

Incentive Program

Paul Straw, GoTriangle

GO PERKS
Ride. Earn. Repeat

What is GoPerks?

The GoPerks incentive program rewards commuters who choose a sustainable commuting option – a smart commute - such as carpool, vanpool, bike, walk, or the bus. GoPerks is a year round program replacing the former SmartCommute Challenge. GoPerks will provide long-term encouragement for choosing a smart commute.

The graphic features the GoPerks logo at the top, followed by the slogan "Ride. Track. Repeat." in blue, purple, and green. Below this is a blue box with the text "EARN PERKS FOR SMART COMMUTING". The main text reads "Track your trips starting January 1 for a chance to earn cool swag." At the bottom, there is a colorful cluster of icons representing various transportation modes: a car, a van, a bicycle, a bus, and a person walking. The GoTriangle logo is at the very bottom.
