

## **Connect2050 Appendix 8 – MTP Draft Plan and Draft Report Comments**

### Background

Appendix 1 describes the complete community engagement process for the development of the 2050 Metropolitan Transportation Plan and provided links to various resources related to the engagement. For ease of reference, this appendix extracts the information specifically related to the draft plan and this MTP report, since it was the final opportunity to influence the plan and report and completes the activities laid out in each MPO's Public Participation Plan.

### Draft Plan & MTP Report Comments and Responses

The MPOs released a draft plan called the Preferred Option and then a full report based on that draft plan. Again, the MPOs used several different media to encourage and gather feedback but the volume of feedback was lower than in previous MTP development milestones.

Written Comments - DCHC MPO: The links below are copies of the public comments received, mostly by email, in response to the Preferred Option and full report.
