Email:

astanion@gotriangle.org

Purpose of the Group:

The Regional Technology workgroup will monitor the implementation of future technology investments included in the Transit Technology Integration Plan (Plan). The Plan identifies provides an overview of key transit technologies, such as they might be aligned for optimal regional results, and provides a roadmap along with recommendations to help transit agencies move forward. The workgroup will receive information on needs and work that is being proposed to support technologies that support transit operations including:

- automated fare collection
- customer information and experience management
- service planning
- vehicle dispatch and communications
- vehicle monitoring and security
- vehicle and facility operations and maintenance
- resource planning and management

The workgroup will provide a peer-to-peer workspace to collaborate on strategies to optimize technology investments

- aligned with regional and agency goals and objectives
- reflect best practices and industry trends
- consider agency priorities and available resources
- identify synergies and opportunities to capture greater value
- consider opportunities for early wins

Specific Planned Tasks/Deliverable(s):

The deliverables expected from the Workgroup will be a series of presentations to the PD subcommittee covering discussions, decisions on how to accomplish the Regional Technology Plan, identification of synergy plans to implement technology, and recommendations on future technology investments.

In order to formulate recommendations the Workgroup will:

- Participate in discussions on technology needs
- Provide insight from their perspective organizations
- Discuss the potential impacts implementing suggested technology and how providers can work together to ensure funding is supporting a faster, cost effective, comfortable, convenient, safe and reliable transit network.
- Discuss potential financial implications for future workplans

Timeline for Task Completion:

Start Date

9 / 5 /2023

End Date

Ongoing

Delivery Cycle:

Quarterly

Delivery Details:

It is anticipated that the workgroup will meet quarterly
