

## **(CON-D) Conservation District Zoning**

The CON-D Conservation District is established as a district in which only partial development of land subject to flooding may occur. The regulations of this district are intended to protect the floodplain sections of the community from an influx on uses likely to destroy its potential for the unobstructed flow of flood waters and natural open space.

Agricultural Production (crops)	X
Agricultural Production (livestock) except intensive livestock operations (ILO)	X
