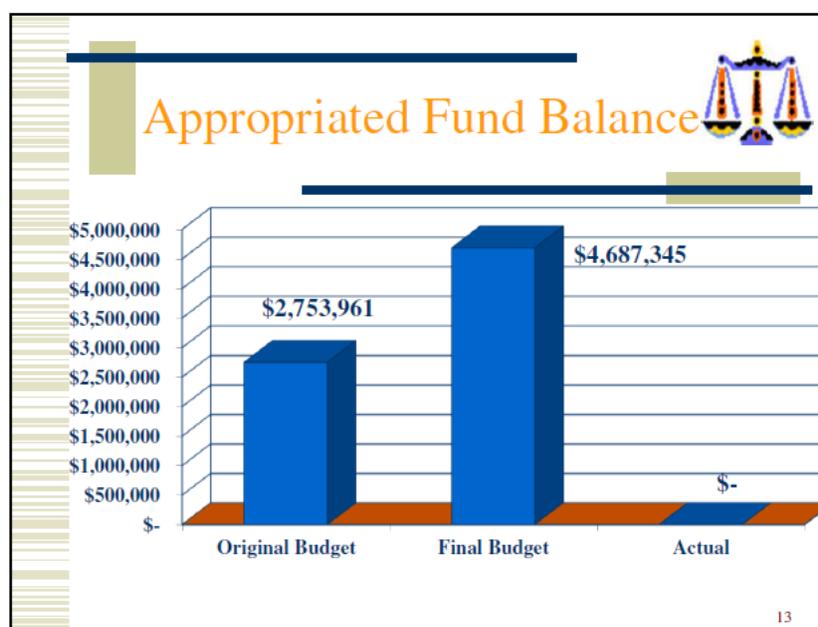

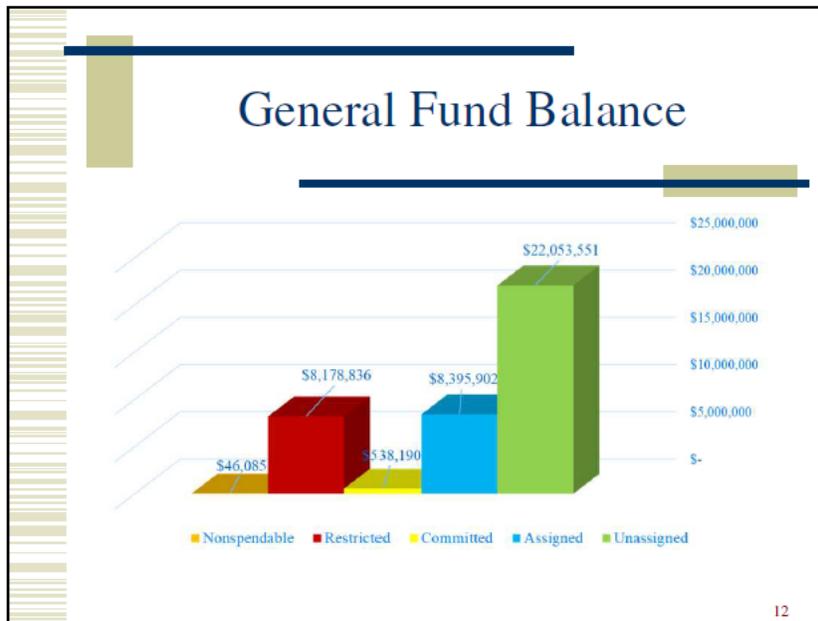

Budget to Actual – Major Departments

Department	Budget	Actual	Variance Positive (Negative)
Communications	\$1,910,381	\$1,723,916	\$186,465
Jail	\$4,302,290	\$3,908,089	\$394,901
Rescue and Ambulance Services	\$6,957,343	\$6,802,556	\$154,787
Sheriff	\$9,179,263	\$8,568,379	\$610,884
Health Admin	\$1,099,364	\$1,022,444	\$76,920
Social Services Administration	\$7,045,643	\$6,878,190	\$167,453
Social Services Programs	\$2,587,358	\$2,323,571	\$263,787

10

11

General Fund - Unassigned Fund Balance

	2018	2019
Unassigned Fund Balance Available for Appropriation	\$ 21,898,821	\$ 22,053,551
Expenditures (includes transfers)	77,078,520	82,491,136
Unassigned FBA as a % of Expenditures	28.41%	26.73%

14

General Fund - Fund Balance Available for Appropriation Statistics

	2018	2019
Fund Balance Available for Appropriation	\$ 29,004,741	\$ 31,760,509
Expenditures (includes transfers)	76,983,104	80,591,136
FBA as a % of Expenditures	37.68%	39.41%
Statewide Avg (per LGC statistics)	33.44%	37.72%

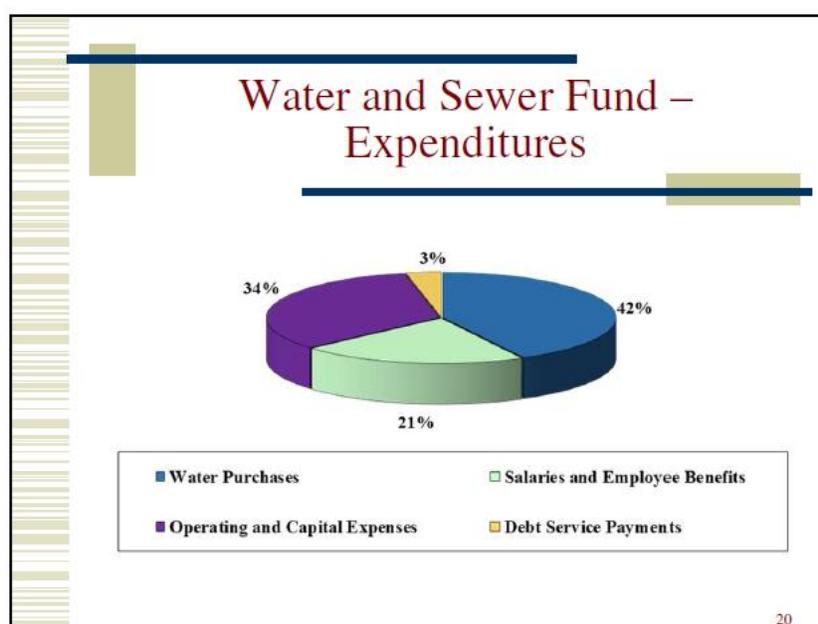

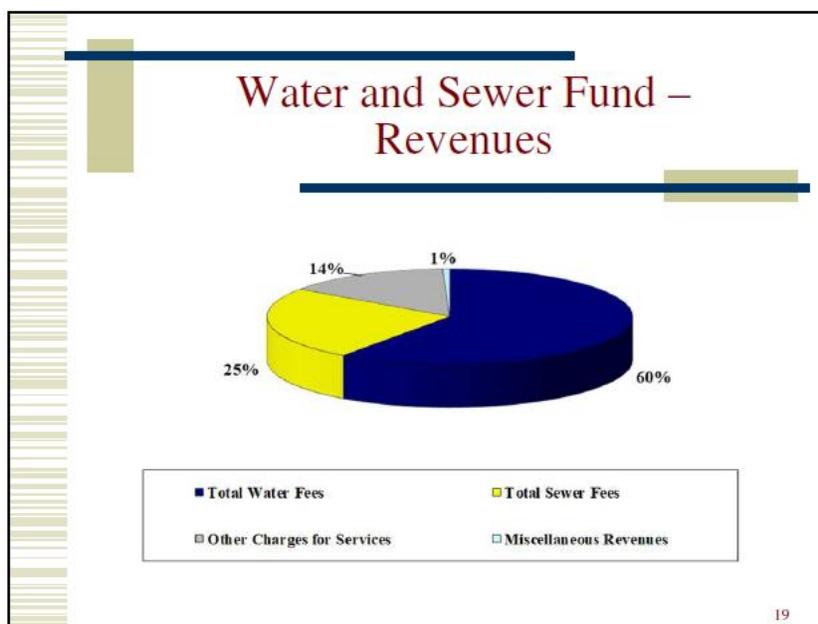

15

Water and Sewer Fund - Profit/loss

	FY 2018	FY 2019
Total Revenues	\$11,219,542	\$11,714,662
Total Expenditures	\$9,188,074	\$8,868,374
Revenue over Expenditures	\$2,031,468	\$2,846,288
Depreciation	(\$1,434,669)	(\$1,466,387)
Profit/(Loss)	\$596,799	\$1,379,901

18

Solid Waste Fund

	FY 2018	FY 2019
Solid Waste Revenue	\$2,117,165	\$2,277,196
Landfill Fees	\$1,257,600	\$1,390,012
Fees, Charges & Miscellaneous	\$248,578	\$218,873
Total Revenues	\$3,623,343	\$3,886,081
Total Expenditures	\$4,185,596	\$3,912,172
Transfer (FY 18) / Loan (FY 19) from General Fund	\$300,000	\$250,000
Revenues (under)/over Expenditures	(\$262,253)	\$223,909
Depreciation	(\$179,320)	(\$159,698)
Profit/(Loss)	(\$441,573)	\$64,211

21

Total Debt Service

	FY 2018	FY 2019
General Fund Total Bonded Debt	\$53,189,580	\$48,310,619
General Fund Lease Financing Agreements	\$13,627,246	\$12,464,179
Water and Sewer	\$7,533,182	\$6,377,511
Total Debt	\$74,350,008	\$67,152,309

22

Total Internal Borrowed Funds

Borrower	Lender	6/30/19 Amount Owed	Repayment Terms
Water and Sewer Fund	General Fund	\$1,473,836	\$736,918 per year FY 2020 and FY 2021
Solid Waste Fund	General Fund	\$250,000	No Terms Defined Yet

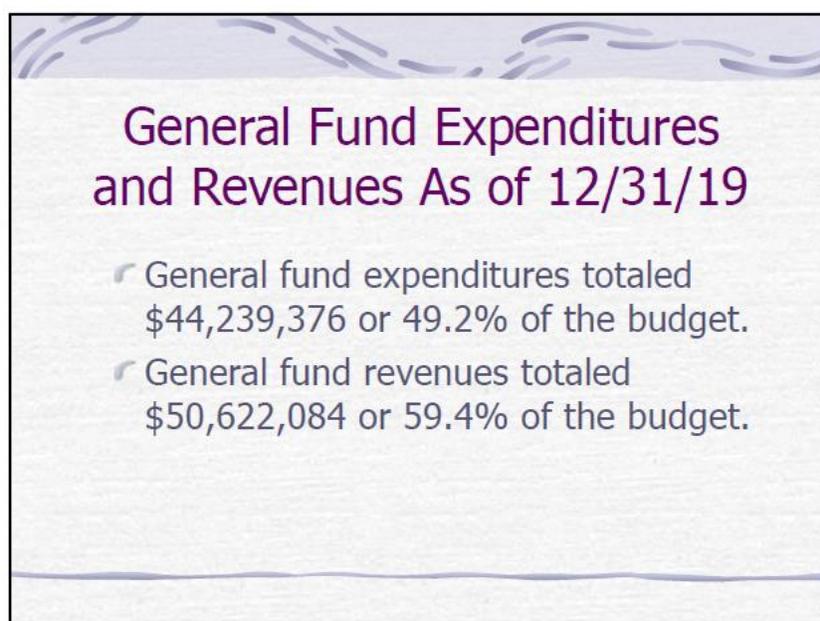

23

No action was requested or taken.

5. YEAR TO DATE BUDGET REPORT

Finance Director Jamie Holtzman offered a brief status report of Fiscal Year 2019/2020 as of December 31, 2019.

Expenditures

- Most departments are currently at 50% or less of their expenditure budgets for the end of December. If this trend continues we should be at or under our expenditure budget at year end.

Revenues

- Investment Earnings are on target with a total of \$252,049 through the end of December.
- The December interest rate for First Citizens was .05% and NCCMT was 1.49%

Revenues

- Current Tax Collections at the end of December total \$37,709,993, representing 80.7% of the total \$46,731,066 that is budgeted.
- Delinquent Taxes collected total \$424,889 representing 74.0% of the total \$574,000 that is budgeted.

Sales Tax

- Budgeted amount for FY 19-20 is \$10,406,063 or an average of \$867,172 per month. The average for the first five distributions is \$927,242.
- After five distributions we are \$300,350 above where we projected. **If** we maintain this average we should finish the year above our revenue budget.

General Fund

- We will continue to watch revenues and expenditures closely and update you at a future date.

Triangle North Executive Airport

Total Expenditures	\$415,471
Total Revenues	\$444,882
Surplus/(Deficit) through 12/31	\$ 29,411

Water and Sewer Fund

Total Expenses	\$4,597,150
Total Revenues	<u>\$6,624,827</u>
Surplus (Deficit) through 12/31	\$2,027,677

*The Water and Sewer Fund has \$1,090,925 budgeted for debt payments that have not come due yet.

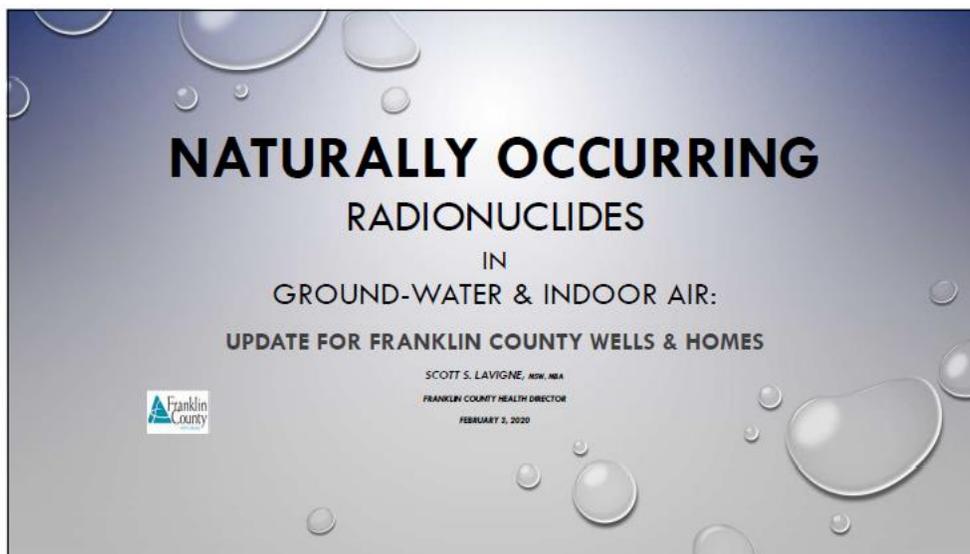

Solid Waste Fund

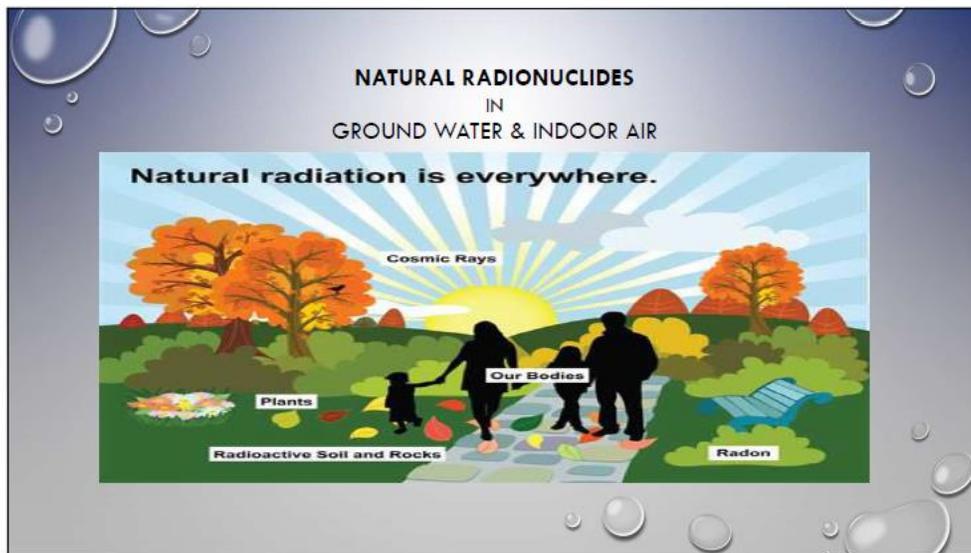

Total Expenses	\$1,940,309
Total Revenues	<u>\$2,604,743</u>
Surplus (Deficit) through 12/31	\$664,434

No action was requested or taken.

6. UPDATE: RADIONUCLIDES IN GROUNDWATER

Scott LaVigne, Health Director, provided an update on the Health Department’s efforts to address radionuclides in ground (well) water in Franklin County, including a discussion of aggregate test results and an updated map of affected wells that have thus far tested above recommended levels in the county.

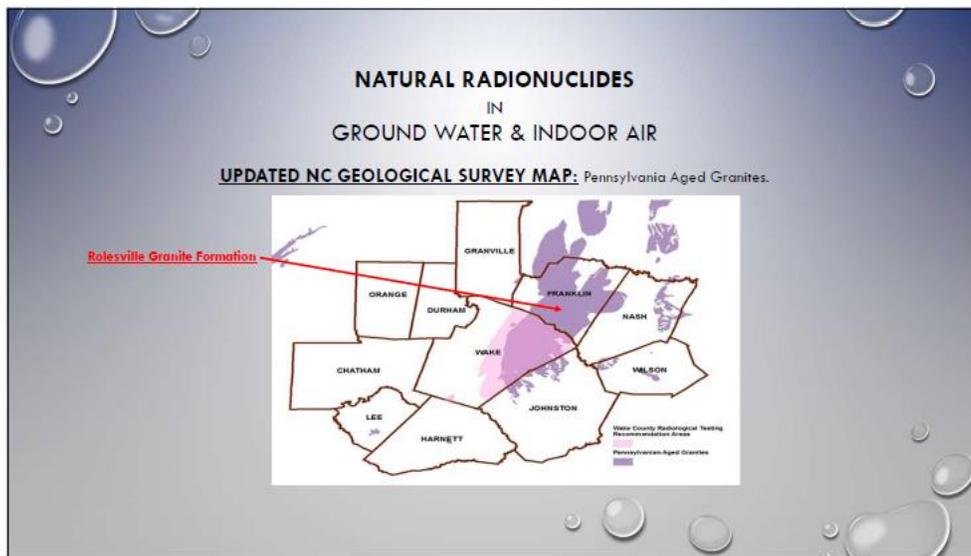

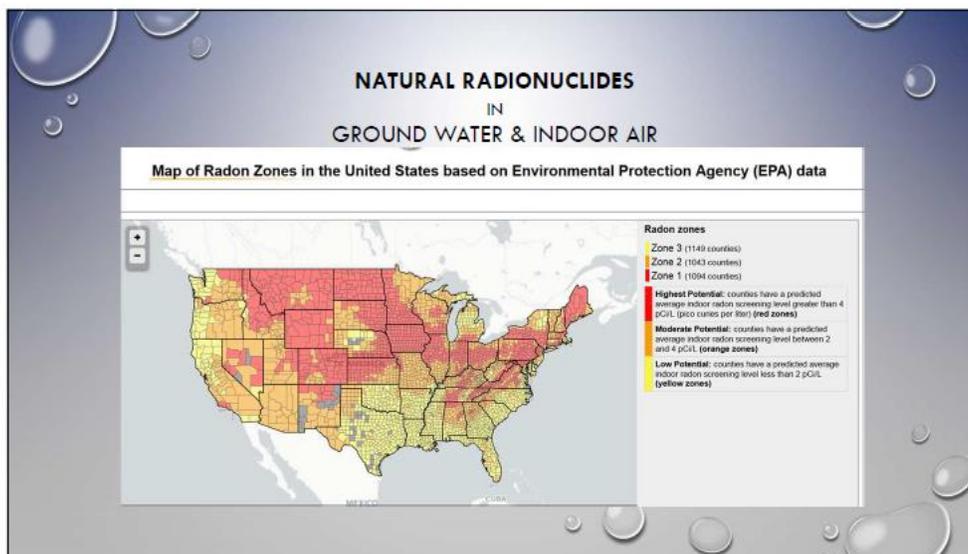

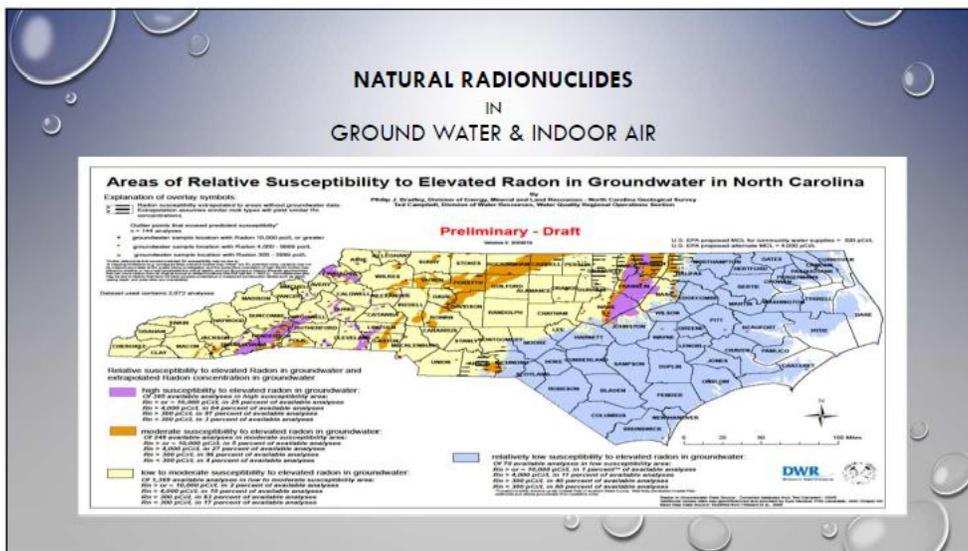

**NATURAL RADIONUCLIDES
IN
GROUND WATER & INDOOR AIR**

Why are we hearing about Radionuclides in Ground (well) Water now?

- **Wake County 2016-2017** – Identified a granite formation. Areas with granite formations are associated with Radionuclides in wells within those formations. Wake tested close to 400 wells in eastern Wake county: Found elevated levels above federal guidelines.
- **NC Geological Survey Updated** – Original Map showed granite formation mostly in north eastern Wake County and southern portion of Franklin County. Revised map showed formation is larger.

NATURAL RADIONUCLIDES IN GROUND WATER & INDOOR AIR

So What does this mean?

Wells in Aged Granite Formations likely have increased levels Of the naturally occurring Radionuclides:

1. **Radium** (Element) – Presence detected by gross alpha radiation.
2. **Uranium** (Element) – Presence detected by gross alpha radiation.
3. **Radon Gas** – Presence detected through direct water and air testing.

NATURAL RADIONUCLIDES
IN
GROUND WATER & INDOOR AIR

What if we get our water from the town/county?

Municipal Water = Surface Water: In Franklin County, if you get your water from a town or the county, that water is SURFACE Water.

Surface Water ≠ Radionuclides: Surface water will NOT have concerning levels of Radionuclides.

NATURAL RADIONUCLIDES
IN
GROUND WATER & INDOOR AIR

How can naturally occurring Radionuclides in well-water affect our health?

1. **Long-Term (life-time) Exposure** to elemental Radionuclides and/or radon gas;
2. **Above Recommended Levels** can lead to....
3. **Increased risk of Cancers and Kidney-Toxicity**

NATURAL RADIONUCLIDES
IN
GROUND WATER & INDOOR AIR

How can well water expose us to elemental Radionuclides & Radon Gas?

Groundwater and Water Table

The diagram illustrates the subsurface environment. At the top is the 'Surface'. Below it is a layer of 'Porous rock/soil not saturated with groundwater'. A dashed line represents the 'Water Table'. Below the water table is a layer of 'Porous rock saturated with groundwater', which contains two yellow radiation symbols. At the bottom is a layer of 'Impermeable rock', labeled 'Rolesville Granite' with a red arrow pointing to it. A 'Well' is shown on the left, extending from the surface down into the saturated porous rock layer. Two purple arrows point upwards from the saturated porous rock layer towards the water table, indicating the flow of groundwater. A yellow radiation symbol is also shown on the right side of the saturated porous rock layer.

**NATURAL RADIONUCLIDES
IN
GROUND WATER & INDOOR AIR**

What happens when Radionuclides get in my well-water?

Radium & Uranium

Radon Gas

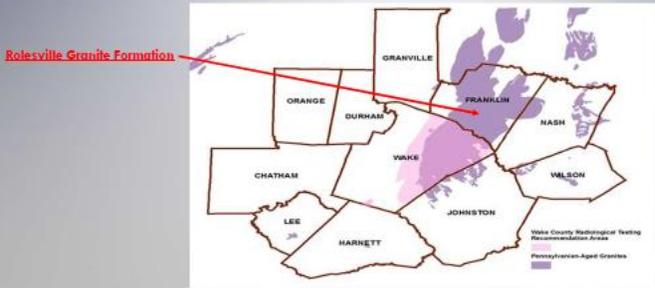

**NATURAL RADIONUCLIDES
IN
GROUND WATER & INDOOR AIR**

Should I be concerned about my Franklin County Well?

1. **Check the Map:** *Most wells* are close to the Rolesville Granite Formation.
2. **Most Wells Close to Affected Area:** Therefore, the Franklin County Health Department recommends:
 - > **Radon Gas** test for your indoor **AIR** First, then (depending on results) a...
 - > **Gross-Alpha** test for your **WATER**; (more on testing coming up)

**NATURAL RADIONUCLIDES
IN
GROUND WATER & INDOOR AIR**

UPDATED NC GEOLOGICAL SURVEY MAP: Pennsylvania Aged Granites.

Rolesville Granite Formation

Wake County Radiological Testing Recommendation Areas
Pennsylvania-Aged Granites

**NATURAL RADIONUCLIDES
IN
GROUND WATER & INDOOR AIR**

So, I live in/near the Rolesville Granite area, now what?

1. **Get Indoor-Air RADON tested!** – Indoor Air Radon test-kits are available at the FCHD and most larger hardware stores (i.e. Home Depot, Lowes etc.). Get the kit, follow the directions and then wait for your results.
2. **Get Water GROSS Alpha/Beta tested!** – Call the Health Department’s Environmental Health Unit to purchase your test or for a list of labs that can provide this test, or find that list on our website. Have your water sample tested and wait for your results.
3. **If Indoor-Air RADON elevated, Get WATER Radon-Tested** to ID source.

**NATURAL RADIONUCLIDES
IN
GROUND WATER & INDOOR AIR**

Franklin County Health Department
Radionuclide Testing Options

<u>WATER Tests:</u>	<u>AIR Test:</u>
• <u>Uranium</u> - \$100	• <u>Radon</u> - \$10.
• <u>Radon</u> - \$100	
• <u>Gross Alpha/Beta</u> - \$100	
• <u>“Rad” Package:</u> All three <u>Water tests</u> \$225	

All Prices Include Collection and Lab Reports!

**NATURAL RADIONUCLIDES
IN
GROUND WATER & INDOOR AIR**

What have the FCHD Tests shown so far?

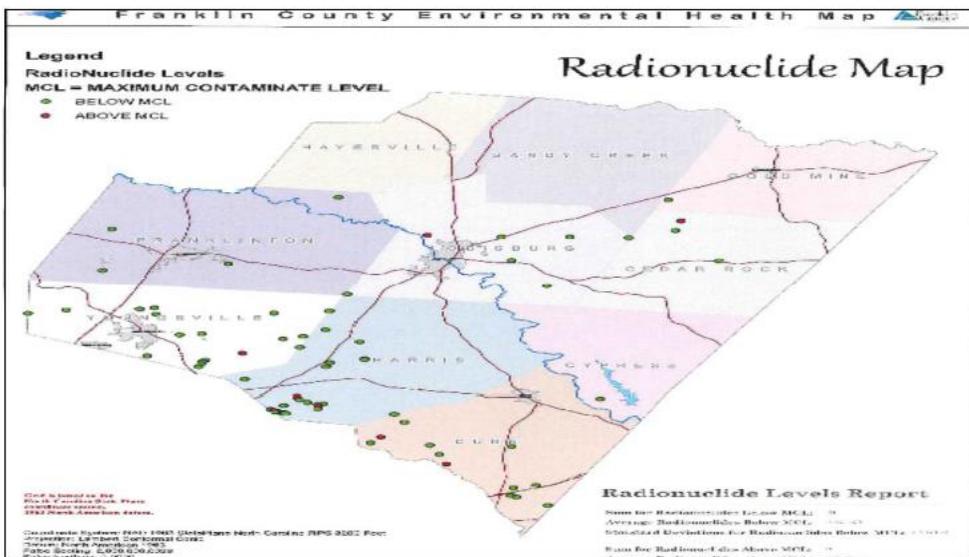

1. **Test-Results:** FCHD tested 70 wells, most using \$225 “Rad” package,” and thus far:
 - a. **Radon Gas** – 55% > 4,000 pCi/L (Moderate); **26% >10,000 pCi/L (High)**
 - b. **Gross Alpha** – 12% > 15 pCi/L (MCL) – Elemental Uranium, Radium etc.
 - c. **Gross Beta** – 1.5% > 50 pCi/L (MCL) – Elemental Thorium-234, Lead-210 etc.
 - d. **Uranium** – 9% > 30 ug/L (MCL)
2. **Radon Gas most Prevalent Radionuclide** in Franklin County wells thus far.
3. **Results are Consistent with Wake County’s.**

**NATURAL RADIOLOGICALS & RADON GAS
IN
GROUND WATER & INDOOR AIR**

Word of Caution on Testing-Maps:

Can't use maps alone to make decisions on your testing just yet, because...

1. **Sample Size:** *Relatively small (70);*
2. **Test-Cost:** *Could mean over-reporting in some areas, under-reporting in other areas.*
3. **Location:** *Negative Test Next Door NO guarantee Your house is safe.*

**NATURAL RADIONUCLIDES
IN
GROUND WATER & INDOOR AIR**

Elemental

Uranium & Radium

In

Well Water

NATURAL RADIOLOGICALS & RADON GAS
IN
GROUND WATER & INDOOR AIR

I got my "Gross-Alpha Water Test Results" now what?

- **Gross Alpha < 5 pd/L** - Retest in 1-2 years.
- **Gross Alpha > 5 pd/L** - Indicates presence of Uranium and/or Radium.
Point-of-Use or Whole-House Water-Mitigation (depends on water use-pattern).

NATURAL RADIONUCLIDES
IN
GROUND WATER & INDOOR AIR

What are Radionuclide mitigation options & costs?

Radium & Uranium Exposure is from Ingestion

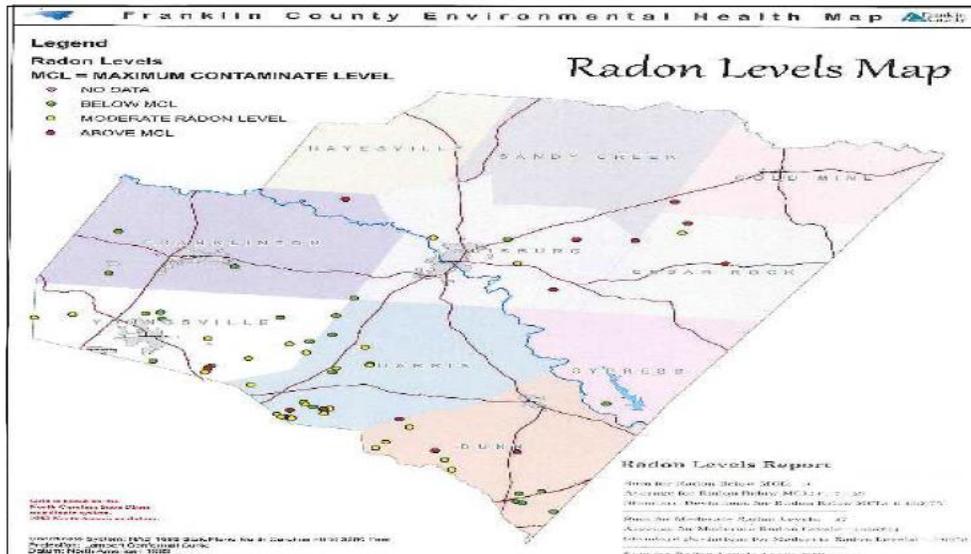

1. **Point of Use (POU) Reverse Osmosis filters** wherever water is ingested.
Usually at Kitchen Sink. Whole house is an option but more costly.
2. Reverse Osmosis Filters **remove Radium and Uranium** & eliminates need for costly element-specific test.
4. **Reverse Osmosis Filter Systems' cost:** POU= \$130-\$300/point
Whole House= \$12,000. - \$18,000.

NATURAL RADIOLOGICALS & RADON GAS
IN
GROUND WATER & INDOOR AIR

Word of Caution on Testing-Maps:

Can't use maps alone to make decisions on your testing just yet, because...

1. **Sample Size:** *Relatively small (70);*
2. **Test-Cost:** *Could mean over-reporting in some areas, under-reporting in other areas.*
3. **Location:** *Negative Test Next Door NO guarantee Your house is safe.*

NATURAL RADIONUCLIDES
IN
GROUND WATER & INDOOR AIR

Radon Gas

in

Well Water and/or Indoor Air

NATURAL RADIONUCLIDES
IN
GROUND WATER & INDOOR AIR

I got my "**Water and/or Indoor Air Radon Test Results**" back, now what?

WATER Radon Testing

- Water Radon < 4,000 pCi/L** - No **Water** Treatment needed. Retest 1-2 years.
- Water Radon > 4,000 pCi/L BUT Air Radon < 2 pCi/L** - use exhaust fans when bathing, washing dishes or laundry.
- Water Radon > 4,000 AND Air Radon > 2 pCi/L** - Also check for possible **Air** Radon source **besides** water. If no other source or house already **Air**-radon-mitigated, most likely need Whole-house **Water**-Radon-Mitigation.

**NATURAL RADIONUCLIDES
IN
GROUND WATER & INDOOR AIR**

*So, if the Radon Gas is in my **WATER**, why test the **AIR**?*

- **Radon Gas AIR-test** because if it's in your water, it'll be in your house's indoor air too.
- **Radon Gas WATER-test** is available but is more expensive.
- **Water-Test only** could miss Radon from crawl-space/basement.
- **Air-test only** may lead to only mitigating crawl-space/basement, missing areas where water releases Radon gas.

**NATURAL RADIONUCLIDES
IN
GROUND WATER & INDOOR AIR**

*I got my "Indoor **Air** Radon Test Results" back, now what?*

AIR Radon Testing

1. **Air Radon < 2 pCi/L** – No **Air** treatment needed. Retest 1-2 years.
2. **Air Radon > 2 pCi/L** – Need to Identify source (from water or ground into house).
3. **Air Radon > 2 pCi/L BUT Water Radon < 4,000 pCi/L** – Mitigate house for **Air** Radon.

**NATURAL RADIONUCLIDES
IN
GROUND WATER & INDOOR AIR**

**RADON CONTROL FOR EXISTING HOUSES:
SUB-SLAB DEPRESSURIZATION**

The diagram shows a cross-section of a house with a basement. A fan is connected to a pipe that goes into the crawlspace under the slab. Arrows indicate radon gas being drawn into the pipe and out through the roof. Labels include 'Radon from Water' pointing to the basement, 'Radon from Ground' pointing to the soil under the slab, 'SEAL CRACKS AND OPENINGS TO SOIL' pointing to the perimeter of the crawlspace, and 'DEPRESSURIZED ZONE' pointing to the area under the slab where the fan is located.

*Older Homes: Less "tight",
Allows Radon Gas to more easily escape.
May also allow it to more easily enter.*

**NATURAL RADIONUCLIDES
IN
GROUND WATER & INDOOR AIR**

What are the potential Radon Gas mitigation options & costs?

Radon-Gas exposure from Well Water:

1. **Indoor-Air Radon ≤ 2 pCi/L** – use exhaust fans when bathing, washing clothes, dishes etc.
2. **Indoor-Air Radon > 2 pCi/L** – two choices:
 - A. **Mitigate Whole House Air:** \$800 – \$1,500.
 - B. **Mitigate Water: Aeration Treatment:** \$3,000 - \$6,000.
Activated Charcoal/GAC: \$1,000-\$2,000 (+) disposal fees.
3. **BEFORE Water-Radon-mitigation Determine Source:** as Radon Gas can enter a house from basements, and/or crawl-spaces in addition to entering via well-water.

**NATURAL RADIONUCLIDES
IN
GROUND WATER & INDOOR AIR**

Given the mitigation-costs, what kind of risk is there?

If You're a Smoker...

7-times GREATER Lung Cancer Risk

than other smokers!

**NATURAL RADIONUCLIDES
IN
GROUND WATER & INDOOR AIR**

So, what kind of risk are we talking about?

If You NEVER Smoked...

Radon is Leading Cause of Lung Cancer

Among Non-Smokers!

NATURAL RADIONUCLIDES IN GROUND WATER & INDOOR AIR

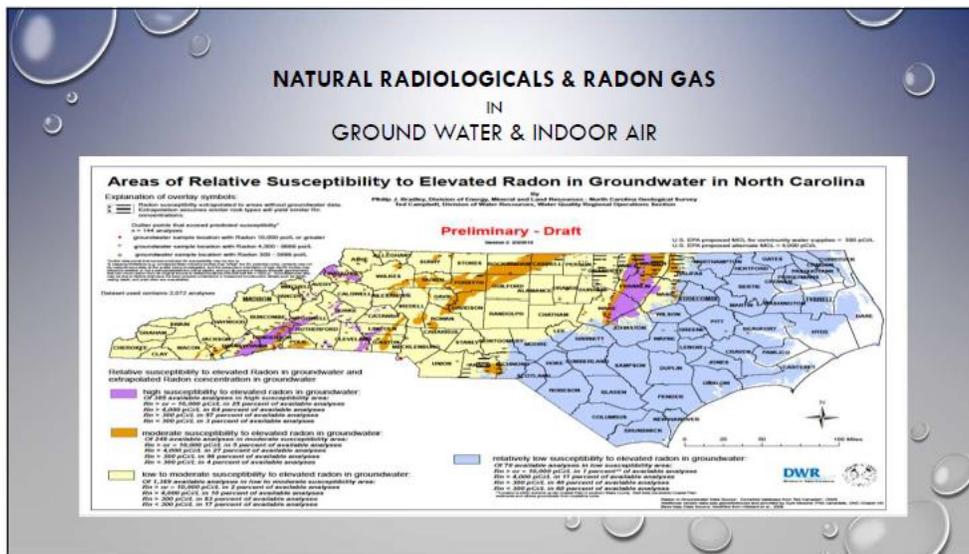

So, what do we do next?

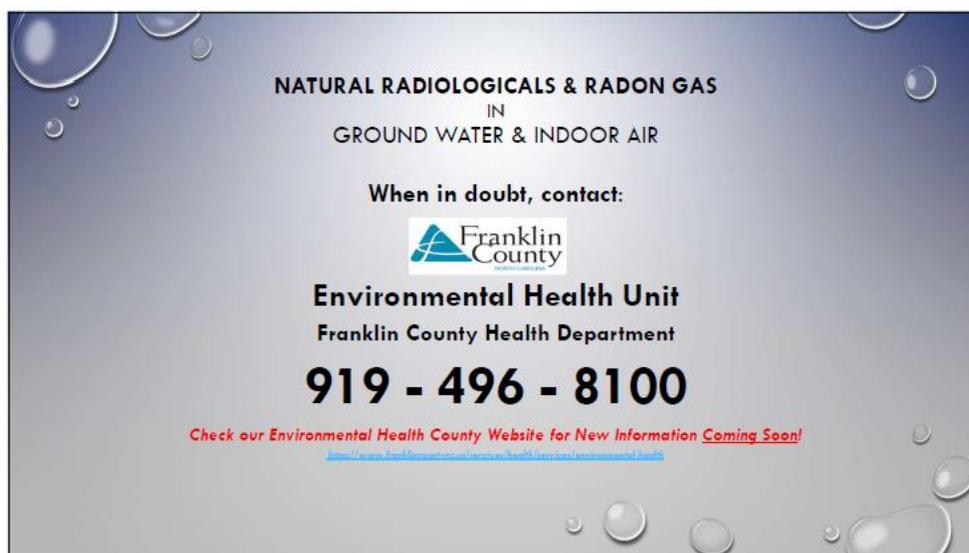

1. **Confirm** you have well water.
2. If yes, is it a **single or shared well?**
3. **Check the map** (since nearly all Franklin County wells can be affected).
4. Get your **indoor air "Radon"** tested. (Least expensive way to get started).
5. If **Indoor air Radon is High**, get **water "Radon"** Tested.
6. Get your **water "Gross-Alpha"** tested.
7. Review your results & understand your **mitigation options** (if any).
8. When in **doubt**, consult the **FCHD** or a **water and/or radon gas professional**.

NATURAL RADIOLOGICALS & RADON GAS IN GROUND WATER & INDOOR AIR

No action was requested.

7. HEALTH DEPARTMENT ACCREDITATION RESULTS

Scott LaVigne, Health Director, provided the results of the department's recent reaccreditation. He stated all Health Departments in North Carolina must be re-accredited by the North Carolina Local Health Directors' Accreditation Board every four years. After several years of hard work, he said Franklin County completed its re-accreditation site review on January 9, 2020 and was officially notified on January 15, 2020 that it was re-accredited "With Honors." Mr. LaVigne stated only a handful of Health Department's in North Carolina received that distinction. He acknowledged a number of department employees for their team effort in the process.

No action was requested or taken.

8. UPDATE: SHERIFF'S OFFICE

Sheriff Kent Winstead provided an update on activities within the Sheriff's Office to include the Detention Center and Animal Services and other initiatives. His presentation follows.

Sheriff's Office

Calls for Service	28,326
Phone calls for service into reception desk	10,112
Office Walk In's for service at reception desk	8,846
IVC Transports <i>(In-voluntary Commitment)</i>	861
Civil Papers Served	3,615 x \$30 service fee
Subpoenas Served	1,428
Civil Revenue Collected <i>(approximately)</i>	\$108,450
Felony Arrest	666
Misdemeanor Warrants Served	852
Fingerprints taken	2,991

Drug

Cocaine <i>(estimated street value)</i>	\$51,844
Heroin <i>(estimated street value)</i>	\$834,945
Marijuana <i>(estimated street value)</i>	\$60,202
Methamphetamine <i>(estimated street value)</i>	\$188,920
<i>Detectives with Franklin County Sheriff's Office Drug Unit assisted in seizure of 80 Kilos of Cocaine in conjunction with DEA in Halifax County.</i>	
Search Warrants Executed	30
Court Orders Issued	26
Drug Complaints worked	114
Controlled Purchases	178
Training Hours	987

Detention Center

Inmates Booked In	2,494
Inmate Visitations	3,817
Daily Inmate Population <i>(average)</i>	181
Daily Federal Inmates Housed <i>(average)</i>	52
Transports / District & Superior Courts	2,281
Mileage for Federal Inmates	17,995
Mileage for Writs	14,283
Total Mileage	37,168
Inmates seen by Dr. Coy in	262
Clinic sessions	61
Funds generated for housing Federal Inmates	\$1,212,435
Funds generated by Securus	\$215,472
Funds generated by Kimbles	\$187,086

Officer Crews spent time at the Durham County Detention Center to get information and data for the Mental Health & Substance Abuse. With that information grant was applied for a social worker "Stepping Up Initiative".

Court Security

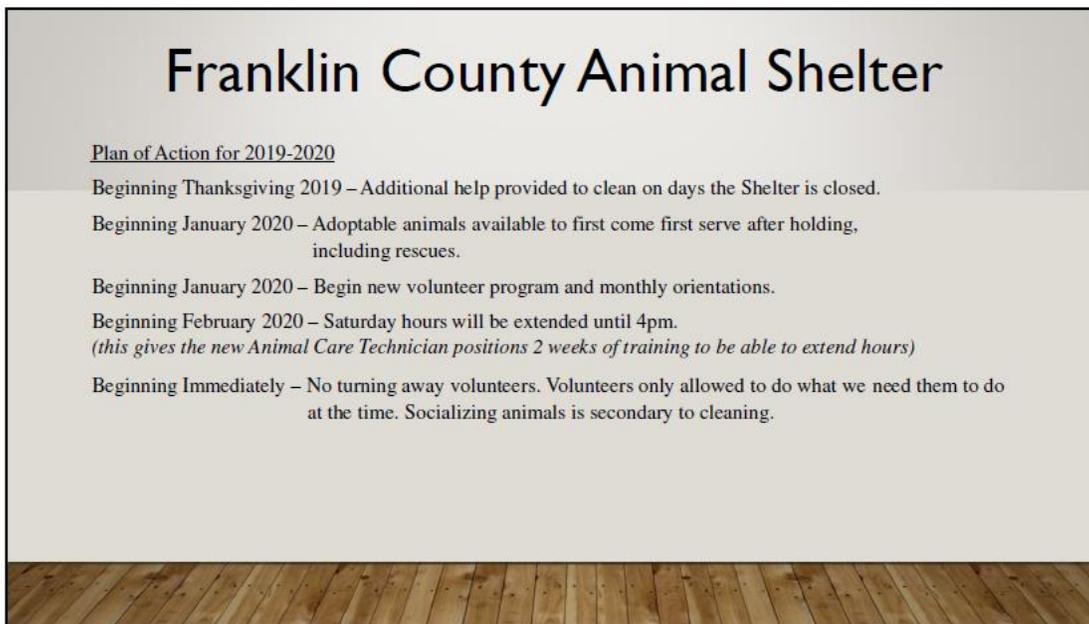

District Courthouse / visitations thru Court Security	63,519
Superior Courthouse / visitations thru Court Security	46,089

Contributions to Safe Space \$5,346.94

Shop with a Sheriff served 68 children with each spending approximately \$125.00

HAPPY BIRTHDAY

Have a fabulous day!

911 Tip of the Day

TRY TO REMAIN CALM. TAKE A DEEP BREATH WHEN YOU'RE ASKED, "WHAT IS YOUR EMERGENCY?" THIS WILL HELP BOTH YOU AND THE DISPATCHER TO INTERACT EFFICIENTLY.

Disasters Happen

PREPARE NOW **LEARN HOW**

Franklin County Emergency Communications
 Published by Heather Vaughan Joyner [7] · September 13, 2019

Disasters are at their worst when they catch us by surprise. The good news is we can all develop a plan to prepare for future emergencies. That's why, as part of National Preparedness Month, we're providing a step-by-step guide on how to create a plan to make sure you and your family are equipped to handle any situation thrown your way.

Step 1: Know your area
 Each region throughout the country can be affected by different types of disasters. Know what types of disasters can affect your area and prepare accordingly.

Step 2: Consider your household's needs
 In addition to the region you live in, knowing your household's specific needs is important when creating a plan. Consider your family, pets, living conditions, medications, valuables, etc. when developing your plan.

Step 3: Communicate
 Make sure everyone knows what to do when a disaster strikes. Your family should know

The following Holiday Safety Tips were compiled to contribute to the safety and security of people during the holiday season. Unfortunately, while the holiday season is an exciting time of year, it is also a time when people can become more vulnerable to theft and crime. Please share this information with family, friends, and neighbors. We at the Franklin County Emergency Communication Center wish you a safe and happy holiday season!

BE PREPARED WHEN CALLING 9-1-1

Franklin County Emergency Communications
 Published by Heather Vaughan Joyner [7] · October 22, 2019

Most of us probably assume we know how to make a 911 call. In a high stress situation, calling 911 should be the least stressful part of dealing with an emergency. But the act of effectively reporting a crisis is not as simple as just dialing 9-1-1.

So what should you do (and say) if you ever need to call 911? Consider these nine tips:

Try to remain calm.
 Take a deep breath when you're asked "What is your emergency?" This will help both you and the dispatcher to interact efficiently.

Call phone or land-line?
 Yes, we are in the age of the smartphone, but 911 calls from cell phones may not tell the 911 dispatcher where you are. With landlines, however, the address associated with that number will show up on a dispatcher's screen. (While 911 texting services have made headlines, they're not yet available everywhere.)

Know your location.
 If you do call 911 from a cell phone, this is crucial and important. The more accurate and detailed your location report is, the quicker dispatchers can get emergency crews to answer your call. Describing major cross streets and landmarks can help.

Be aware of your surroundings.
 This is not only helpful in determining your location, but it's crucial in helping you to describe other victims, the suspects, or other details about the scene.

10. APPOINTMENTS

Board members were asked to consider appointments to the following boards/commissions.

A. Economic Development Commission

Commissioner Bunn nominated Jeremy Neal to serve as his representative on the Economic Development Commission. The nomination was seconded by Commissioner Schriver and duly carried approval with all present voting "AYE."

B. Library Board

Commissioner Foy was asked to appoint a representative. No appointment was made.

II. OTHER BUSINESS

Commissioner Speed read aloud a resolution entitled "A Resolution to Preserve and Defend the Constitution of the United States and North Carolina." He asked the Board to consider its approval.

Commissioner Speed made the motion to approve the resolution as presented, seconded by Commissioner Schriver. The motion duly carried approval with all present voting "AYE."

A RESOLUTION TO PRESERVE AND DEFEND THE CONSTITUTION OF THE UNITED STATES AND NORTH CAROLINA

WHEREAS, the Constitution of the United States is the Supreme law of our nation; and

WHEREAS, the Second Amendment to the United States Constitution states, "a well-regulated militia, necessary to the security of a free state, the right of the people to keep and bear arms, not be infringed;" and

WHEREAS, Article 1 Section 30 of the North Carolina Constitution states, "a well-regulated militia being necessary to the security of a free state, the right of the people to keep and bear arms shall not be infringed;" and

WHEREAS, it is further recognized that the Second Amendment to the Constitution guarantees that individuals have the right to keep and bear arms in a manner that shall not be infringed; and

WHEREAS, the Supreme Court of the United States has, through multiple rulings upheld an individual's right to keep and bear arms when federal, state, and local laws have sought to restrict that right; and

WHEREAS, the right to bear arms is a fundamental right to self-defense, the defense of others including family members, the protection of individual liberty, and for the preservation of our United States and the Constitution; and

WHEREAS, it is acknowledged that the right of individuals to keep and bear arms is under attack in the United States of America by elected officials from multiple levels of Government; and

WHEREAS, the illegal misuse of firearms is not a reason to infringe upon the Constitutional rights of the law-abiding citizens of Franklin County; and

WHEREAS, the members of the Franklin County Board of Commissioners have taken an oath to defend and uphold the Constitution of North Carolina; and

WHEREAS, the Franklin County Board of Commissioners wishes to express its deep and abiding commitment to protecting all Constitutional rights of Franklin County Citizens and stands opposed to any law, regulation, or other act that would infringe on the citizens' second amendment rights;

NOW THEREFORE BE IT RESOLVED, the Franklin County Board of Commissioners declares that it stands as a County that will respect, protect, and defend the Second Amendment rights of Franklin County citizens and will oppose within the limits of the Constitutions of the United States and the state of North Carolina, any efforts to unconstitutionally restrict such rights and to use such constitutional means at its disposal to protect the rights of its citizens to keep and bear arms.

FURTHERMORE, the Franklin County Board of Commissioners implores the United States Congress and North Carolina Legislature to preserve, uphold and protect the rights of all law-abiding citizens to keep and bear arms under the United States Constitution and reject any provision, law, or regulation that may infringe, have the tendency to infringe or place any additional burdens on those rights.

Commissioner Dickerson then read aloud a resolution entitled "Medicaid Expansion Resolution." She asked the Board to consider its approval.

Commissioner Dickerson made the motion to approve the resolution as presented, seconded by Commissioner Speed. The motion duly carried approval with all present voting "AYE."

MEDICAID EXPANSION RESOLUTION

WHEREAS, the General Assembly's 2013 decision to REJECT Medicaid Expansion has jeopardized rural hospitals and denied coverage to between 365,000 and 500,000 North Carolinians, leading to thousands of preventable deaths; and

WHEREAS, thirty-seven states including the southern states of Arkansas, Virginia and Louisiana, have expanded Medicaid; and

WHEREAS, rural communities generally suffer higher uninsured rates and have less dense populations, many small, rural North Carolina counties would see a greater share of their population gain eligibility for affordable health insurance coverage if lawmakers close the coverage gap; and

WHEREAS, studies have shown that Medicaid expansion helps keep rural hospitals afloat, and in North Carolina at least six rural hospitals have closed their doors since 2010; and

WHEREAS, a 2019 study funded by the Cone Health Foundation reveals that more than 37,000 jobs would be added to the NC economy and that business activity would increase in NC by \$11.7 billion dollars in just 3 years between 2020-2022 if the General Assembly expanded Medicaid; and

WHEREAS, according to the 2019 annual U.S. Census Bureau Report, North Carolina's 10.7 percent uninsured rate is the 9th highest in the nation;

NOW THEREFORE BE IT RESOLVED, that the Franklin County Board of Commissioners request that Representative Lisa Barnes and Senator John Alexander vote for a 2020 budget bill that includes Medicaid expansion.

12. BOARD, MANAGER AND CLERK'S COMMENTS

This was the time set aside for the Board of County Commissioners, the County Manager, and the Clerk to the Board to report on various activities. The Board may also discuss other items of interest.

County Clerk Kristen G. King: No comments were offered.

Commissioner Foy: Commissioner Foy stated he attended a recent Emergency Medical Services Advisory Committee (EMSAC) meeting. He said the meeting was both informative and well attended. The group will meet again in March 2020.

Commissioner Bunn: No comments were offered.

Commissioner Dickerson: No comments were offered.

Commissioner Schriver: No comments were offered.

Commissioner Jones: No comments were offered.

Commissioner Speed: No comments were offered.

Commissioner Dunston: No comments were offered.

County Manager Angela L. Harris: Mrs. Harris commented on the following:

- Mrs. Harris reported savings on the January 28, 2020 bond sale would be almost \$1.3 million over the next ten years.
- Mrs. Harris stated the budget kickoff was held January 28, 2020 with department heads with a directive of no tax increase. She asked the Board to provide feedback on the upcoming budget and to begin to consider scheduling work sessions.
- Mrs. Harris acknowledged Finance Director Jamie Holtzman for her recent completion of the LGFCU (Local Government Federal Credit Union) Fellows *Leading for Results* Course.
- Mrs. Harris recently attended a meeting of the Emergency Medical Services Advisory Committee (EMSAC). She said it was a productive meeting and that the group would soon begin meeting on a quarterly schedule. For now, its next meeting is scheduled for March, 2020.
- Lastly, Mrs. Harris shared a video of the FLIR camera system operated by the North Carolina Wing of the Civil Air Patrol. The video can be located at <https://abc11.com/technology/new-camera-for-civil-air-patrol-a-valuable-tool-to-help-save-lives/5891805/>.

13. CLOSED SESSION

The Board was asked to enter into closed session pursuant to North Carolina General Statute 143-318.11 (a)(3) to consult with an attorney employed or retained by the public body in order to preserve the attorney-client privilege between the attorney and the public body, which privilege is hereby acknowledged.

At approximately 9:33 P.M., Commissioner Schriver made a motion to enter into closed session, seconded by Commissioner Speed. The motion carried 6 to 1, with Commissioner Foy voting in opposition.

At approximately 10:42 P.M., Commissioner Bunn made a motion to enter back into open session, seconded by Commissioner Schriver. The motion duly carried approval with all present voting "AYE."

No action was taken as a result of closed session.

At approximately 10:43 P.M., Commissioner Speed made a motion to adjourn, seconded by Commissioner Jones. The motion duly carried approval with all present voting "AYE."

Sidney E. Dunston, Chair

Kristen G. King, Clerk to the Board
