

# U.S. 401 CORRIDOR STUDY

Wake County / Fuquay-Varina  
Harnett County / Lillington

The Capital Area Metropolitan Planning Organization (CAMPO) is conducting a corridor study of approximately 19 miles of U.S. 401 from Banks Road in Wake County south through the Town of Fuquay-Varina to the N.C. 210 and U.S. 421 intersection in the Town of Lillington in Harnett County. Approximately seven miles of the proposed Future U.S. 401 is also being studied. This study will develop an updated vision for the study area and analyze short- and long-term transportation and land use solutions. Your feedback will inform the development of the potential solutions and conceptual design options for U.S. 401.

**To review more information about each section of the study to help guide your decisions on this survey, please use the U.S. 401 Corridor Study Phase II Handout.**

## Future U.S. 401 - for the following questions, please select one of the two trade-offs.

Reduce property impacts but have higher environmental impacts

OR

Reduce environmental impacts but have higher property impacts

Reduce property impacts but have higher agricultural land impacts

OR

Reduce impacts to agricultural lands but more properties would need to be acquired

Reduce property impacts but have a higher project cost

OR

Have a lower project cost but higher property impacts

Reduce environmental impacts but have a higher project cost

OR

Have a lower project cost but higher environmental impacts

**Do you have any comments or concerns about the alignments for the Future U.S. 401?**

## U.S. 401 in Wake County- for the following questions, please select one of the two trade-offs.

Improve walkability on less congested roads but reduce the number of vehicle lanes

OR

Maintain the number of vehicle lanes but do not improve walkability

Reduce property impacts but have slower travel time

OR

Have faster travel time but have higher property impacts

Maintain access to driveways on U.S. 401 but have slower travel time

OR

Have faster travel time on U.S. 401 but limit access to driveways

**Do you have any comments or concerns about the design concepts for U.S. 401 in Wake County?**

## U.S. 401 in Harnett County- for the following questions, please select one of the two trade-offs.

Reduce property impacts but have a higher project cost

OR

Have a lower project cost but higher property impacts

Reduce property impacts but have higher environmental impacts

OR

Reduce environmental impacts but have higher property impacts

Reduce property impacts but have higher agricultural lands impacts

OR

Reduce impacts to agricultural land but more properties would need to be acquired

**Do you have any comments about the alignment options or design concepts for U.S. 401 in Harnett County?**

### Where do you live?
