U-5928 **A651** **Apex Peakway - James St to Towhee Dr; construct grade separated interchange for Apex Peakway at S Salem St and CSR RR**

Key Staff: Alex Rickard

Document Notes:

2/1/2024 Project Update:

- Current Status: Final Design, Permitting, and Bidding documents
- CSX Railroad Construction Agreement has been fully executed and easements have been acquired.
- Final signal plans are pending NCDOT approval.
- Apex Electric Utilities Department has started utility pole relocation work along S. Salem Street. This work includes tree removal and trimming to shift existing poles and overhead lines back along both the Apex Peakway and S. Salem Street corridors, anticipated to be completed in January. (See map below.)
- NCDOT will approve a new supplemental agreement in February, approved by Town Council in January, which is required due to the anticipated construction timeline prior to requesting Construction Authorization from Federal Highway Administration.
- NCDOT requiring all plans & specs to be updated per their newly adopted 2024 Standard Specifications. Change order for design consultant pending.
