A designated scholarship provides an annual distribution to a named organization - such as a high school, university, community college, or other educational institution - to provide scholarships to eligible students based on the criteria you determine.

Who should consider establishing a Designated Scholarship Fund?

Donors who would like to provide support to students graduating from or attending a specific educational institution.

Benefits of a Designated Scholarship at NCCF:

Ease and Impact

- Change lives, provide continuing education, and promote economic security by helping North Carolina students get the education they need
- A streamlined scholarship option that makes an annual distribution to an educational institution of donor’s choosing to award annual scholarships
- Immediate tax deduction for gifts you make into your fund
- Ability to give anonymously if you choose

Oversight

- NCCF monitors the fund and annual grants to ensure your charitable intent is honored in perpetuity

How it Works

- Name your fund and designated beneficiary to award scholarships based on the criteria you choose. Execute fund agreement with NCCF.
- Make a gift of cash or other assets of at least $25,000 to NCCF start your fund. You may be eligible for immediate tax deduction.
- Choose your investment pool and our team will invest your assets prudently.
- Annually, the school you have chosen will select a student based on your established criteria.
- You may add to your fund at any time, including through your estate.
- Should beneficiary close, NCCF board will redirect annual distribution to a similar organization to award the scholarship.

- Through the power of endowment and time, a $50,000 gift to NCCF can produce nearly $189,000 in grants, and still grow to a balance of more than $134,000 in 50 years (based on 8% returns and 5% spending).

- NCCF staff can assist you in adding to your fund now or through your estate
- Give complex or unusual assets now or in the future (e.g., real estate, closely-held stock)
