REQUEST FOR PROPOSALS (RFP)

Knightsdale Boulevard (US 64 Business) Corridor Study

INTRODUCTION

The North Carolina Capital Area Metropolitan Planning Organization (MPO) is inviting qualified consulting firms or persons to submit Project Proposals to conduct a Corridor Study along the Knightsdale Boulevard (US 64 Business) Corridor from the Neuse River at the Town of Knightsdale's western boundary to the intersection of NC 97 in the Town of Wendell.

This document presents a desired set of work tasks to prepare a work product that will ultimately lay out a long-term transportation vision for the Knightsdale Blvd corridor with a detailed implementation strategy that includes short-term and mid-term recommendations to aid with the implementation of the long-term vision.

The study will evaluate the safety and mobility along Knightsdale Blvd (US 64 Business) including investigating signal operations, Bus Rapid Transit impacts to the corridor, and bicycle/pedestrian facilities.

This study is anticipated to be completed within an approximate timeframe of two (2) years with a Notice to Proceed issued in August 2026.

LEAD AND SPONSORING AGENCIES

The Federal Aid Highway Act of 1962 required that transportation projects in urbanized areas of 50,000 or greater in population be based on a continuing comprehensive urban transportation planning process undertaken cooperatively by the states and local governments. To complete this transportation planning process in an effective manner, the North Carolina Capital Area Metropolitan Planning Organization was created. The current CAMPO planning area boundary encompasses over 1,600 square miles and a population of more than 1,000,000.

CAMPO is tasked with providing a regional, comprehensive, and cooperative planning process that serves as the basis for the expenditure of all federal transportation funds in the area. Under Section 134 of the Federal Highway Act of 1973, MPOs are required to prepare long range transportation plans for the planning area with a minimum of a 20-year planning horizon.

The Town of Cary serves as the Lead Planning Agency for CAMPO. The MPO is required to complete the transportation planning process in a continuing, cooperative, and comprehensive manner.

The funding partners for this project are the Capital Area MPO and the Town of Knightsdale. Representatives from these partner agencies, as well as NCDOT, Town of Wendell, Wake County, and City of Raleigh will form the Core Technical Team that will lead the study.

PROJECT BACKGROUND

Knightdale Boulevard (US 64 Business) is a principal arterial corridor that serves as a primary east-west route through the Town of Knightdale and Town of Wendell in Wake County, North Carolina. This study will evaluate the section of Knightdale Boulevard between the Neuse River Bridge on the Town of Knightdale’s western limits and the intersection of NC 97 in Wendell.

Over the past two decades, Knightdale Boulevard has experienced significant changes due to population growth and increased commercial development. These changes have intensified traffic volumes, increased multimodal demands, and introduced new operational and safety challenges along the corridor. With growth anticipated to continue and future implementation of Bus-Rapid Transit, it is necessary to look at how this route may be optimized and improved for both current and future needs.

PROJECT PURPOSE & NEED

The Knightdale Blvd corridor serves significant east-west traffic purpose in Wake County, with as many as 40,000 vehicular trips a day. The route serves commuters between the City of Raleigh and the Towns of Knightdale and Wendell and provides access to a plethora of more localized mixed-use needs along the corridor. The extents of this corridor feature 19 NCDOT managed signalized intersections, two interchanges to interstate routes (I-540 and I-87 respectively), and a bridge over a major river. Knightdale Blvd is recommended for improvement in the Town of Knightdale Comprehensive Transportation Plan (2022), Town of Knightdale Safety Action Plan (2024), Town of Wendell Comprehensive Transportation Plan (2016), Capital Area MPO 2055 Metropolitan Transportation Plan (2026), and the CAMPO Blueprint for Safety Plan (2025).

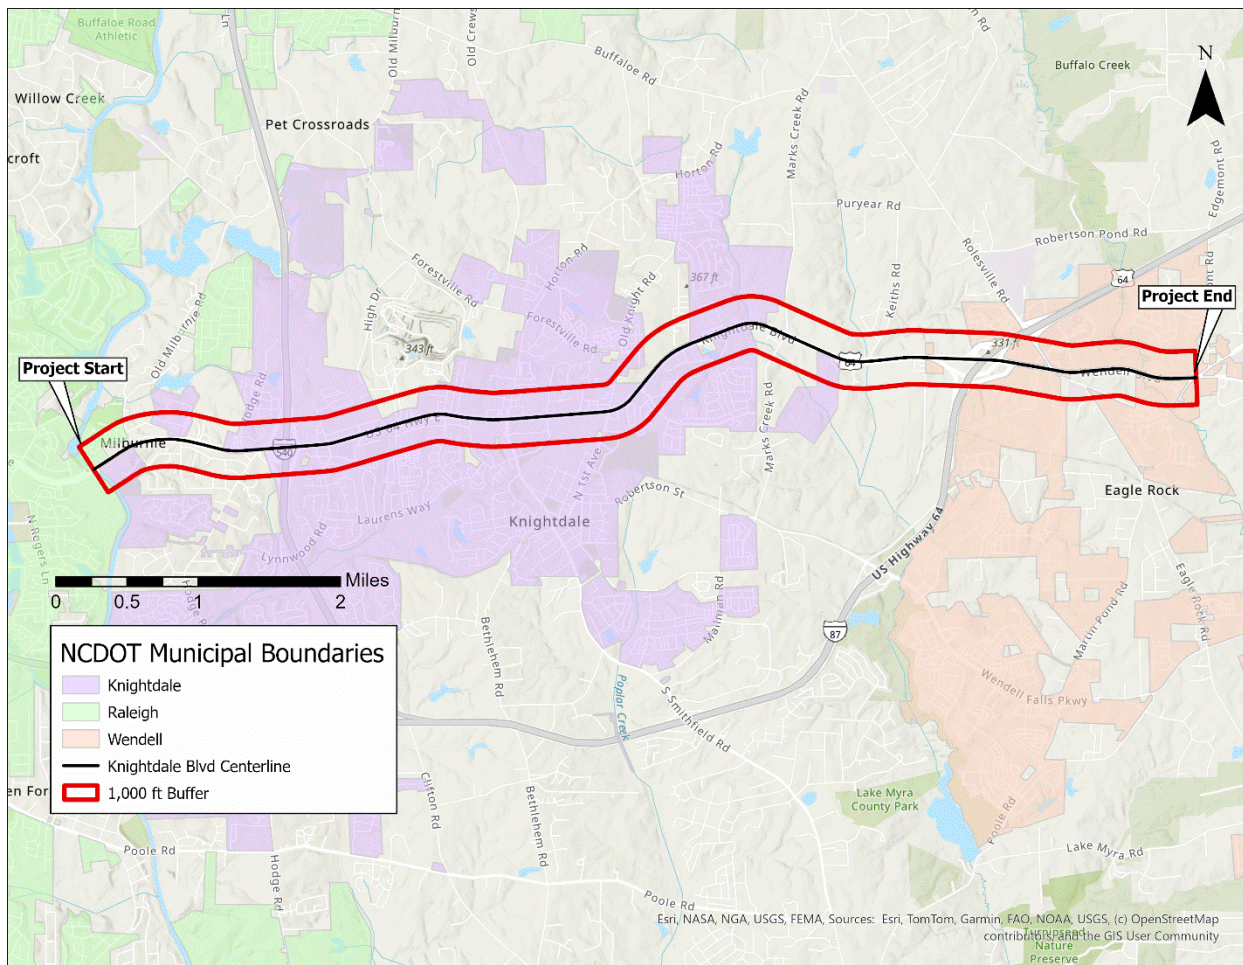

PROJECT OBJECTIVE

The objective of this project is to conduct a comprehensive corridor study that identifies and addresses critical safety, congestion, and multimodal challenges along Knightdale Boulevard while establishing a clear path toward improvements to the daily transportation needs of the Towns and region as a whole. The study should focus primarily on the operation of the corridor and deficiencies in serving the surrounding land-uses with interim and long-term recommendations based on a vision that is agreed to by the Towns, County, NCDOT, and CAMPO.

Specifically, this study will evaluate the existing safety and operational concerns at intersections along the corridor which may include a review of bike/pedestrian and transit access and an audit of signal timings for optimal service. Additionally, this plan looks to consider the long-term need in upgrading Knightdale Blvd by reviewing current relevant planning documents. These include the CAMPO 2055 MTP, Knightdale Comprehensive Plan and CTP, Wendell Comprehensive Plan and CTP, Knightdale Safety Action Plan, and other guiding documents to understand future roadway cross sections. This study will also look at relevant documents on the future Bus Rapid Transit service from the City of Raleigh that may influence the future land-use of the corridor.

PROJECT LOCATION

The project study area will run along the Knightdale Blvd, U.S. 64 Business, area between the Neuse River Bridge on the western edge of the Town of Knightdale to the intersection of NC 97 in the Town of Wendell. This 8 mile section of Knightdale Blvd contains various land-uses, including denser mixed-use Transit Oriented Development (TOD), commercial, residential, and lower-density rural areas. The approach to this project should break the corridor into several (no less than 4, no more than 6) context sensitive sections that help drive recommendations best suited for that area. The general study area is shown in the below map.

DESIRED END-PRODUCTS

This study should result in an overall multi-modal transportation vision of the Knightdale Blvd corridor with a focus on safety, congestion, mobility and transit. The end products of the study, as developed by the consultant, will include the following:

- Existing and projected traffic volumes and identification of deficiencies;
- Review of existing traffic signal operations and recommendations for ITS improvements to optimize travel times and improve safety;
- Functional roadway designs and cross section that can accommodate a future BRT extension;
- Recommendation of potential intersection improvements, and associated costs, at safety and/or congestion hotspot areas;
- Land-use review and how revitalization along corridor could occur in support of future transit investments; and
- Development of visualizations of recommendations for stakeholders and public consumption.

DESIRED SCOPE ELEMENTS

1. Coordinate with a Core Technical Team

This study will be managed by the Capital Area MPO. Regular coordination on technical issues will be conducted with a Core Technical Team (CTT). The CTT will consist of staff from CAMPO, NCDOT ITS Group, NCDOT Transportation Planning Branch, Wake County, Town of Knightdale, Town of Wendell, and GoRaleigh. It is anticipated that monthly meetings with this CTT will occur throughout the duration of the study.

2. Conduct a Route Inventory for Knightdale Blvd

This consists of an overview of existing conditions along the corridor to thoroughly understand the context of the various components involved in this study area. Information to be collected and analyzed by the consultant shall include:

- Demographic information;
- Existing and projected future land use patterns;
- An inventory of intersections and access points along the corridor both existing and proposed;
- An inventory of existing road profile and design;
- Traffic, network and capacity data for Knightdale Blvd and roads that intersect or that have significant impact on the corridor;
- An inventory of current transit operations along the corridor, including fixed route and microtransit services;
- Overview of improvement projects (CTP, 2055 MTP, and TIP) within the study area; and
- Inventory of other transportation facilities, modes or plans (i.e. bicycle, pedestrian, greenway, etc.) on or adjacent to Knightdale Blvd.

3. Review of Existing Plans

The consultant shall review recent plans and studies that have been conducted relative to this corridor, including:

- Town of Knightdale Comprehensive Transportation Plan;
- Town of Knightdale Comprehensive Plan;
- Town of Knightdale Safety Action Plan;
- Town of Wendell Comprehensive Transportation Plan;

- Town of Wendell Comprehensive Plan;
- Capital Area MPO Blueprint for Safety Plan;
- Capital Area MPO 2055 Metropolitan Transportation Plan;
- Wake County Greenway Master Plan;
- Northeast Area Study Update;
- Traffic Impact Analyses for recent developments near the corridor; and
- Approved development plans along the corridor.

4. Transportation Analysis

The consultant should be prepared to audit recommendations contained in the most recent MPO Comprehensive Transportation Plans, 2055 Metropolitan Transportation Plan, and any locally-adopted transportation and land use plans for viability with respect to mobility and inter-jurisdictional connectivity. The consultant should conduct a review of best practices in the MPO region and the state to identify appropriate connectivity policies that would be appropriate for implementation in the study area. The consultant should prepare an analysis of existing and anticipated capacity deficiencies along the corridor using the most recent Travel Demand Model and develop recommendations for immediate, midterm and long-term solutions to those deficiencies

Recommendations should focus on traffic signal operations, vehicular safety, congestion mitigation, and multimodal integration along the study area. Updated traffic counts, including turning movement counts, will likely be necessary along the corridor.

The consultant shall review current operation and timing of the existing signalized intersections on Knightdale Blvd managed by NCDOT. Utilizing the existing and approved traffic needs develop recommendations for signal retiming to reduce travel time delay and queuing.

Develop a schedule for recommended retiming as the corridor is built out. This plan should examine the future BRT extensions impact on signal timing.

5. Functional Roadway Design and Cross Section Review

The consultant shall review previously recommended cross sections from adopted plans and determine their feasibility with consideration for anticipated development context. Particular attention shall be given to identifying cross section alternatives that can accommodate a future Bus Rapid Transit (BRT) extension in different forms, such as mixed traffic, inside BRT lane, or shoulder BRT lane.

Recommendations should include accommodations of multi-modal elements such as sidewalks, share-use paths, bicycle facilities and planning for safe intersections for all modes of travel.

Conceptual functional roadway designs shall be developed for key segments of the corridor to illustrate how recommended improvements can be implemented. These designs shall include planning-level considerations for right-of-way needs, constructability, and compatibility with adjacent land uses.

6. Safety and Multi-Modal Analysis at Intersections

The consultant shall, using the recently adopted Town of Knightdale Safety Action Plan and the Capital Area MPO Blueprint for Safety Plan, identify and evaluate safety and operational concerns at all intersections along the corridor. This analysis shall utilize available crash data and input from the Core Technical Team to assess contributing factors for safety deficiencies and develop recommendations to improve the location for all modes of travel.

7. Development of Visualizations

The consultant shall develop clear and effective visualization materials to communicate existing conditions, proposed improvements, and long-term corridor vision to stakeholders and the public. These visualizations may include maps, diagrams, cross sections, renderings, and other illustrative graphics that depict recommended changes for roadway cross section, BRT lanes, and land-use context.

8. Presentation to Local Town Councils and Public Awareness

The consultant will develop a detailed engagement plan for the study on how outreach with the public and stakeholders will be implemented. The purpose of this engagement is to educate and gain feedback on options for the corridor as they are developed. The corridor has been the subject of several public engagement efforts in recent years that should be leveraged to understand current concerns. The consultant will review previous public engagement efforts conducted for previous plans (Capital Area MPO Blueprint for Safety, Town of Knightdale Safety Study, and Town of Knightdale Comprehensive Transportation Plan).

The consultant shall participate in select stakeholder and/or public engagement activities to provide technical expertise in coordination with the Capital Area MPO and Town of Knightdale and Town of Wendell Staff.

The consultant will provide materials (i.e. graphics, data, presentations, etc.) in an editable format for Capital Area MPO and participating local governments to educate the public on the goals and objectives for this study.

This engagement should include the consultant team giving presentations to the CAMPO Board, the Town of Knightdale Council, and Town of Wendell Council twice during the study.

9. Formulate Implementation Strategy and Final Plan Report

The consultant shall develop an implementation strategy that outlines recommended signal system retimings, cross section designs, land-use review, and safety improvements. This strategy shall include a prioritization on interim and long term improvements.

The consultant shall prepare a final report that documents the study process, analysis, findings, and recommendations. The report shall be suitable for adoption and endorsement by the participating agencies and shall include all supporting materials, graphics, and technical documentation. The final deliverable shall be developed in compliance to appropriate ADA requirements.

PROJECT TIME-FRAME

The Notice to Proceed is expected in August 2026 with anticipated timeline for the project from 18 to 24 months.

ADOPTION AND AGREEMENTS

The Core Technical Team and the consultant(s) will present final recommendations to each participating local government boards and the MPO's TCC and Executive Board. All funding partner agencies will consider endorsement of the study recommendations as applicable.

PROJECT BUDGET

This study is being jointly funded by the Capital Area MPO and the Town of Knightdale. The maximum project budget is \$280,000, with \$30,000 funded by the Town of Knightdale, \$100,000 funded in the MPO's FY 2027 (July 1, 2026 – June 30, 2027) Unified Planning Work Programs and the remaining amount anticipated for programming in the MPO's FY 2028 (July 1, 2027 – June 30, 2028) Unified Planning Work Programs. All

proposals should consist only of work that can be completed within the established timeframe and budget. No cost proposals should be included with the proposal packets due to the Mini-Brooks Act; all proposals will be evaluated on criteria outlined on page 10.

GENERAL PROJECT ACTIVITIES AND TEAM QUALIFICATIONS

General consultant responsibilities include data collection and analysis, utilizing/running the Triangle Regional Model, utilizing microsimulation software for intersection analysis, mapping, research, public involvement and outreach, report writing, presentations, meeting facilitation, and publication of printed and digital documents.

The consultant team should have experience with performing corridor studies; preparation of functional designs for highway improvement projects per NCDOT standards and specifications; analysis of signal system operations, familiarity with public transportation system needs (specifically related to Bus Rapid Transit), land-use analysis and policy development, ability to effectively coordinate with local officials, leaders, staff and the public; developing special engineering reports, graphics, drawings and concept visualizations; collection of GPS data and analysis of that data via GIS and/or CADD per NCDOT specifications; collection and analysis of traffic data.

The consultant will be requested to bill the MPO on a quarterly basis, and invoices should be accompanied by detailed progress reports. Staff responsibilities include assistance with presentations and meeting facilitation. Adjustments to responsibilities may be made depending on budgetary constraints. The MPO and consultant will prepare a detailed work program at the beginning of the project that notes the consultant's and supporting agencies' responsibilities. The consultant or team of consultants should propose a detailed timeline of activities associated with the planning process and deliverables.

PROPOSALS

Proposals of no more than 25 pages in length, numbered 1 through 25, plus a one-page cover letter may be submitted no later than **11:00 a.m. on June 12, 2026**, with **one (1) digital copy in a PDF format** that will accommodate comments, labeled "Knightdale Boulevard (US 64 Business) Corridor Study" to the contact person listed below. Proposal submissions shall not include any pages, attachments, appendices, or addendums beyond the 25-page limit. Proposals will need to include a comprehensive response describing the consultant's knowledge and experience with the tasks described in the above Scope of Services. Proposals should include the following Sections:

1. **Project Understanding and Proposed Approach:** This section of the proposal should include an outline of the understanding of the project goals, scope and important issues associated with the study area and an approach proposed to address those issues. This section should include a proposed approach to addressing the desired tasks outlined in this document, including proposed software, analysis tools and techniques, and public engagement strategies. This section should also include proposed management and project oversight efforts, as well as hours estimated for each task.
2. **Project Schedule:** A detailed project timeline, including anticipated meetings and deliverables, should be included in the proposal.
3. **Project Team:** Provide resumes, abbreviated if necessary, for specific personnel that will be assigned to the project, including verification that they have experience with similar projects and will be available to complete the project within the allotted time frame, including availability to begin the project in August 2026. Include proposed organizational chart.
4. **General Experience Summary:** The summary will need to emphasize the team's experience with conducting successful multi-modal transportation planning efforts, land use policy analysis, community impacts assessment, and meaningful public engagement. This section should include an overview of directly related project experience of key project personnel.

5. ***Firm Overview:*** General description of lead consultant and any proposed sub-consultant(s), including relevant project experience, firm profile, and description of current projects. General discussion of any history of successful collaboration between proposed lead and sub-consultant team members, if applicable.
6. ***Project References:*** References should include a brief project description, contact name, address, telephone number, email address, and provide evidence of similar work completed within the last five (5) years conducted by the proposing firm(s).
7. ***Vendor ID Numbers:*** **Any interested respondent must be a registered vendor with the Town of Cary and NC Department of Transportation prior to executing a contract with the MPO.** If available, vendor identification numbers for both organizations should be provided in this section.

EVALUATION PROCESS

Proposals submitted will be evaluated according to the consultant's relevant knowledge and experience in the tasks described in the Scope of Services and thoroughness in addressing the Team Qualifications. Evaluation criteria include, but are not limited to:

- Qualifications and Experience of the Proposed Team
 - Previous experience of proposed Project Manager with regional and/or multi-jurisdictional studies
 - Technical skills and expertise of key team members
 - Relevant prior experience of key team members in dealing with transportation issues
 - Demonstrated ability to successfully conduct thorough analysis on complex transportation mobility and safety issues, and objectively present feasible options and recommendations on associated issues
 - Demonstrated ability to implement a successful public engagement strategy with various stakeholder interests that provides meaningful input into project outcomes.
 - Demonstrated understanding of interrelationships between transportation and land use.
- Understanding of the Project Study Area, Goals and Objectives
 - General familiarity with the study area, including local issues within the regional context
 - General understanding of the project objectives
 - Understanding of local policies affecting regional transportation efforts
- Proposed Approach to the Project
 - Technical analysis tools and techniques proposed
 - Proposed project timeline/schedule, including appropriate order of described tasks to achieve meaningful recommendations
 - Estimated hours by task
 - Availability and ability of team members to engage with various groups and levels of stakeholders throughout the duration of the project.
- Quality of the Proposal
 - Concise description of tasks, staff, and process proposed
 - Neatness, organization, and detail-oriented proposal
 - Clarity of roles and responsibilities of key team members

If an interview phase of the selection process is deemed necessary after the initial review of proposals, the committee will select an appropriate number of proposer(s) to interview. Interviewees will be evaluated based on the following criteria:

- Overall quality of project presentation

- Team dynamic
- Quality of answers provided during the interview

Once a preferred candidate is chosen, the MPO will work with the project team to develop a more detailed scope of services to be included in the project contract. The Capital Area MPO reserves the right to select the most competitive proposals for this project. During the selection process, the MPO will ensure that all answers or clarifications to questions posed by any particular respondent are provided through the project website by 5:00 p.m. on June 5, 2026. The Capital Area MPO reserves the right to negotiate a contract, including the final scope of work and contract price, with any respondent or other qualified party.

GENERAL INFORMATION

CAMPO will not accept faxed information as a valid submission in response to the RFP. The successful firm must enter into a contract with the Capital Area MPO, which specifies requirements for indemnification, insurance and other applicable policies.

The Capital Area MPO reserves the right to suggest to any or all respondents to this request for qualifications that such respondents form into teams of consulting firms or organizations deemed to be advantageous to the Capital Area MPO in performing the scope of work. The Capital Area MPO will suggest the formation of such teams when such relationships appear to offer combinations of expertise or abilities not otherwise available. Respondents have the right to refuse to enter into any suggested relationship.

The Capital Area MPO may reject any or all of the submissions as it deems in its best interests. The Capital Area MPO reserves the right to waive any irregularities or technicalities when it deems the public interest will be served thereby.

This request for proposals does not commit the Capital Area MPO to award a contract, to pay any costs incurred in preparation of a response to this invitation, or to procure or contract for services or supplies. The Capital Area MPO reserves the right to accept or reject any or all responses received as a result of this request for qualifications, or to cancel this request in part or in its entirety if it is in the best interest of the Capital Area MPO to do so.

The selected consultant or firm will enter a contract with the Capital Area MPO, and must agree to contract provisions, including applicable federal requirements.

Attachment A includes a draft contract template for entering into a contract with the Capital Area MPO

Attachment B includes Federal Requirements

METHOD OF COMPENSATION

Upon selection, the Capital Area MPO will propose a contract to the selected consultant for review. The contract is for a cost plus fixed fee with a contract maximum. Reimbursement will be made on a periodic schedule based on documentation of work tasks completed; exclusive of travel which will be reimbursed on a not to exceed basis for reasonable costs as identified in the contract. The Project Manager will review, and if appropriate, approve payment of all invoices submitted under the contract. The maximum project budget is \$280,000, with \$30,000 funded by the Town of Knightdale, \$100,000 funded in the MPO's FY 2027 (July 1, 2026 – June 30, 2027) Unified Planning Work Programs and the remaining amount anticipated for programming in the MPO's FY 2028 (July 1, 2027 – June 30, 2028) Unified Planning Work Programs. All proposals should consist only of work that can be completed within the established timeframe and budget.

NOTE: DUE TO THE MINI-BROOKS ACT AND THE DESIRE TO EMPLOY A PROFESSIONAL ENGINEER ON THIS PROJECT TEAM, NO FEE IS TO BE SUBMITTED AT THIS TIME. FINAL FEE NEGOTIATIONS WILL COMMENCE WITH THE FIRM(S) SELECTED BASED ON THIS QUALIFICATIONS-BASED SELECTION PROCESS.

MPO CONTACT INFORMATION

Questions regarding this RFP must be received no later than the schedule shown on page 3 (email version are acceptable; no phone calls). Based on questions received, the project manager will provide clarification or further information through the MPO's website (www.campo-nc.us), if needed. Questions may be emailed to daniel.spruill@campo-nc.us. **All Proposals in response to this RFP must be received no later than the date and time shown on page 3 in the RFP schedule.** Proposals received after this time, or not containing all required elements, will not be considered for this project. Earlier postmarks will not suffice.

Interested persons, firms and teams shall refrain from contacting members of the selection committee or Core Technical Team regarding this Request for Proposals, except for questions submitted in writing to the MPO project manager as described in this document or during the advertisement, interview, and procurement process. Initiating contact with members of the selection committee or Core Technical Team regarding this Request for Proposals may render the person, firm or team as ineligible for selection.

CONTRACT FOR PROFESSIONAL SERVICES

THIS CONTRACT (the “Contract”) is entered into on _____, 20___, by and between _____, hereinafter referred to as the “Contractor;” and the Capital Area Metropolitan Planning Organization, a N.C. metropolitan transportation planning organization, authorized and existing under Article 16 of Chapter 136 of the N.C. General Statutes (“CAMPO”); (Collectively, the “Parties”).

RECITALS:

WHEREAS, in furtherance of its official responsibilities, obligations, and objectives, CAMPO desires to engage a private contractor to perform certain services for CAMPO as further described in this Contract; and

WHEREAS, CAMPO has completed the necessary steps for solicitation and selection of an individual or firm to perform such services, all in accord with CAMPO policies and applicable legal requirements; and

WHEREAS, CAMPO has agreed to engage and contract with the Contractor, and the Contractor has agreed to contract with CAMPO, for performance of the services described herein, and in accordance with the further terms and conditions of this Contract; and

WHEREAS, CAMPO and the Contractor recognize and acknowledge that the Town of Cary (the “Town”) serves as the Lead Planning Agency (“LPA”) for CAMPO and, in this capacity, performs financial and other services in support of CAMPO’s official functions, all in accordance with that Agreement between CAMPO and the Town of Cary, December 16, 2022 as amended, which Agreement is incorporated herein by reference.

NOW THEREFORE, in consideration of the sums to be paid to the Contractor as provided herein, and other good and valuable consideration, the Contractor and CAMPO contract and agree as follows:

1. Scope of Services

The Contractor shall perform for CAMPO the following described services (hereinafter at times referred to as the “work”, “project work”, or “project services”):

The objective of this project is to conduct a comprehensive corridor study that identifies and addresses critical safety, congestion, and multimodal challenges along Knightdale Boulevard while establishing a clear path toward improvements to the daily transportation needs of the Towns and region as a whole. The study should focus primarily on the operation of the corridor and deficiencies in serving the surrounding land-uses with interim and long-term recommendations based on a vision that is agreed to by the Towns, County, NCDOT, and CAMPO.

Specifically, this study will evaluate the existing safety and operational concerns at intersections along the corridor which may include a review of bike/pedestrian and transit access and an audit of signal timings for optimal service. Additionally, this plan looks to consider the long-term need in upgrading Knightdale Blvd by reviewing current relevant planning documents. These include the CAMPO 2055 MTP, Knightdale Comprehensive Plan and CTP, Wendell Comprehensive Plan and CTP, Knightdale Safety Action Plan, and other guiding documents to understand future roadway cross sections. This study will also look at relevant documents

on the future Bus Rapid Transit service from the City of Raleigh that may influence the future land-use of the corridor.

As more specifically described in Exhibit 1, attached, entitled “Request for Proposal”.

2. Time of Performance

In performing the services described in this Contract, it is mutually agreed that **time is of the essence**. The Contractor shall begin work without delay following execution of this Contract by both parties, and upon CAMPO’s giving to the Contractor Notice to Proceed with the work. The work shall be completed by **June 30, 2028**.

The term of this Agreement shall commence upon execution by all parties and shall continue through the Contractor’s satisfactory completion of all work, services, and tasks described in the Contract.

3. Compensation; Time of Payment

(Billing by Time, Charges, and Expenses) For services to be performed hereunder, CAMPO shall pay the Contractor for the actual work satisfactorily performed, in accordance with the Statement of Fees and Charges set forth in Exhibit 2, attached. Total compensation may in no event exceed the agreed upon amount, except pursuant to a duly authorized, written amendment to this Contract, properly executed by the Parties.

The Contractor shall submit to CAMPO an invoice, or periodic invoices as work is completed, describing in reasonable detail the completed work. Invoices will be reviewed and approved by the CAMPO Executive Director or his designee, prior to payment.

Payment terms shall be: Net 30 days from the date of CAMPO’s receipt of the Contractor’s invoice. Invoices may be submitted through USPS mail, by personal delivery, or via email. Emailing of invoices is encouraged, to: *daniel.spruill@campo-nc.us*. All invoices **must include** the following **Purchase Order Number** _____. Invoices submitted without the correct purchase order number will result in delayed payment.

4. Quality of Services and Standard of Care.

All work performed under this Contract (including all phases of project work to which the Contract applies) shall be performed in a high quality and professional manner, to the reasonable satisfaction of CAMPO, and shall conform to all prevailing industry and professional standards. The standard of care for services performed or furnished by Contractor under this Contract will be the care, thoroughness, and skill ordinarily provided by members of Contractor’s profession, practicing under generally similar conditions, at the same general time, and in the same general locality.

As deemed appropriate in the performance or furnishing of professional and related services hereunder, the Contractor may engage subcontractor(s), including without limitation consultant(s) or sub-consultant(s). The Contractor is not authorized to engage any such individuals or businesses which shall have been found by CAMPO to be not acceptable in the performance of work for CAMPO. It shall be the responsibility of the Contractor to confer with CAMPO in this regard prior to engaging for any such subcontractor services.

5. Notices

All notices, requests for payment, or other communications arising hereunder shall be sent to the following:

6. Actions in Conformance with Lead Planning Agency Agreement.

The Parties agree to take all reasonable steps and otherwise act in conformance with applicable provisions of the Lead Planning Agency Agreement between CAMPO and the Town of Cary as referenced in the Recitals.

7. Insurance

As indicated by the notation of applicability set forth herein, the Contractor agrees to continuously maintain, on a primary basis, at its sole expense and at all times during the term of this Contract, the applicable coverages and limits, set forth below. The requirements contained herein, as well as CAMPO's review or acceptance of insurance maintained by Contractor is not intended to and shall not in any manner limit or qualify the liabilities or obligations of the Contractor under this Contract.

Commercial General Liability – Combined single limit of no less than \$1,000,000 each occurrence and \$2,000,000 aggregate. Coverage shall not contain any endorsement(s) excluding nor limiting Product/Completed Operations, Contractual Liability or Cross Liability. **Applicable: Yes ___ No ___.**

Automobile Liability – Limits of no less than \$1,000,000 Combined Single Limit. Coverage shall include liability for Owned, Non-Owned and Hired automobiles. In the event Contractor does not own automobiles, Contractor agrees to maintain coverage for Hired and Non-Owned Auto Liability, which may be satisfied by way of endorsement to the Commercial General Liability policy or separate Auto Liability policy. Automobile coverage is only necessary if vehicles are used in the provision of services under this Contract.

Applicable: Yes ___ No ___

Worker's Compensation & Employers Liability – The Contractor agrees to maintain Worker's Compensation Insurance in accordance with North Carolina General Statute Chapter 97 (relating to statutory limits and number of employees liability) of not less than \$1,000,000 each accident.

Applicable: Yes ___ No ___.

Professional Liability (Errors and Omissions Coverage) – The Contractor agrees to maintain insurance with limits of not less than \$1,000,000 each claim. This coverage is necessary for professional services such as engineering, architecture, or when otherwise required by CAMPO.

Applicable: Yes ___ No ___.

Umbrella or Excess Liability – Contractor may satisfy the minimum liability limits required above under an Umbrella or Excess Liability policy. There is no minimum Per Occurrence limit of liability under the Umbrella or Excess Liability, however, the Annual Aggregate limits shall not be less than the highest 'Each Occurrence' limit for required policies. The Contractor agrees to endorse CAMPO and the Town of Cary as additional insured parties on the Umbrella or Excess Liability policy unless the Certificate of Insurance states the Umbrella or Excess Liability provides coverage on a "Follow-Form" basis.

Additional Insured – Contractor agrees to endorse CAMPO and the Town of Cary as additional insureds on the Commercial General Liability, Auto Liability, and Professional Liability policies. The endorsement shall read: "Capital Area Metropolitan Planning Organization and the Town of Cary are named additional insured as their interest may appear."

Certificate of Insurance – The Contractor agrees to provide both CAMPO a Certificate of Insurance evidencing that all coverages, limits, and endorsements required herein are continuously maintained in full force and effect. If the Contractor receives a non-renewal or cancellation notice from an insurance carrier affording coverage required herein, or receives notice that coverage no longer complies with the insurance requirements herein, Contractor agrees to notify CAMPO within five (5) business days with a copy of the non-renewal or cancellation notice or provide to CAMPO a reasonably sufficient statement identifying the coverage(s) which is/are no longer in compliance. The Certificate Holders' addresses should read as follows:

All insurance coverage referenced above shall be provided by an insurance company authorized to do business in the State of North Carolina.

8. Indemnity

A. PROFESSIONAL SERVICES CONTRACTOR'S INDEMNIFICATION (EXCLUSIVE OF DESIGN SERVICES) TO CAMPO

a. To the fullest extent allowed by law, the Contractor shall defend, indemnify and hold harmless CAMPO, its officers, officials, employees, agents, or indemnities (collectively called "Indemnified Parties") from and against those Losses, liabilities, damages, and costs caused by, arising out of, resulting from, or in connection with the execution of the work provided for in this Agreement, when the Fault of the Contractor or its Derivative Parties is a proximate cause of the Loss, liability, damage, or expense indemnified.

b. Costs and expenses shall include attorneys' fees, litigation or arbitration expenses, and court costs actually incurred by the Indemnified Parties to defend against third-party claims alleged in any court,

tribunal, or alternative dispute resolution procedure required of any of the Indemnified Parties by law or by contract, but only if the Fault of the Contractor or its Derivative Parties is a proximate cause of the attorney's fees, litigation or arbitration expenses, or court costs to be indemnified.

c. The Contractor's duty to indemnify, defend, and hold harmless described hereinabove shall survive the termination or expiration of this Contract.

B. Definitions:

1. For the purposes of this Section, the term "Fault" shall mean any breach of contract; negligent, reckless, or intentional act or omission constituting a tort under applicable statutes or common law; or violation of applicable statutes or regulations.
2. For the purposes of this Section, the term "Loss" or "Losses" shall include, but not be limited to, fines, penalties, and/or judgments issued or levied by any local, state, or federal governmental entity.
3. For the purposes of this Section, the term "Derivative Parties" shall mean any of the Contractor's subcontractors, agents, employees, or other persons or entities for which the Contractor may be liable or responsible because of any statutory, tort, or contractual duty.

9. Intellectual Property

Subject expressly to the provisions of paragraph 17 of this Agreement, any information, data, instruments, documents, studies, reports or deliverables given to, exposed to, or prepared or assembled by the Contractor under this Contract shall be kept as confidential proprietary information of CAMPO and not divulged or made available to any individual or organization without the prior written approval of CAMPO. Such information, data, instruments, documents, studies, reports or deliverables will be the sole property of CAMPO and not the Contractor.

All intellectual property, including, but not limited to, patentable inventions, patentable plans, copyrightable works, mask works, trademarks, service marks and trade secrets invented, developed, created or discovered in performance of this Contract shall be the property of the CAMPO.

Copyright in and to any copyrightable work, including, but not limited to, copy, art, negatives, photographs, designs, text, software, or documentation created as part of the Contractor's performance of this project shall vest in the CAMPO. Works of authorship and contributions to works of authorship created by the Contractor's performance of this project are hereby agreed to be 'works made for hire' within the meaning of 17 U.S.C. 201.

10. Force Majeure

Except as otherwise provided in any environmental laws, rules, regulations, or ordinances applicable to the parties and the services performed under this Contract, neither party shall be deemed to be in default of its obligations hereunder if and so long as it is prevented from performing such obligations by an act of war, hostile foreign actions, nuclear explosion, earthquake, hurricane, tornado, or other catastrophic natural event or act of God. Either party to the Contract must take reasonable measures and implement reasonable protections when a weather event otherwise defined as a force majeure event is forecast to be eligible to be excused from the performance otherwise required under this Contract by this provision.

11. Advertising

The Contractor shall not use the existence of this Contract, or the name of the Town of Cary or CAMPO, as part of any advertising without the prior written approval of CAMPO and the Town of Cary, respectively.

12. Cancellation.

CAMPO may terminate this Contract at any time by providing thirty (30) days written notice to the Contractor. In addition, if Contractor shall fail to fulfill in a timely and proper manner the obligations under this Contract for any reason, including the voluntary or involuntary declaration of bankruptcy, CAMPO shall have the right to terminate this Contract by giving written notice to the Contractor, and in such event, termination will be effective upon receipt. Upon receipt of such notice, the Contractor shall cease performance immediately.

In the event of early termination, Contractor shall be entitled to receive just and equitable compensation for satisfactory work completed and associated costs incurred prior to the Contractor's receipt of notice of termination. Notwithstanding the foregoing, in no event will the total amount due to Contractor under this section exceed the total amount due Contractor under the Contract. The Contractor shall not be relieved of liability to CAMPO for damages sustained by CAMPO by virtue of any breach of this Contract, and CAMPO may withhold any payment due to the Contractor for the purpose of setoff until such time as CAMPO can determine the exact amount of damages due CAMPO resulting from the breach.

Payment of compensation specified in this Contract, its continuation, or any renewal thereof, is dependent upon and subject to the allocation or appropriation of funds to CAMPO for the purpose set forth in this Contract.

13. Laws/Safety Standards

The Contractor shall comply with all laws, ordinances, codes, rules, regulations, safety standards and licensing requirements that are applicable to the conduct of its business, including those of Federal, State, and local agencies having jurisdiction and/or authority regarding the Contractor's work under the Contract.

Contractor must comply with *North Carolina Occupational Safety and Health Standards for General Industry, 29CFR 1910*. In addition, Contractor shall comply with all applicable occupational health and safety and environmental rules and regulations.

As applicable to the scope of work under this Contract, the Contractor shall effectively fulfill and manage their safety and health responsibilities including:

A. Accident Prevention

Prevent injuries and illnesses to their employees and others on or near their job site. Contractor managers and supervisors shall ensure personnel safety by strict adherence to established safety rules and procedures.

B. Environmental Protection

Protect the environment on, near, and around their work site by compliance with all applicable environmental regulations.

C. Employee Education and Training

Provide education and training to all subcontractors, consultants, and employees before they are exposed to potential workplace or other hazards, as required by specific OSHA Standards.

14. Applicability of North Carolina Public Records Law

Notwithstanding any other provisions of this Contract, this Contract and all materials submitted to CAMPO by the Contractor are subject to the public records laws of the State of North Carolina. It is the responsibility of the Contractor to properly designate materials at the time of initial disclosure to CAMPO that may be protected from disclosure as “Confidential” and/or “Trade Secrets” under North Carolina law as such and in the form required by law prior to the submission of such materials to CAMPO. The Contractor understands and agrees that CAMPO may take any and all actions necessary to comply with federal, state, and local laws and/or judicial orders and such actions will not constitute a breach of the terms of this Contract. To the extent that any other provisions of this Contract conflict with this paragraph, the provisions of this section shall control.

15. Audit

At their election, CAMPO may conduct, or provide for, an audit or audits of the Contractor’s financial, performance and compliance records maintained in connection with the operations and services performed under this Contract. CAMPO may conduct such audits or inspections throughout the term of this Contract, and for a period of three years after final payment to the Contractor, or for a longer period if such is required by law.

In the event of such an audit, the Contractor agrees that CAMPO, or its/their designated representative(s), shall have the right to review and to copy any work, materials, payrolls, records, data, supporting documentation, or any other sources of information and matters that may in CAMPO judgment have any bearing on or pertain to any matters, rights, duties or obligations arising under the Contract. The Contractor agrees that CAMPO or its/their designated representative, shall have access to Contractor’s personnel records pertaining to the performance of this contract, including but not limited to financial, performance, operations and compliance records. The Contractor agrees to maintain such records for a minimum of three years after final payment, unless a longer period of records retention is required by law. The Contractor agrees to allow CAMPO or its/their designee to access to such records during normal business hours and to allow interviews of any employees who might reasonably have information related to such records. CAMPO’s authorized representative or designee shall have reasonable access to the Contractor's facilities, shall be allowed to interview all current or former employees to discuss matters pertinent to the performance of this Contract, and shall be provided an adequate and appropriate workspace to conduct audits as provided for herein.

The Contractor agrees to include similar provisions regarding the rights of CAMPO to conduct auditing activities in any contract with employees, consultants, or subcontractors of the Contractor for performance of work under this Contract.

CAMPO agree to provide the Contractor with an opportunity to discuss and respond to any findings before any final audit report is issued.

CAMPO’s rights under provisions of this Contract regarding audits shall survive the termination of this contract.

16. E – Verify

Contractor shall comply with E-Verify, the federal E-Verify program operated by the United States Department of Homeland Security and other federal agencies, or any successor or equivalent program used to verify the

work authorization of newly hired employees pursuant to federal law and as in accordance with N.C.G.S. §64-25 et seq. In addition, to the best of Contractor's knowledge, any subcontractor employed by Contractor as a part of this contract shall be in compliance with the requirements of E-Verify and N.C.G.S. §64-25 et seq.

17. Iran Divestment Act Certification.

Contractor certifies that, as of the date listed below, it is not on the Final Divestment List as created by the State Treasurer pursuant to N.C.G.S. § 147-86.55, *et seq.* In compliance with the requirements of the Iran Divestment Act and N.C.G.S. § 147-86.59, Contractor shall not utilize in the performance of the contract any subcontractor that is identified on the Final Divestment List.

18. Non-discrimination.

To the extent permitted by law, the parties hereto for themselves, their agents, officials, employees, and servants agree, with respect to the subject matter of this contract, not to discriminate in any manner based on race, color, creed, national origin, sex, age, disability, handicap, marital status, pregnancy, or sexual orientation. The parties further agree, to the extent permitted by law, to comply with all State, Federal, and local statutes, ordinances, and regulations prohibiting discrimination, including but not limited to Title VI of the Civil Rights Act of 1964 (42 U.C.C. 2000 et seq.); the Fair Housing Act, Title VII of the Civil Rights Act of 1968 (42 U.S.C. 3601 et seq.); Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 794); the Age Discrimination Act of 1975, as amended (42 U.S.C.6101 et seq.); Title II of the Americans with Disabilities Act of 1990; and Wake County Code of Ordinances Section 34.01.

19. Federal Contracting Requirements.

The Contractor shall, with respect to the subject matter of this Contract and all services provided or performed hereunder be bound, and abide by, the requirements of applicable federal laws set forth in Exhibit 3, attached. Further, with respect to the subject matter of this contract and services to be provided or performed hereunder, the Contractor shall take all reasonable steps to insure that all of its employees, officers, agents, (sub)contractors, and (sub)consultants abide by such federal requirements, and shall, without limitation, provide reasonable notice of such requirements to its employees, officers, and agents, and shall reference and include such federal requirements in all its contracts with (sub)contractors and (sub)consultants.

20. Force Majeure.

Except as otherwise provided in any environmental laws, rules, regulations, or ordinances applicable to the parties and the services performed under this Contract, neither party shall be deemed to be in default of its obligations hereunder if and so long as it is prevented from performing such obligations by an act of war, hostile foreign actions, nuclear explosion, earthquake, hurricane, tornado, or other catastrophic natural event or act of God. Either party to the Contract must take reasonable measures and implement reasonable protections when a weather event otherwise defined as a force majeure event is forecast to be eligible to be excused from the performance otherwise required under this Contract by this provision.

21. Assignment

This Contract may not be assigned without the express written consent of CAMPO.

22. Applicable Law

All matters relating to this Contract shall be governed by the laws of the State of North Carolina, without regard to its choice of law provisions, and venue for any action relating to this Contract shall be Wake County Civil Superior Court or the United States District Court for the Eastern District of North Carolina, Eastern Division.

23. Companies Boycotting Israel Divestment Act Certification.

The Contractor hereby certifies, pursuant to NCGS 147-86.81, that it has not been designated by the North Carolina State Treasurer as a company engaged in the boycott of Israel.

24. Miscellaneous.

The Contractor shall be responsible for the proper custody and care of any property furnished or purchased by CAMPO for use in connection with the performance of this Contract and, without limitation as to further claims, will reimburse for, as applicable, repair costs or the replacement value of such property.

The Contractor shall be considered an Independent Contractor, and as such shall be wholly responsible for the work to be performed, including the supervision of its employees, consultants, or subcontractors. Nothing herein is intended or will be construed to establish any agency, partnership, or joint venture relationship between the Parties. The Contractor represents that it has, or will secure at its own expense, all resources and personnel required to satisfactorily perform the required services under this Contract. Any employees, subcontractors, and/or consultants performing work hereunder shall not be employees of, or have any individual contractual relationship with, CAMPO.

This Contract may be amended only by written agreement of the parties executed by their authorized representatives.

This Contract, and any documents incorporated below, represent the entire Contract between the parties and suspend all prior oral or written statements, agreements, or contracts between the Parties.

Specifically incorporated into this Contract are the following attachments, or if not physically attached, are incorporated fully herein by reference:

- Exhibit 1: Scope of Services
- Exhibit 2: Statement of Fees and Charges
