2009 - 2015 METROPOLITAN TRANSPORTATION IMPROVEM<mark>ENT</mark> PROGRAM

END<mark>ORSED</mark> BY THE TECHNICAL COORDINATING COMMITTEE

August 20, 2008

APPROVED BY THE TRANSPORTATION ADVISORY COMMITTEE

Augu<mark>st</mark> 20, 2008

CAPITAL AREA 127 West Hargett Street METROPOLITAN PLANNING ORGANIZATION Suite 406 LEAD PLANNING AGENCY: CITY OF RALEIGH P.O. BOX 590 Phone (919) 831-6785 -- Fax (919) 831-6821 RALEIGH. NC 27602

August 20, 2008

Mr. Lyndo Tippett, Secretary North Carolina Department of Transportation P.O. Box 25201 Raleigh, NC 27611-5201

Subject: North Carolina Capital Area Metropolitan Planning Organization, Metropolitan Transportation Improvement Program (MTIP) for Federal Fiscal Years 2009 through 2015

Dear Secretary Tippett:

Transmitted herewith is the approved NC Capital Area Metropolitan Planning Organization's Metropolitan Transportation Improvement Program (MTIP) for federal fiscal years (FY) 2009 through 2015. The MTIP document includes the following supporting information:

- 1. TAC Resolution of MTIP Approval
- 2. FY 2009-2015 TIP Project Air Quality Conformity Determination Report

The Capital Area MPO Transportation Advisory Committee (TAC) approved the FY 2009-2015 MTIP Project Priority List on September 19, 2007; following a public comment period that began on Wednesday, August 15, 2007 and concluded with the Public Hearing on Wednesday, September 19, 2007.

The Capital Area MPO Transportation Advisory Committee (TAC) approved the FY 2009-2015 MTIP on Wednesday, August 20, 2008; which included two of the region's top priority projects. The two regional top projects that were included in the FY 2009-2015 Project Priority Lists and jointly ranked as the number one priority are: (a) the widening and acceleration of 1-40 (project 1-4744 – between Wade Avenue and US 1/US 64) and (b) Western Wake Parkway.

The Western Wake Parkway, although recognized as a project for the North Carolina Turnpike Authority, has been included in the 2009-2015 MTIP Project Priority List to emphasize the region's desire to expedite this project.

The Capital Area MPO also wishes to support the Town of Fuquay-Varina's request to have the Northern Judd Parkway funded during this Transportation Improvement Program cycle. The Northern Judd Parkway has been the Town of Fuquay-Varina's highest priority project for many years. The citizens of the town recently passed a bond referendum with 85% of voters in favor of getting something done to Judd Parkway. The Capital Area MPO Transportation Advisory Committee supported the Town of Fuquay-Varina's position by placing the project request among the region's ten highest priority projects.

Staff and elected officials representing the Capital Area MPO have met with representatives of NCDOT numerous times throughout the year to address strategies to secure funding for transportation projects. The MPO continues to seek a partnership with you and the North Carolina Department of Transportation in finding financial resources to construct and maintain a safe, efficient, and economically conducive transportation infrastructure for the state of North Carolina.

Thank you for your consideration; if you have questions about the MTIP, please contact Mr. Ed Johnson, Director of the Capital Area MPO.

Sincerely,

Joe Bryan, Chairman Transportation Advisory Committee Capital Area MPO

cc: Roberto Canales, Deputy Secretary for Transit, NCDOT Bill Rosser, State Highway Administrator, NCDOT Mike Bruff, P.E., Manager, Transportation Planning Branch, NCDOT Calvin W. Leggett, P.E. Program Development Branch, NCDOT Gregory J. Thorpe, Ph.D. Manager, Project Development and Environmental Analysis Branch, NCDOT

RESOLUTION ADOPTING THE FY 2009-2015 CAPITAL AREA MPO METROPOLITAN TRANSPORTATION IMPROVEMENT PROGRAM (MTIP)

Upon motion, made by **Mayor Williams** and seconded by **Mayor Senter**, for adoption of the FY 2009-2015 Capital Area MPO Metropolitan Transportation Improvement Program, and upon being put to a vote was duly adopted by unanimous vote of the N.C. Capital Area Metropolitan Planning Organization's Transportation Advisory Committee.

WHEREAS, the Transportation Advisory Committee of the N.C. Capital Area Metropolitan Planning Organization (MPO) has found that the MPO is conducting transportation planning in a continuing, cooperative, and comprehensive manner in accordance with 23 U.S.C. 134 and 49 U.S.C. 1607; and

WHEREAS, the Transportation Advisory Committee has found that the Transportation Improvement Program conforms to the purpose of the North Carolina State Implementation Plan for maintaining the National Ambient Air Quality Standards in accordance with 40 CFR 51 & 93; and

WHEREAS, the Transportation Advisory Committee has found the Transportation Improvement Program to be in full compliance with Title VI of the Civil Rights Act of 1964 and the Title VI Assurance executed by each State under 23 U.S.C. 324 and 29 U.S.C. 794; and

WHEREAS, the Transportation Advisory Committee has considered how the Transportation Improvement Program will affect the involvement of Disadvantaged Business Enterprises in the FHWA and the FTA funded project (Sec. 105(f), Pub. L. 97-424, 96 Stat. 2100, 49 CFR part 23); and

WHEREAS, the Transportation Advisory Committee has considered how the Transportation Improvement Program will affect the elderly and the disabled per the provision of the Americans With Disabilities Act of 1990 (Pub. L. 101-336, 104 Stat. 327, as amended) and the U.S. DOT implementing regulations; and

WHEREAS, the Capital Area MPO FY 2009-2015 Metropolitan Transportation Improvement Program (MTIP) is a subset of the conforming 2030 Long Range Transportation Plan; and

WHEREAS, the Transportation Plan has a planning horizon of 25 years, and meets all the requirements for an adequate Transportation Plan, and

WHEREAS, the Transportation Advisory Committee has provided for a public comment period for the Metropolitan Transportation Improvement Program consistent with the MPO TIP Public Involvement Policy; and

WHEREAS, the Transportation Advisory Committee has solicited public and private transportation provider comment.

NOW THEREFORE, be it resolved that the Transportation Advisory Committee of the Capital Area MPO adopts the FY 2009-2015 Metropolitan Transportation Improvement Program dated **August 20, 2008**, for the Capital Area Metropolitan Planning Organization on this, the 20th day of August, 2008.

Joe Bryan, Chair *V* Capital Area MPO Transportation Advisory Committee

Ed Johnson, Capital Area MPO Director

Transportation Advisory Committee Clerk

County of Wake

State of North Carolina

I, Diane Wilson, a Notary Public for Wake County, North Carolina, do hereby certify that on this 20th day of August, 2008, personally appeared before me Joe Bryan, known to me by his presence and acknowledged the due execution of the foregoing **RESOLUTION ADOPTING THE FY 2009-2015 CAPITAL AREA MPO METROPOLITAN TRANSPORTATION IMPROVEMENT PROGRAM.**

Witness m official seal, this the 2008. OUNT Diane Wilson, Notary Public My commission expires January 26, 2011.

RESOLUTION ADOPTING THE FY 2009-2015 CAPITAL AREA MPO METROPOLITAN TRANSPORTATION IMPROVEMENT PROGRAM (MTIP)

RESOLUTION FINDING THE NC CAPITAL AREA MPO FY 2009-2015 METROPOLITAN TRANSPORTATION IMPROVEMENT PROGRAM TO BE IN CONFORMITY WITH THE NORTH CAROLINA STATE IMPLEMENTATION PLAN

A motion was made by Mayor Senter and seconded by Commissioner Gooch for adoption of the following resolution, and upon being put to a vote was duly adopted.

WHEREAS, the Transportation Advisory Committee is the duly recognized transportation decision making body for the 3-C transportation planning process (i.e. continuous, cooperative, and comprehensive) of the Capital Area Metropolitan Planning Organization as required by 23 CFR Part 134; and

WHEREAS, the United States Environmental Protection Agency redesignated Wake County as a maintenance area for ozone on December 26, 2007, and redesignated Wake County as a maintenance area for carbon monoxide on September 18, 1995; and

WHEREAS, the Capital Area Metropolitan Planning Organization's amended 2030 Long Range Transportation Plan conforms to the intent of the North Carolina State Implementation Plan (or interim emissions tests in area where no SIP has been approved or found adequate); and

WHEREAS, that conformity determination used the latest planning assumptions approved by the Capital Area Metropolitan Planning Organization; and

WHEREAS, that conformity determination used the latest emissions model approved by the United States Environmental Protection Agency; and

WHEREAS, there are no transportation control measures listed in North Carolina's State Implementation Plan;

WHEREAS, that conformity determination was made according to the established interagency consultation procedures for North Carolina; and

WHEREAS, the programs and projects included in the Capital Area Metropolitan Transportation Improvement Program for FY 2009-2015 are financially constrained in accordance with State and Federal law; and

WHEREAS, the programs and projects included in the Capital Area Metropolitan Transportation Improvement Program for FY 2009-2015 are a direct subset of the amended 2030 Long-Range Transportation Plan.

NOW, THEREFORE BE IT RESOLVED that the Capital Area Metropolitan Planning Organization's 2009-2015 Metropolitan Transportation Improvement Program conforms to the intent of the North Carolina State Implementation Plan (or interim emissions tests in areas where no SIP has been approved or found adequate) in accordance with the Clean Air Act as Amended on this, the <u>21st</u> day of <u>May, 2008</u>; and

BE IT FURTHER RESOLVED that this conformity finding is made contingent pending all comments on the draft conformity determination report are addressed.

Joe Bryan, Chair⁽⁾ Transportation Advisory Committee

Johnson, Capital Area MFO Director

Transportation Advisory Committee Clerk

Conformity Determination Report

2009–2015 Transportation Improvement Program

- Capital Area Metropolitan Planning Organization
- Durham-Chapel Hill-Carrboro Metropolitan Planning
 Organization
- Burlington-Graham Metropolitan Planning Organization (for the portion of Orange County within the Burlington Graham MPO)
- North Carolina Department of Transportation

(for the portions of the Triangle Ozone Maintenance Area in Chatham, Franklin, Granville, Johnston, Orange and Person Counties outside of MPO boundaries)

February 19, 2008

Digital versions of this report and its appendices are available at: http://www.triangleair.org/topics.htm#transconf

This report was coordinated by the Triangle J Council of Governments for the North Carolina Department of Transportation, the Capital Area Metropolitan Planning Organization, the Durham-Chapel Hill-Carrboro Metropolitan Planning Organization and the Burlington Graham Metropolitan Planning Organization, in cooperation with the Kerr-Tar Rural Planning Organization, the Triangle Area Rural Planning Organization and the Upper Coastal Plain Rural Planning Organization.

1.0 Introduction

The purpose of this report is to document compliance with the provisions of the Clean Air Act Amendments of 1990 (CAAA) and the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU) of 2005. The conformity determination for the 2009–2015 Transportation Improvement Program (TIP) is based on a regional emissions analysis that utilized the transportation networks in adopted and conforming 2030 Long Range Transportation Plans (LRTPs) and the emissions factors developed by the North Carolina Department of Environment and Natural Resources (NCDENR). All regionally significant federally funded projects in areas designated by the United States Environmental Protection Agency (USEPA) as air quality nonattainment or maintenance areas must come from a conforming LRTP and TIP.

MPOs and the NCDOT are required by 23 CFR 134 and 40 CFR Parts 51 and 93 to make a conformity determination on any newly adopted or amended fiscally-constrained long range transportation plans and TIPs. Appendix A contains relevant portions of 40 CFR part 93. The intent of this report is to document the conformity determinations for the 2009–2015 TIPs for the Capital Area MPO, the Durham-Chapel Hill-Carrboro MPO, the Burlington Graham MPO, and the rural portions of the Triangle Ozone Maintenance Area that are the responsibility of the North Carolina Department of Transportation (NCDOT). In addition, the United States Department of Transportation (USDOT), specifically, the Federal Highway Administration (FHWA) and the Federal Transit Administration (FTA), must make a conformity determination on the LRTPs and TIPs in all non-attainment and maintenance areas. The Research Triangle Region is a maintenance area for ozone.

Conformity Determinations for the amended 2030 Long Range Transportation Plans in the Triangle Ozone Maintenance Area were most recently approved as follows:

- Burlington Graham MPO: April 12, 2005
- Capital Area MPO: May 16, 2007
- Durham-Chapel Hill-Carrboro MPO: May 9, 2007
- The NCDOT (for the rural portions of Chatham and Orange Counties in the Triangle Ozone Maintenance Area): June 7, 2007
- The NCDOT (for Franklin, Granville, Johnston and Person Counties): June 1, 2007

By these actions, the MPOs and NCDOT demonstrated that the amended 2030 Long Range Transportation Plans are consistent with Section 176(c) of the Clean Air Act, the State Implementation Plan, the Transportation Equity Act for the 21st Century, and 40 CFR Parts 51 and 93. These conformity demonstrations were documented by the MPOs and NCDOT in the report entitled *Conformity Analysis and Determination Report*. That report included the regional emissions test comparison prepared for the 2030 Long Range Transportation Plans demonstrating that emissions in each of the analysis years of the long range plan (2002, 2005, 2007, 2009, 2010, 2012, 2020 and 2030) are less than or equal to, the motor vehicle emissions budget established by the State Implementation Plan (or base year emissions, in areas where no State Implementation Plan was approved or found adequate by EPA) in accordance with 40 CFR Part 93) and approved by USEPA for the corresponding year.

USDOT made its conformity determination on the amended 2030 Long Range Transportation Plans listed above on June 29, 2007. A copy of the letter approving the conformity determinations is

included in Appendix B.

The TIP for Fiscal Years 2009-2015 developed by the Burlington Graham MPO and adopted by the TAC on _____, 2008 is a subset of the conforming 2030 LRTP documented in this report.

The TIP for Fiscal Years 2009-2015 developed by the Capital Area MPO and adopted by the TAC on _____, 2008 is a subset of the conforming 2030 LRTP documented in this report.

The TIP for Fiscal Years 2009-2015 developed by the Durham-Chapel Hill-Carrboro MPO and adopted by the TAC on _____, 2008 is a subset of the conforming 2030 LRTP documented in this report.

The rural (donut area) county projects from the STIP for Fiscal Years 2009-2015 developed by the NCDOT and adopted by the Board of Transportation on _____, 2008, are consistent with the rural (donut area) projects from the 2007-2013 STIP (for the donut area counties of Chatham, Franklin, Granville, Johnston, Orange and Person) that were modeled and found to conform by the USDOT on June 29, 2007.

2.0 Relationship of the LRTP and TIP

In accordance with 40 CFR Parts 51 and 93, no further regional emissions analysis is required for the Transportation Improvement Program if the TIP is a subset of the LRTP and if the following conditions are met:

- The TIP is consistent with the conforming LRTP such that the regional emissions analysis performed on the LRTP applies to the TIP;
- The TIP contains all projects which must be started in the TIP's timeframe to implement the highway and transit system envisioned by the LRTP in each of its horizon years;
- All federally funded TIP projects which are regionally significant are part of the specific highway or transit system envisioned in the LRTP horizon years; and
- The design concept and scope of each regionally significant project identified in the TIP is not significantly different from that described in the LRTP.

This report documents that the Transportation Improvement Programs for Fiscal Years 2009-2015 are subsets of the 2030 LRTPs for the Capital Area MPO, the Durham-Chapel Hill-Carrboro MPO, the Burlington Graham MPO, and the rural portions of the Triangle Ozone Maintenance Area that are the responsibility of the North Carolina Department of Transportation (NCDOT). The 2030 LRTPs for each of these areas are fiscally constrained and are consistent with 23 CFR Part 450 Subpart C. These conformity determinations are based on the most recent estimates of the emissions and the most recent planning assumptions (including population, employment, travel and congestion estimates available) as determined by the appropriate MPOs and NCDOT. It has been demonstrated in the Conformity Determination Report that the LRTPs conform to the provisions of the Clean Air Act Amendments of 1990 and the Transportation Equity Act (TEA 21) approved by the USDOT on June 29, 2007. Also, these LRTPs conform to the purpose of the State Implementation Plan (SIP in

accordance with 40 CFR Part 93. Although as subsets of LRTPs, no further regional emissions analysis (emissions budget comparison) is typically required for TIPs, new emissions budgets for NO_x were published on December 26, 2007; therefore comparisons to these new budgets are provided below. All areas for all years conform to the new budgets.

Chatham County

| Analysis Year | Model | Off-Model | Comparison Amount | Budget Amount | |

| 2015 | 15,216 | 240 | 14,977 | 36,615 | OK | | | | | |
| 2017 | 13,263 | 268 | 12,995 | 16,352 | ОК | | | | | |
| 2020 | 10,334 | 311 | 10,023 | 16,352 | OK | | | | | |
| 2030 | 9,419 | 276 | 9,143 | 16,352 | OK | | | | | |

The Burlington Graham MPO Transportation Advisory Committee (TAC), as the decision making body of the Burlington Graham MPO, finds that the FY 2009-15 TIP is a subset of the 2030 LRTP for the Burlington Graham MPO, meets these conditions, and thus conforms to the purpose of the SIP (or base year emissions, in areas where no State Implementation Plan is approved or found adequate by EPA) in accordance with 40 CFR Part 93).

The Capital Area MPO Transportation Advisory Committee (TAC), as the decision making body of the Capital Area MPO, finds that the FY 2009-15 TIP is a subset of the 2030 LRTP for the Capital Area MPO, meets these conditions, and thus conforms to the purpose of the SIP in accordance with 40 CFR Part 93).

The Durham-Chapel Hill-Carrboro MPO Transportation Advisory Committee (TAC), as the decision making body of the Durham-Chapel Hill-Carrboro MPO, finds that the FY 2009-15 TIP is a subset of the 2030 LRTP for the Durham-Chapel Hill-Carrboro MPO, meets these conditions, and thus conforms to the purpose of the SIP in accordance with 40 CFR Part 93.

The North Carolina Department of Transportation, as the decision making body for STIP projects within the Triangle Area Ozone Maintenance Area that are outside of MPO boundaries, finds that rural (donut area) county projects from the FY 2009-15 STIP are consistent with the rural (donut area) projects from the FY 2007-2013 STIP (for the donut area counties of Chatham, Franklin, Granville, Johnston, Orange and Person) that were modeled and found to conform by the USDOT on June 29, 2007.

A copy of 2009-2015 TIP projects is attached to this report (Appendix C).

3.0 Latest Planning Assumptions

The planning assumptions used to develop the Conformity Determination Report are the latest planning assumptions approved by the respective MPOs and NCDOT. Estimates of future population and employment are less than five years old. The vehicle age distribution and fleet mix distributions used as input to the emission model were based on the current data from North Carolina Division of Motor Vehicles. This data is also less than five years old.

4.0 Interagency Consultation

The 2009-15 TIPs have undergone interagency consultation as required in the North Carolina Administrative Code Title 15A Subpart 2D 2002-2003 inclusive. An interagency consultation meeting involving the MPOs, NCDOT, NCDENR, FHWA and USEPA- Region 4 was held on November 29, 2007. A summary of issues raised and responses, along with any written agency comments, are provided in Appendix D. In addition, Conformity Technical Meetings were held on December 14, 2007 and February 15, 2008 and were attended by staff of FHWA, NCDENR, NCDOT, MPO and RPO partners to discuss 2009-15 TIP conformity requirements and timelines.

5.0 Public Involvement

The 2009-15 TIPs were reviewed by the public in accordance with the Public Involvement Policies of

the Capital Area MPO, the Durham-Chapel Hill-Carrboro MPO, the Burlington Graham MPO and the North Carolina Department of Transportation (NCDOT). This report was also made available for public review by the Kerr-Tar Rural Planning Organization, Triangle Area Rural Planning Organization and Upper Coastal Plain Rural Planning Organization. Copies of citizen comments and agency responses to them are attached to this report in Appendix E.

6.0 Findings of Conformity

6.1. The Burlington Graham MPO TAC, as the decision making body of the Burlington Graham MPO, finds that the FY 2009-15 TIP is a subset of the 2030 LRTP for the Burlington Graham MPO Metropolitan Area. The TIP meets the conditions described earlier in this document and thus conforms to the intent of the Clean Air Act and the requirements of 40 CFR §93.

6.2. The Durham-Chapel Hill-Carrboro MPO TAC, as the decision making body of the Durham-Chapel Hill-Carrboro MPO, finds that the FY 2009-15 TIP is a subset of the 2030 LRTP for the Durham-Chapel Hill-Carrboro MPO Metropolitan Area. The TIP meets the conditions described earlier in this document and thus conforms to the intent of the Clean Air Act and the requirements of 40 CFR §93.

6.3. The Capital Area MPO TAC, as the decision making body of the Capital Area MPO, finds that the FY 2009-15 TIP is a subset of the 2030 LRTP for the Capital Area MPO Metropolitan Area. The TIP meets the conditions described earlier in this document and thus conforms to the intent of the Clean Air Act and the requirements of 40 CFR §93.

6.4. The North Carolina Department of Transportation, as the decision making body for STIP projects within the Triangle Area Ozone Maintenance Area that are outside of MPO boundaries, finds that rural (donut area) county projects from the FY 2009-15 STIP are consistent with the rural (donut area) projects from the FY 2007-2013 STIP (for the donut area counties of Chatham, Franklin, Granville, Johnston, Orange and Person) that were modeled and found to conform by the USDOT on June 29, 2007, in accordance with 40 CFR Part 93.

Copies of adopting and endorsing resolutions and conformity findings for 2009-15 TIP projects are attached in Appendix F.

Appendix A: Air Quality Regulations

40 CFR 93.122(g)

(g) Reliance on previous regional emissions analysis.

(1) Conformity determinations for a new transportation plan and/or TIP may be demonstrated to satisfy the requirements of §§93.118 ("Motor vehicle emissions budget") or 93.119 ("Interim emissions in areas without motor vehicle emissions budgets") without new regional emissions analysis if the previous regional emissions analysis also applies to the new plan and/or TIP. This requires a demonstration that:

(i) The new plan and/or TIP contain all projects which must be started in the plan and TIP's timeframes in order to achieve the highway and transit system envisioned by the transportation plan;

(ii) All plan and TIP projects which are regionally significant are included in the transportation plan with design concept and scope adequate to determine their contribution to the transportation plan's and/or TIP's regional emissions at the time of the previous conformity determination;

(iii) The design concept and scope of each regionally significant project in the new plan and/or TIP are not significantly different from that described in the previous transportation plan; and

(iv) The previous regional emissions analysis is consistent with the requirements of §§93.118 (including that conformity to all currently applicable budgets is demonstrated) and/or 93.119, as applicable.

(2) A project which is not from a conforming transportation plan and a conforming TIP may be demonstrated to satisfy the requirements of §93.118 or §93.119 without additional regional emissions analysis if allocating funds to the project will not delay the implementation of projects in the transportation plan or TIP which are necessary to achieve the highway and transit system envisioned by the transportation plan, the previous regional emissions analysis is still consistent with the requirements of §93.118 (including that conformity to all currently applicable budgets is demonstrated) and/or §93.119, as applicable, and if the project is either:

(i) Not regionally significant; or

(ii) Included in the conforming transportation plan (even if it is not specifically included in the latest conforming TIP) with design concept and scope adequate to determine its contribution to the transportation plan's regional emissions at the time of the transportation plan's conformity determination, and the design concept and scope of the project is not significantly different from that described in the transportation plan.

(3) A conformity determination that relies on paragraph (g) of this section does not satisfy the frequency requirements of §93.104(b) or (c).

Appendix B: Federal Conformity Finding on Long Range Transportation Plans

The accompanying pages include the conformity finding on the amended 2030 LRTPs from FHWA. For digital versions of this document, the following pdf file contains the conformity letter:

Fhwaletter2007

Appendix C: 2009-2015 Transportation Improvement Program Projects

In printed versions of this report, the accompanying pages include project listings, by MPO, RPO or County. For digital versions of this document, the following pdf files contain the project lists:

C1 Durham-Chapel Hill-Carrboro MPO

- C2 Capital Area MPO
- C3 Triangle Area RPO (Chatham and Orange Counties)
- C4 Kerr Tar RPO (Franklin, Granville and Person Counties)

C5 Johnston County

C6 Burlington-Graham MPO (no projects that add capacity in the Orange County section of the MPO)

For the draft version of this document, pdf files are available for the DCHC MPO (Appendix C1) and the Capital Area MPO (Appendix C2). There are no 2009-15 projects in the portion of Orange County within the Burlington-Graham MPO, although the MPO project list is included for reference. Project listings for areas of counties outside of MPO boundaries are found in the RPO or Division summaries of the draft STIP: Kerr-Tar RPO for Franklin, Granville and Person Counties, Division 4 for Johnston County and TARPO for Chatham and Orange Counties.

Appendix D: Comments from Interagency Consultation meeting

TRIANGLE MAINTENANCE AREA

2009 – 2015 TIP REVIEW INTERAGENCY CONSULTATION MEETING NOVEMBER 29, 2007 NCDOT Boardroom

12/4/07 version

Meeting Attendees:

- □ <u>EPA</u>: Amanetta Wood

- □ <u>Rocky River RPO:</u> Dana Stoogenke (via phone)
- □ <u>Lake Norman RPO:</u> Rebecca Yarbrough (via phone)

FHWA Review Comments:

TRIANGLE AREA

DCHC

- **R-2000** (*Durham County STIP*) mileage in STIP is 29 and in LRTP is 0.69. Please explain.
 - The R-2000 mileage in the STIP (29 miles) is for the entire length of the project, while the mileage in the Amended 2030 LRTP (.0.69) is for the portion of the R-2000 project that is in the DCHC MPO planning area (i.e., Durham County).

BG MPO

□ No comments

CAMPO

- **R-2814** (*Franklin County STIP*) mileage in STIP is 18.5 and in LRTP is 8.29. Please explain.
 - The 8.29 miles represents projects in the 2030 LRTP (From Ligon Mill Road to Franklin County) that were within the Capital Area MPO jurisdiction at that time. Franklin County at the time of the 2030 LRTP completion was not a member of the Capital Area MPO
- □ I-4745 (Johnston County STIP) not in LRTP. Please explain.
 - Johnston County was not a member of the Capital Area MPO at the time of completion of the 2030 LRTP.
- **U-3334** (*Johnston County STIP*) not in LRTP. Please explain.
 - Johnston County was not a member of the Capital Area MPO at the time of completion of the 2030 LRTP.
- **R-2000** (*Wake County STIP*) mileage in STIP is 29 and in LRTP is 11. Please explain.
 - The CAMPO LRTP does not list completed projects. The LRTP has project F1a that corresponds to sections F and G of R-2000. Project F4a corresponds to sections AA, AB, and AC of R-2000. As this date, sections F and G of R-2000 are open to traffic.
- **R-2809** (*Wake County STIP*) mileage in STIP is 4.7 and in LRTP is 1.39. Please explain.
 - The draft STIP description includes the length of the whole project (Wake Forest Bypass). As of the completion of the 2030 LRTP, 3.31 miles of the project had been completed. The 1.39 miles of project in the LRTP were not under construction.
- **U-5024** (*Wake County STIP*) not in LRTP. Please explain.
 - Project U-5024 (Green Oaks Parkway in Holly Springs) is an economic development project that is partially being funded using economic development funds from the State of North Carolina. This project is not regionally significant and no Federal funds will be used.
- **U-4901** (*Wake County STIP*) not in LRTP. Please explain.
 - In 2020 HY as segments A12 and A13b

- **R-2257** (*Granville County STIP*) not in LRTP. Please explain.
 - Granville County was not a member of the Capital Area MPO at the time of completion of the 2030 LRTP.

Division of Air Quality Comments on the 2009-2015 STIPs

Triangle Area

CAMPO

- I could not find the following projects in the TIP:
 - U-2908, NC 54
 - This project was constructed and completed by the Town of Cary.
 - U-4410, South Loop Road
 - This project is partially complete in the LRTP. The portion that should have been in the TIP is complete. That is why it is not included in the TIP.
 - U-4026, Davis Drive
 - It is in the TIP under page 5-36.
 - **R-2906**, NC 55
 - This project is complete.
 - **R-2907**, NC 55
 - This project is complete.
 - U-3344, Airport Blvd
 - It is in the TIP under page 5-34.
 - o **R-2641**, I-540 (Eastern)
 - This project is complete.
 - U-3101, US 1- 64
 - This project is complete.
- I could not find U-5024, Green Oaks Parkway, or U-4901, Falls of the Neuse Road, in the plan.
 - Project U-5024 (Green Oaks Parkway in Holly Springs) is an economic development project that is partially being funded using economic development funds from the State

of North Carolina. This project is not regionally significant and no Federal funds will be used.

Project U-4901 In 2020 HY as segments A12 and A13b

DCHC

- I could not find the following projects in the TIP:
 - U-3105, Garrett Road/ Chapel Hill Road
 - This project is complete
 - U-2102, Guess Road
 - This project is complete
 - U-3853, Hopson-Page Rd Ext
 - This project is complete
 - **I-2204**, I-40
 - This project is complete
 - U-2302, NC 86
 - This project is complete
 - **R-942**, US 15-501
 - This project is complete
 - o U-2808, Us 70/Miami Blvd/ Mineral
 - This project is complete
 - U-4410, Hopson Rd realignment
 - This project is will be completed in 2008
- I could not find **I-5104**, I-540/I-40 intersection improvements, in the plan. Construction begins in 2010.
 - I-5104 will be folded into project R-2000. It does not impact the way that R-2000 was modeled for conformity.
- I could not find **U-4763B**, Triangle Parkway, in the plan. Is the part shown on the TIP not in Durham County?
 - This project in the amended LRTP (#66)
- Is the part of **U-2831** in the 2009 horizon year of the plan, the part complete?
 - The part of U-2831 in the LRTP is complete

Burlington Graham MPO

• No comments for Johnston County.

EPA Comments for 09-15 TIP

Overall Comments

- Provide more description in future to determine if bridge projects are exempt or not. Any change for capacity would make the project nonexempt. For future descriptions, please provide existing and proposed lanes and the length for the bridge projects.
 - EPA is recommending that this be done for future LRTP updates/conformity determinations. FHWA will set up a conference call with EPA and NCDOT to discuss the details of this request and how it can be implemented.
 - In NC Federal Bridge Replacement does not allow for increased capacity. For additional capacity it will have a different project number associated with it.
- Recommend complete listing of exempt projects and enough information for IAC to make a determination on whether this project is truly exempt per the transportation conformity rule. In the exempt listing it would be helpful for the projects to be categorized as exempt per 93.126, 93.127 or 93.128 of the transportation conformity rule.
 - EPA is recommending that this be done for future LRTP updates/conformity determinations. FHWA will set up a conference call with EPA and NCDOT to discuss the details of this request and how it can be implemented.
- For multi-county projects it is going to be even more important when subarea budgets are available to account for the portion of the project in a particular county in that particular county's regional emissions. This will mean that more detail on what the terminus for the projects are based on the county and not the entire project.
 - EPA is recommending that this be done for future LRTP updates/conformity determinations. FHWA will set up a conference call with EPA and NCDOT to discuss the details of this request and how it can be implemented.
- Our recommendation for donut county projects in the future will be to have a listing of projects in the donut area that were considered in the regional emissions analysis for the LRTP adoptions so that subsequently we can compare these projects for future conformity determinations. For projects in LRTP it is easier to find the legacy listing.
 - EPA is recommending that this be done for future LRTP updates/conformity determinations. FHWA will set up a conference call with EPA and NCDOT to discuss the details of this request and how it can be implemented.
- For donut areas it is highly recommend an addendum table which provides complete project description (i.e., number of existing versus proposed lanes; terminus; whether the project is exempt; whether the project is regionally significant; and year for which the projects were considered open-to-traffic for the purpose of the regional emissions analysis.
 - EPA is recommending that this be done for future LRTP updates/conformity determinations. FHWA will set up a conference call with EPA and NCDOT to discuss the details of this request and how it can be implemented.

TRIANGLE AREA DURHAM

- Could not find U-4763B in Durham County in the LRTP. Please Explain.
 - This project is in the amended LRTP (#66)

CHATHAM

• No comments

ORANGE
