

## THREE WAKE TRANSIT ITEMS AVAILABLE FOR YOUR COMMENTS

### WAKE TRANSIT PLAN UPDATE

The 10-year Wake Transit Plan is being updated through 2030. The plan outlines the long-term vision for public transportation investment in Wake County. Investments funded in 2021-2030 will build upon the growth and improvements already realized in the first three years of plan implementation. Community input received during the 18-month update process confirmed that connecting all Wake County communities, connecting the region, creating frequent and reliable urban mobility and enhancing access to transit, “The Four Big Moves” outlined in the plan, will remain the program’s goals moving forward. The 40-day public review and comment period for the Wake Transit Plan Update is Feb. 19-March 31.

### FISCAL YEAR 2022 WAKE TRANSIT WORK PLAN

To accomplish the goals of the Wake Transit Plan, each year transit partners put together and approve a work plan that outlines the service improvements and infrastructure investments that will be funded the next fiscal year (July-June). The draft FY22 Work Plan is available for a 30-day public review and comment period Feb. 19-March 21.

Comments received on the draft plan will be collected and considered by the planning team. The final recommended plan will be made available for additional community input in April, prior to its adoption in June.

### WAKE TRANSIT COMMUNITY ENGAGEMENT POLICY

One of the priorities of the Wake Transit program is that all Wake County community members have meaningful opportunities to participate in the decision-making process for investments through continuous, cooperative and comprehensive engagement.

As part of our regular program performance review process, staff saw opportunities to update the policy to reflect current best practices, to offer clearer guidance to partners and to establish a set of standards that align well with the many activities of Wake Transit. The draft policy update is available for a 45-day public review period Feb. 19-April 5.
