The Chair, voting members, and qualified alternates are permitted to vote. Any regular or special meeting attendees or unauthorized/undesignated alternates are not permitted to vote. Section 8 – Weighted Voting:

When weighted voting is invoked by any member, it must be seconded by another voting member representing a separate agency from that of the invoking member. Each member agency, regardless of population, receives a minimum of one (1) weighted vote.

Weighted Vote Assigned By Population

For the purposes of weighted voting, weight shall be assigned to each member county and municipal government based upon the most recent Certified Population Estimates released by the North Carolina Office of State Budget and Management (NCOSBM) utilizing a vote weighting formula of one vote for each 50,000 in population, or portion thereof. A municipality shall only receive weight based on the population within its respective corporate boundaries within Wake County. Wake County's population used to determine its weight is the most recent county population estimate released by the NCOSBM less the population of the Wake County portions of the municipalities otherwise represented on the TPAC. This includes the populations of municipalities' extraterritorial jurisdictions that are not included within municipalities' corporate limits. The Research Triangle Regional Public Transportation Authority and CAMPO shall each retain the same weighted vote as Wake County.

Additional Weighted Vote Assigned For Transit Service Provision

An additional weighted vote shall be assigned to each member agency that contributes local discretionary funding toward a daily fixed-route transit service (operated a minimum of five days per week) at a minimum frequency of hourly and a minimum span of 10 hours per day.

The data used to determine weighted voting shall be updated annually and reviewed by the TPAC at the first regular meeting of each calendar year. The Clerk of the Committee will maintain an updated table illustrating the population data, member agencies contributing local discretionary funding to daily fixed-route transit service, and the corresponding weighted vote for each member agency of the TPAC (Exhibit A).

ARTICLE VII – SUB-COMMITTEES AND STEERING COMMITTEE

The TPAC may establish sub-committees for subject areas or projects. The TPAC will specifically charge the subcommittee with a specific goal or assignment or with detailed review of a task that has been assigned. All meetings of sub-committees shall be advertised to all TPAC members at least three (3) days prior to the meeting. Sub-committees must develop milestones for completion of assigned work that are in compliance with the TPAC Work Schedule.

The TPAC may establish a steering committee to assist with the preparation of high-level, non-project and non-subject area, TPAC tasks. Such tasks might include the development of the draft Work Schedule, bylaws development or changes, or conflict resolution. The TPAC will specifically charge the steering committee with a specific goal or assignment. All meetings of the steering committee shall be advertised to all TPAC members at least three (3) days prior to the meeting.

The steering committee must develop milestones for completion of assigned work. A steering committee must have a member from at least CAMPO, Go Triangle and Wake County.

ARTICLE VIII - AMENDMENTS TO BYLAWS:

Amendments to these Bylaws of the TPAC shall require the affirmative vote of two-thirds of the eligible voting members, provided that written notice of the proposed amendment has been received by each member at least seven (7) days prior to the meeting at which the amendment is to be considered and provided that such amendment does not conflict with the letter or fundamental intent of the ILA governing this document. In the event of any conflict, the ILA shall carry precedence over these Bylaws.
