STAFF ANALYSIS

PROJECT OVERVIEW

Subdivision Request: A *preliminary* plan has been submitted for Cedar Pointe Subdivision. This property is located off of Cedar Creek Road (State Road 1116) in Youngsville Township in the R-8 Residential Zoning District. The preliminary plan is for the subdivision of approximately 20.145 acres into 62 lots. The average lot size is .263 acres. The subdivision is designed to be served by public water and sewer. The connectivity link/node ratio is being met, however, Planning staff encourages a connection to the large 96 acre parcel located directly to the south of the proposed subdivision. The UDO (Section 29-5: Streets, (E) Access to Adjacent Property. states “Where, in the opinion of the Administrator, or Planning Board, it is necessary to provide for street access to an adjoining property, proposed streets shall be extended by dedication to the boundary of such property”.

PLANNING & ZONING

Land Use Plan: The Land Use Plan has this property designated as Low-Medium Residential.

Setback and Lot Size:

Zoning District	Min. Square Footage	Min. Road Frontage	Min. Front Setback	Min. Side Setback	Min. Rear Setback
<i>Existing Zoning</i> R-8 Residential	10,000	75	25	10	25

Water/Sewer Service: The development is designed to be served by a public water and sewer.

Transportation: The proposed subdivision is located off of Cedar Creek Road (State Road 1116) near the intersection with Hicks Road (State Road 1125). A left hand turn lane will be provided. The 2012 average daily traffic count for Cedar Creek Road is 5,600 vehicles per day.

Environmental Issues: The Cedar Pointe preliminary plan does not reflect any riparian buffers. There are several streams on the southern portion of the property according to the County's soil survey. The developer will need to verify that these streams are not subject to buffer requirements.

The Tar-Pamlico stormwater management review for the preliminary plan has been submitted and reviewed by Appian Consulting Engineers, with additional items required prior to final plat approval.

Schools: Youngsville Elementary, Franklinton Middle, and Franklinton High are the schools that will serve this subdivision.
