Position Summary: The primary responsibility of this position is to function as a visiting nurse in our home health program. This position provides in-home care to home-bound patients by following doctor's orders. Strong work-life balance, including: 40-hour workweek; Monday-Friday scheduling; Generous paid holiday, vacation & sick-time; use of county vehicle when providing home-health agency services; employee wellness program & free use of well-equipped county-owned exercise facility (for those with county health insurance). Consistently strong customer satisfaction (above state/national levels) make this an ideal agency from which to deliver quality home-based care.

Education or Experience Requirement: Graduation from a four-year college or university with a B.S. in Nursing which includes a Public Health Nursing rotation and one year of Public Health Nursing experience; or Master's in Public Health and graduation from a school of professional nursing and one year of professional nursing experience; or graduation from a school of professional nursing and two years of professional nursing experience including one year of Public Health Nursing experience; or an equivalent combination of training and experience.

Special Requirement: Must have a current license to practice as a Registered Nurse in North Carolina by the NC Board of Nursing and a valid NCDL.

Benefits: Two insurance options (1 employer paid 100%; one employee contributes); insurance begins the first day of the month after 30 days of employment; employer paid 4% 401K; life insurance; 12 paid holidays; paid vacation and sick leave.

Required Immunizations: The following are immunizations that we require for all employees prior to the first date of employment:

- Two step TST (skin test) If you have had a negative TST within the last 12 months, you must have another one completed prior to employment
- Proof of MMR (measles, mumps and rubella) immunity: You must have documentation of two doses of measles, mumps and rubella given at least 28 days apart or laboratory evidence of immunity or laboratory confirmation of disease
- Hepatitis B series: Either evidence of 3 doses; signed declination form or lab evidence of immunity
- Evidence of Tdap vaccine
- Evidence of varicella immunity: You must have documentation of two doses of varicella given at least 28 days apart or a history of varicella or herpes zoster based on physician diagnosis or laboratory evidence of immunity or laboratory confirmation of disease
- Proof of COVID-19 vaccine
