

TPAC Fare Working Group - Work Task List

Items Completed from June 2019 Task List Presented to TPAC

- 1) Develop and propose regional fare policy and fare pricing structure changes—as well as coordinate approval with each Partner agency
- 2) Craft Mobile Ticketing joint RFP
- 3) Review Mobile Ticketing Vendors
- 4) Select and Procure Mobile Ticketing Vendor
- 5) Negotiate any changes to revenue sharing policies between transit partners, for the GoPass and Regional pass
- 6) Update Revenue Projections for Financial Model

Items Continuing from June 2019 Task List Presented to TPAC

- 1) Develop and propose regional fare policy and fare pricing structure changes—as well as coordinate approval with each Partner agency – especially as it relates to mobile ticketing/smart cards
- 2) Coordinate the necessary software development/testing and hardware installation for the implementation of mobile ticketing/smart cards
- 3) Perform analysis to confirm Wake Transit “hold harmless” amount (and coordinate with B&F committee)
- 4) Finalize process for Partners to submit reimbursement for revenue loss due to fare policy changes as recommended through the Wake Transit Fare Study (and coordinate with B&F committee)

Additional Items to Be Added to Task List

- 1) Discuss potential changes to GoPass Programs
- 2) Discuss first/last mile integration and fare integration with NCDOT and or NC Turnpike
- 3) Update analysis of impact of fare-free proposals (cumulative impact from all providers)
