# WAKE COUNTY TRANSIT PLAN: IMPLEMENTATION

## **FY 2022 Recommended Wake Transit Work Plan**

### **Background**

The governing boards of GoTriangle, CAMPO, and the Wake County Board of Commissioners adopted the Wake County Transit Plan in 2016, including the Wake County Transit Financial Plan and the Transit Governance Interlocal Agreement, which guides the overall implementation of the expanded transit network reflected in the Plan. Included in the governance agreement is the creation of the Transit Planning Advisory Committee (TPAC), a team charged with facilitating planning activities and recommending funding for implementation elements reflected in the adopted Wake County Transit Plan. The TPAC is comprised of members from all of Wake County's municipalities, plus GoTriangle, the Capital Area Metropolitan Planning Organization (CAMPO), Wake County, North Carolina State University (NC SU), and Research Triangle Park (RTP). Per the governance agreement, the TPAC is charged with producing a recommended annual Wake Transit Work Plan, comprised of annual operating and capital budgets, an update of the financial model and assumptions guiding the Transit Plan, a multi-year operating program and a capital improvement plan guiding future Work Plans, and annual operating and capital agreements. These agreements will guide project deliverables that are anticipated to be completed with the support of funds appropriated in the Wake Transit major operating and capital funds.

The Wake County Transit Plan adopted in 2016 covered a 10-year horizon from Fiscal Year (FY) 2018 through FY 2027. From late 2019 through early 2021, an update to the original Wake County Transit Plan was developed that extends the financially constrained horizon of the plan an additional three (3) years through 2030. This update to the Plan is a relatively minor update that takes stock of the transit investments and projects originally planned through 2027, considers the impacts and performance of investments accomplished to date, and reevaluates the remaining transit investments in light of:

- Available financial resources and schedule feasibility through the extended 2030 horizon;
- Priorities and attitudes toward expected outcomes from transit investments that are informed by transit implementation partners and robust public and stakeholder input; and
- The current and future market demand and associated need for transit investments.

Through this process, investments programmed for future years in prior Work Plans (including and prior to FY 2021) were rescheduled after rebalancing updated revenue assumptions that were tempered by the economic impacts of the COVID-19 pandemic with updated cost assumptions, particularly for significant capital projects based on further feasibility study. The CAMPO and GoTriangle governing boards will consider adoption of the update to the Wake County Transit Plan in April of 2021. This FY 2022 Recommended Wake Transit Work Plan is the first annual Work Plan that reflects this rescheduling and rebalancing of investments for FYs 2022-2030.

### **Contents of the FY 2022 Recommended Wake Transit Work Plan**

The FY 2022 Recommended Wake Transit Work Plan balances the careful use of taxpayer dollars with thoughtful investment in transit. Enclosed are:

- The FY 2022 Recommended Wake Transit Operating and Capital Budgets and corresponding project sheets (project profiles);
- Updated financial assumptions for key metrics and parameters that drive the financial solvency of Wake County Transit Plan implementation for FY 2022 and beyond;
- Multi-year operating and capital investment programs (included in the Appendix), which serve as planning tools that detail future investments that are anticipated in future Wake Transit Work Plans. Project scopes and financial details associated with the future-year projects in these programs will be refined during the annual budgeting process associated with future-year Work Plans.

Specific operating and capital funding agreements will be executed upon adoption of the FY 2022 Wake Transit Work Plan that detail the expectations, roles, and responsibilities of all parties. No Wake Transit Tax Revenue shall be spent prior to execution of corresponding operating and/or capital agreements.

The FY 2022 Recommended Wake Transit Work Plan is also responsive to prior public and agency input received during outreach that was conducted for the FY 2021 Work Plan and its subsequent amendments, as well as from the robust outreach and solicitation of input conducted for the Wake County Transit Plan Update in August, September, and November of 2020. The FY 2022 Recommended Wake Transit Work Plan puts a significant amount of emphasis on investment in infrastructure and facilities that support bus operations, as well as toward further development and design of the Wake Bus Rapid Transit: Western Corridor. The FY 2022 Recommended Wake Transit Work Plan also allocates funding toward an update to the Wake Bus Plan to refine our strategic phasing of planned bus service expansion over the next several years and further define bus service details. The FY 2022 Recommended Wake Transit Work Plan includes some additional investment in bus service expansion, as well as in staffing resources needed to continue ongoing implementation.

## TPAC (Transit Planning Advisory Committee)

Per the Wake Transit Governance Agreement, the TPAC recommends and then the CAMPO Executive Board and GoTriangle Board of Trustees consider adoption of the Work Plan for it to be in put into action. To better inform the TPAC's recommendation to these boards, the FY 2022 Draft Wake Transit Work Plan was open to a public review and comment period between February 19<sup>th</sup> and March 21, 2021. The input received from the comment period was carefully considered by the TPAC for incorporation into the FY 2022 Recommended Wake Transit Work Plan and into other regional or local transit funding programs.

## **FY 2022 RECOMMENDED WAKE TRANSIT WORK PLAN OPERATING BUDGET**

### **FY 2022 REVENUES**

A total of \$110.7 million is budgeted in the Recommended Wake Transit Work Plan for fiscal year (FY) 2022. For this fiscal year, dollars funded by the Wake County Tax District rely on a mixture of local funding sources. The largest source of local funds is the half-cent local option sales tax. On November 8, 2016, Wake County voters approved a levy of a half-cent sales tax to fund public transportation systems. Administered by GoTriangle, the local sales tax went into effect on April 1, 2017. The FY 2022 Recommended Work Plan assumes the fifth full year of sales tax revenue, totaling \$98.0 million.

In addition to the half-cent sales tax, the FY 2022 Recommended Wake Transit Work Plan involves four other revenue sources.

- A \$7 county vehicle registration tax to fund transportation systems; \$6.7 million is budgeted for FY 2022.
- A \$3 dedication from the \$8 Regional Transit Authority Registration Tax; \$2.9 million is budgeted for FY 2022.
- A portion of the 5% vehicle rental tax allocated to Wake County; \$2.8 million is budgeted for FY 2022.
- Other Tax District revenues; \$370,000 is budgeted for FY 2022.

### **FY 2022 EXPENDITURES**

The expenditures described below are divided among three categories: expanded bus operations, dollars allocated to ongoing transit planning and overall transit plan implementation, and administration of the tax district.

#### **I. Total Bus Operations -- \$21.9 Million**

New Bus Operations: \$389,499

Continuation of Bus Operations Funded in Previous Work Plans: \$21.5 million

The FY 2022 Recommended Wake Transit Work Plan includes \$21.9 million for Bus Operations, of which approximately \$21.5 million is for the continuation of funding for services implemented in prior years, and approximately \$0.4 million is for new operations.

Bus operations contemplated in the FY 2022 Recommended Wake Transit Work Plan incorporate changes that were recommended as part of a recent update to the Wake County Transit Plan. The Wake County Transit Plan Update reprogrammed the current strategic phasing of bus services to an FY 2030 buildout of the bus network that was originally envisioned in the Wake County Transit Plan. The FY 2022 Wake Transit Work Plan continues to build on the previously approved work plans with recently authorized funding for service along Glenwood Avenue and added span and frequency on GoTriangle

Route 305. Funding is also included in the Recommended Work Plan for the continuation of the Youth GoPass initiative that allows teens aged 13 to 18 to ride regional transit fare free.

A. Continuation of Existing Service Funded in Prior Years: \$20.9 Million

The FY 2022 Recommended Wake Transit Work Plan continues the initial investments made in the previous years of Wake Transit Plan implementation. These include several new routes and increased span and frequency that was programmed under previous Wake Transit Work Plans by the City of Raleigh, Town of Cary, Wake County, Town of Wake Forest, Town of Apex, Town of Morrisville and GoTriangle. Additional information regarding these services may be found in the “Project Sheets for Continuing Projects Initiated in Prior Fiscal Years” section of the appendix, and the previous years’ Adopted Wake Transit Work Plans.

B. Other -- \$1.0 Million

Other funds for FY 2022 Bus Operations include an allocation of \$280,000 for fare strategy initiatives associated with mobile ticketing and fare capping, and an allocation of \$278,000 will be authorized for the continuation of the Youth GoPass Program. The FY 2022 Recommended Wake Transit Work Plan includes \$352,570 that will remain in the Community Funding Area Program fund balance. Additional information regarding these projects may be found in the “Project Sheets for Continuing Projects Initiated in Prior Fiscal Years” section of the appendix, and the previous years’ Adopted Wake Transit Work Plans.

**II. Transit Plan Administration -- \$4.7 Million**

New Transit Plan Administration – \$360,000

Continuous Transit Plan Administration -- \$4.3 million

A. New Transit Plan Administration -- \$360,000

A total of \$135,000 is included for the Town of Cary to hire a new Transit Planner. The Transit Planner will be working with the Towns of Apex and Morrisville on transit service initiatives and will assist with other Wake Transit initiatives. The Town of Cary is also allocated \$200,000 to fund miscellaneous operating expenses associated with its next steps to acquire land for a Downtown Multi-Modal Center to be located in downtown Cary.

**B. Continuation of Existing Transit Plan Administration -- \$4.3 Million**

The FY 2022 Recommended Wake Transit Work Plan allocates approximately \$4.3 million originally budgeted in prior years for staffing, marketing, and other administration costs. Funds are included for project implementation staff and 13.1 full-time equivalents (FTEs) at GoTriangle, three (3) FTEs at CAMPO, seven (7) FTEs at City of Raleigh, and five and a half (5.5) FTEs at Town of Cary. Also included in this budget are dollars related to marketing, customer and community surveys, customer feedback system, contracted services, property maintenance and appraisals, leases, office expenses, and other legal and administrative expenses. Additional information regarding these and other prior year recurring expenses may be found in the “Project Sheets for Continuing Projects Initiated in Prior Fiscal Years” section of the appendix, and the previous years’ Adopted Wake Transit Work Plans.

**III. Total Tax District Administration -- \$501,338**

New Tax District Administration -- \$0

Continuous Tax District Administration -- \$501,338

Tax District Administration provides financial and regulatory oversight of the tax district. The FY 2022 Recommended Wake Transit Work Plan includes dollars originally budgeted in prior years for staffing, financial advisor services, and auditing services. Additional information regarding these prior year recurring expenses may be found in the “Project Sheets for Continuing Projects Initiated in Prior Fiscal Years” section of the appendix, and the previous years’ Adopted Wake Transit Work Plans.

FY 2022 Recommended Wake Transit Work Plan:  
Operating Project Sheets  
New Projects

## **Tax District Administration - TO001**

**New FY 2022 Projects**

<b>Project ID</b>	TO001-F	<b>Project Category</b>	Tax District Administration	<b>Project Subcategory</b>	Staffing & Administrative Expenses
-------------------	---------	-------------------------	-----------------------------	----------------------------	------------------------------------

### Project Description:

This project combines projects TO001-A (1.0 FTE for Financial Oversight of Tax District), TO001-D (1.0 FTE for Budget and Finance Manager), and TO001-E (Tax District Administrative Assistant), which were initiated in FY 2017, into a single allocation for a tax district administration finance team. The 2.5 FTEs will be responsible for producing annual operating and capital budgets and ordinances (and amendments thereto), updating the Wake Transit financial plan/model, developing operating and capital funding agreements, developing quarterly and annual financial reports, coordinating integration of proposed plans into the budget, monitoring spending to ensure the Wake Transit budget stays balanced through quarterly reporting processes, and reviewing reimbursement submissions from Wake Transit project sponsors.

Costs associated with these FTEs include salary, benefits, professional development needs, supplies, and accessory administrative expenses related to the function of the employee's work.

### Project at a Glance

Project Title	2.5 FTE: Tax District Administration Finance Team
Agency	GoTriangle
FY 2022 Costs	\$343,590
FY 2023 Programmed Cost	\$352,180
Funding Source	Wake Transit Tax Proceeds
Start Date	July 2021

## **Transit Plan Administration - TO002**

**New FY 2022 Projects**

<b>Project ID</b>	TO002-AW	<b>Project Category</b>	Transit Plan Administration	<b>Project Subcategory</b>	Administrative Expenses
-------------------	----------	-------------------------	-----------------------------	----------------------------	-------------------------

### Project Description:

The Town of Cary concluded a feasibility study in 2020 to identify a viable site downtown to locate a multi-modal transit center that will tie together a number of transit modes planned to converge in Cary. The site selected by the Town involves the acquisition of a number of land parcels just to the west of the existing Cary Depot facility. The Town of Cary is currently working with the Federal Transit Administration (FTA) to initiate the National Environmental Policy Act (NEPA) environmental review process. Depending on the class of action assigned by FTA, this process could take 6-12 months to complete. Some current tenants are in the process of leaving the property, but the Town is not permitted to negotiate the purchase of property within the project area until a NEPA determination has been made. Per federal regulations, the Town will be responsible for relocation costs for any tenants or residents when the negotiation for purchase of property begins. This project funding allocation will allow the Town to temporarily lease vacant spaces through protective leases, thus avoiding larger relocation costs later at the time of property purchase. This is anticipated to be a one-year project funding allocation but could be longer based on the timing of the NEPA determination.

### Project at a Glance

Project Title	Downtown Multimodal Center - Temporary Real Estate Carrying Costs
Agency	Town of Cary
FY 2022 Costs	\$200,000
Funding Source	Wake Transit Tax Proceeds
Start Date	July 2021

Project ID	TO002-AX	Project Category	Transit Plan Administration	Project Subcategory	Contracted Services
------------	----------	------------------	-----------------------------	---------------------	---------------------

Project Description:

This project allocation would support GoTriangle's financial participation in the North Carolina State University Triangle Regional Model Service Bureau contract. The amount allocated to project TO002-AX represents the Wake Share (50%) of the 20% local share for GoTriangle's total financial participation in the contract, which totals \$250,000. This contribution will support travel demand modeling work that informs the development of future transit operating and capital projects and potential improvements to existing services.

------------	----------	------------------	-----------------------------	---------------------	----------

Project Description:

The Town of Cary will employ one (1) full-time equivalent (FTE) staff position to function as a Transit Planner. Administrative expenses will also be incurred related to the function of the employee's work. The position will be responsible for, but not limited to:

- Ongoing planning efforts related to Town of Apex and Town of Morrisville transit service
- Assisting in the development of short- and long-range plans for the implementation of new and/or modified fixed-route service
- Managing the bus stop improvement program funded by Wake Transit
- Participating in Wake Transit sub-committees and core technical teams
- Assisting with Wake Transit-funded facility planning efforts

**New FY 2022 Projects**

<b>Project ID</b>	TO005-C	<b>Project Category</b>	Bus Operations	<b>Project Subcategory</b>	Bus Service
-------------------	---------	-------------------------	----------------	----------------------------	-------------

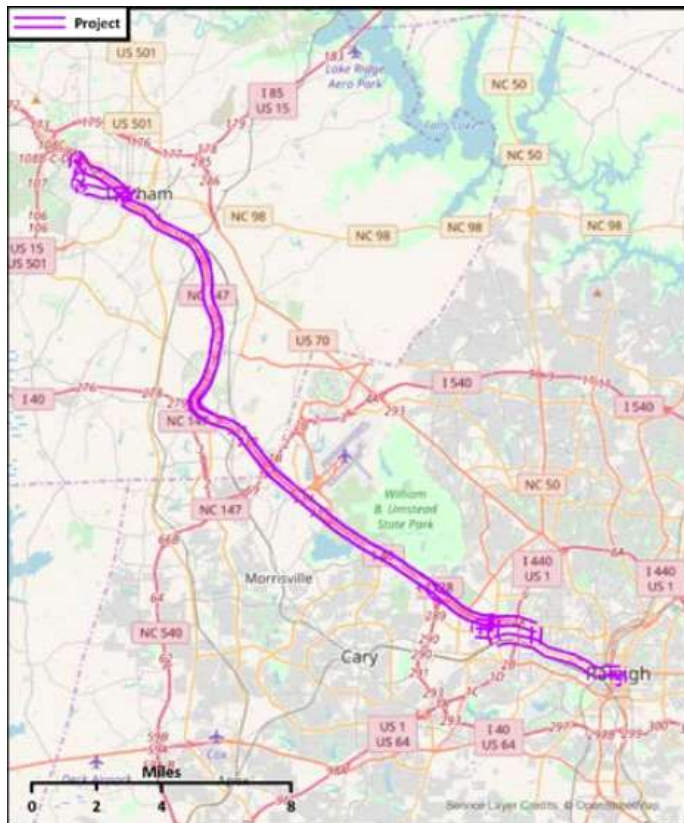

## Project Description:

GoTriangle will continue to provide additional trips on the Durham-Raleigh Express (DRX) between Downtown Durham, Duke University/VA Medical Centers and Downtown Raleigh. The funding for this project matches both a previous and continuing Durham County investment for Route DRX allowing added frequencies on the route. Before this investment, the DRX ran every 30-45 minutes, but now runs every 15-30 minutes.

Beginning in FY 2022, GoTriangle is proposing an additional three (3) trips on the DRX, with funding to be provided from Durham County Transit Tax proceeds to match the Wake County contribution. The additional DRX trips starting in FY22 are intended to improve customer experience by allowing for better coordination of span of service, service frequency, and transfers between the DRX route and other routes.

## Project at a Glance

Project Title	Additional Trips for Durham-Raleigh Express
Agency	GoTriangle
FY 2022 Costs	\$288,110
FY 2023 Programmed Cost	\$295,313
Funding Source	Wake Transit Tax Proceeds, Durham County Transit Tax Proceeds
Start Date	August 2018
Service Span	5:55 - 9:45am, 2:50 - 8:00pm, Monday - Friday
Off-Peak Frequency	N/A
Peak Frequency	15 - 30 minutes
Assets	6 - 40' buses
Major Destinations	Downtown Durham, NCSU, Downtown Raleigh, Duke & VA Medical Centers
Transit Centers	GoRaleigh Station, GoDurham Station

## **FY 2022 RECOMMENDED WAKE TRANSIT WORK PLAN CAPITAL BUDGET**

The FY 2022 Recommended Wake Transit Work Plan includes capital funds for vehicle acquisition and the planning, design and construction of major infrastructure required to support new transit service and expansions. In future years, capital projects contemplated in the Wake County Transit Plan are dependent on several factors, including successful receipt of federal and/or state grant awards.

### **FY 2022 REVENUES**

The FY 2022 Recommended Wake Transit Work Plan includes \$81.3 million for capital projects and \$47.1 million allocated to capital fund balance for a total FY 2022 capital budget of \$128.4 million. These projects are funded by a combination of local revenues and federal funds.

### **FY 2022 EXPENDITURES**

#### **I. Bus Infrastructure -- \$55.5 Million**

The Wake County Transit Plan envisioned capital infrastructure to support a rapidly growing local bus network. This infrastructure includes transfer points, transit centers, park-and-ride lots, bus stop and sidewalk improvements, bus maintenance facilities, street-side facilities, advanced technologies and other improvements. The FY 2022 Recommended Wake Transit Work Plan continues to build on the investments for which funding has been allocated in previous Work Plan years to support the implementation of the 10-year Wake Transit Bus Plan. For FY 2022, funds are allocated for improvements that lay the groundwork to support future service expansion when implemented and offer an improved passenger experience on many of the existing services.

##### Operations and Maintenance Facilities

The FY 2022 Recommended Work Plan allocates \$35.0 million to the Town of Cary to begin construction of a Bus Operations and Maintenance Facility (BOMF). An Administration/Operations Facility Assessment Study was completed in 2011, indicating that the GoCary system could realize substantial efficiencies by owning its own transit facility. Previous Work Plans allocated funds for the design of this facility.

The City of Raleigh is allocated \$4.0M to design a new Paratransit Operations and Maintenance Facility that would accommodate both GoRaleigh Access and GoWake Access operations. The new facility would provide both operations adequate space to accommodate existing and future growth of the program.

##### Bus Stops, Park & Ride Facilities, and Transit Centers

The FY 2022 Recommended Wake Transit Work Plan provides funds of \$2.0M to the City of Raleigh for bus stop improvements throughout the GoRaleigh bus network. These

locations will include clear signage that will meet Americans with Disabilities Act (ADA) standards and have passenger amenities ranging from benches to shelters. The Town of Cary is allotted \$776K to design and construct new bus stops along the future Route 9A. This future route will connect Downtown Cary to GoRaleigh's Route 9 via Trinity Road and Chapel Hill Road at the state fairgrounds.

The City of Raleigh is allocated \$544,800 to design and acquire land for four (4) transfer facilities. Potential locations for these transfer facilities include Hillsborough/Oberlin, Brier Creek Commons, Clark/Oberlin, Cameron Village, Avent Ferry/Gorman, and Wilmington/Pecan. A total of \$647,808 is allocated for transit center updates at Crabtree Valley Mall and Triangle Town Center. The Recommended Work Plan will provide GoTriangle \$166,500 towards design, land acquisition, and construction of Downtown Apex transfer point improvements and \$6.0M for design and land acquisition for the Regional Transit Center. The Recommended Work Plan also includes \$2.2M for GoTriangle to design and purchase property for park-and-ride locations in the vicinity of Interstate 440. Finally, GoTriangle is allocated \$52,500 to renovate and enhance several GoTriangle park-and-ride lots.

#### Technology Improvements

The FY 2022 Recommended Wake Transit Work Plan includes reserves of \$4.1 million for funding technology initiatives that support the Four (4) Big Moves. The moves identified in the voter-approved Wake County Transit Plan are (1) Connect Regionally, (2) Connect all Wake County Communities, (3) Frequent and Reliable Urban Mobility and (4) Enhanced Access to Transit. The regional technology integration study that concluded during FY 2020 will help guide how the funds will be disbursed in FY 2022.

### **II. Bus Acquisition -- \$12.8 Million**

The City of Raleigh is allocated \$12.8 million to purchase five (5) new buses associated with network expansion and replace 15 older fixed-route diesel vehicles with a possible mix of electric or compressed natural gas (CNG) vehicles. The City will also purchase four (4) replacement transit vehicles for demand-response/paratransit operations. The City will continue to review any potential use of local funds during the year to be allocated towards bus purchases. GoTriangle will utilize a combination of local funds and previously approved Wake Transit funds to replace and repower existing buses. The agency anticipates the replacement of six (6) existing buses to enhance the rider experience.

### **III. Bus Rapid Transit -- \$12.0 Million**

The City of Raleigh is allocated \$12.0 million for design advancement for The Wake Bus Rapid Transit (Wake BRT) Western Corridor project. The City will focus on completing final design (30-100%) and Project Development while continuing to coordinate for FTA Small Starts funding.

**IV. Capital Planning: \$650K**

GoTriangle is allocated \$650,000 to continue the process of updating the Multi-Year Wake Bus Plan. The study is anticipated to be completed during FY 2022 and help guide the next steps of bus service expansion for the Wake County Transit Plan. Included under the scope of the Bus Plan will be an Access to Transit Gap Analysis and Priorities Assessment Study. The study would be a systemwide assessment benefitting all transit users in Wake County. It will be used by regional planning agencies, municipalities, and project sponsors to inform programming and funding decisions.

**V. Community Funding Area: -- \$313K**

The Town of Knightdale is allocated \$50,000 to enhance the transit element of the Town's comprehensive transportation plan, and the Research Triangle Foundation is allocated a total of \$263,463 to focus on mobility hub enhancements.

**VI. Reserve for Future Projects and Debt Service -- \$47.1 Million**

Future years of Wake County Transit Plan implementation require an extensive capital outlay for major infrastructure projects. The original Wake County Transit Plan was modeled after establishing a five (5) percent capital fund balance as an overall reserve and measuring the plan's financial health and resources specified in the operating fund. During the process to update the Wake County Transit Plan, the capital fund balance was increased to include 10% of the assumed Wake BRT project costs and maintained a 5% rate for all other capital projects. This put the total rate for the full outlay of expenditures at 6.2%. Funds of \$47.1 million in FY 2022 will be added to the capital projects fund balance.

FY 2022 Recommended Wake Transit Work Plan:  
Capital Project Sheets

## **Vehicle Acquisition - TC001**

**New FY 2022 Projects**

<b>Project ID</b>	TC001-E	<b>Project Category</b>	Vehicle Acquisition	<b>Project Subcategory</b>	Fixed Route Expansion Vehicles
-------------------	---------	-------------------------	---------------------	----------------------------	--------------------------------

Project Description:

The City of Raleigh/GoRaleigh will purchase five (5) new 40-foot compressed natural gas (CNG) transit vehicles for fixed-route service, though electric vehicle (EV) models will be considered to support new bus services anticipated to begin in FY23.

Project at a Glance	
Project Title	Purchase 40-Foot Diesel, Compressed Natural Gas or Electric Buses
Agency	City of Raleigh
FY 2022 Costs	\$3,304,219
FY 2023 Programmed Cost	\$687,277
Funding Source	Wake Transit Tax Proceeds
Start Date	July 2021

Project ID	TC001-F	Project Category	Vehicle Acquisition	Project Subcategory	Fixed Route Replacement Vehicles
------------	---------	------------------	---------------------	---------------------	----------------------------------

Project Description:

The City of Raleigh / GoRaleigh will replace twelve (12) 40- foot diesel transit vehicles for fixed-route service. Replacement buses will be propelled by compressed natural gas.

Project at a Glance	
Project Title	Purchase 40-Foot Diesel, Compressed Natural Gas, or Electric Buses
Agency	City of Raleigh
FY 2022 Costs	\$9,073,893
FY 2023 Programmed Cost	\$1,374,555
Funding Source	Wake Transit Tax Proceeds
Start Date	July 2021

Project ID	TC001-J	Project Category	Vehicle Acquisition	Project Subcategory	Paratransit Replacement Vehicles
------------	---------	------------------	---------------------	---------------------	----------------------------------

Project Description:

City of Raleigh/GoRaleigh Access is acquiring four (4) replacement transit vehicles for its demand-response/paratransit operations.

Project at a Glance	
Project Title	Paratransit Replacement Vehicles
Agency	City of Raleigh
FY 2022 Costs	\$395,200
FY 2023 Programmed Cost	\$411,008
Funding Source	Wake Transit Tax Proceeds
Start Date	July 2021

## **Bus Infrastructure - TC002**

**New FY 2022 Projects**

Project ID	TC002-I	Project Category	Bus Infrastructure	Project Subcategory	Bus Stop Improvements
------------	---------	------------------	--------------------	---------------------	-----------------------

Project Description:

In FY22, GoRaleigh will make improvements to existing bus stop locations to enhance passenger safety and comfort. Improvements may include: Concrete pads, benches, shelters, signage, access ramps, and sidewalk improvements with a focus on improving stop locations with substandard facilities.

Project at a Glance	
Project Title	Systemwide Bus Stop Improvements
Agency	City of Raleigh
Phase	Design, Land / Right of Way, Construction
FY 2022 Costs	\$1,761,600
FY 2023 Programmed Cost	\$1,124,864
Funding Source	Wake Transit Tax Proceeds
Start Date	July 2021

<b>Project ID</b>	TC002-S	<b>Project Category</b>	Bus Infrastructure	<b>Project Subcategory</b>	Bus Stop Improvements
-------------------	---------	-------------------------	--------------------	----------------------------	-----------------------

### Project Description:

New bus stops will be installed as new and enhanced routes come into service in FY 2022 and later years.

Improvements may include:

- Concrete pads
- Benches
- Shelters
- Signage
- Access ramps
- Sidewalk improvements

Project at a Glance	
Project Title	Bus Stop Improvements for New Stop Locations
Agency	City of Raleigh
Phase	Design, Land / Right of Way, Construction
FY 2022 Costs	\$237,952
FY 2023 Programmed Cost	\$148,482
Funding Source	Wake Transit Tax Proceeds
Start Date	July 2021

Project ID	TC002-BH	Project Category	Bus Infrastructure	Project Subcategory	Bus Stop Improvements
Project Description:				Project at a Glance	
As part of the Community Funding Area Program, the Research Triangle Foundation (RTF) will complete final design and construction of transit-oriented mobility improvements in and around the Boxyard, Frontier, and HUB campuses at Research Triangle Park. The Wake Transit Tax Proceeds for this project will fund the following deliverables: 1. Active Modes Gateway: Inverted U-Bike Rack(s), Hydration Station, Bench, Waste Receptacle, Large Shade/Rain Structure, Space for Micromobility/Share parking; 2. Small Waiting Area: Bench(es), Inverted U-Bike Rack(s), Hydration Station, Trash Receptacle, Small Shade/Rain Structure; and 3. NC 54 Bus Stop Amenities: Inverted U-Bike Rack(s), Bench (if needed), Waste Receptacle, Small Shade/Rain Structure, Space for Micromobility/Share parking  After budgeting for the above deliverables, in order of priority, the funds may be used for the following additional amenities:  1. Multi-use path connecting western entrance to Boxyard with the existing transit and RTP-wide trail system including: widening path from 5 feet to 10 feet and the addition of lighting along the path; 2. Active transportation connections between the "Active Modes Gateway" and the RTP Boxyard/Frontier/HUB multi-use trail system; 3. Multi-Use Wayfinding Enhancements (Digital and/or Physical); 4. Digital Infrastructure for Shared Ride connectivity between Boxyard/Frontier/HUB campuses and the future Regional Transit Center; 5. Multi-use path connecting the "Active Modes Gateway" and the existing transit stop including: either widening the existing path from 5 feet to 10 feet or adding a separate 5-foot path on the opposite side of Park Offices Drive; 6. Addition of micromobilty digital and/or physical components; and 7. Crosswalk enhancements for connectivity between Boxyard/Frontier/HUB campuses and greater RTP trail network, which includes the future Triangle Bikeway trail.  The listed project cost includes funds to allow up to a 10% cost overage, as defined in the Community Funding Area Program Management Plan. Use of this additional 10% of project funds will require an increased match from RTF.				Project Title Research Triangle Park Mobility Hub Enhancements Agency Research Triangle Foundation Phase Final Design, Construction FY 2022 Costs \$263,463 Funding Source Wake Transit Tax Proceeds, Local Match Start Date July 2021	

Project ID	TC002-R	Project Category	Bus Infrastructure	Project Subcategory	Bus Stop Improvements
------------	---------	------------------	--------------------	---------------------	-----------------------

Project Description:

The Town of Cary / GoCary will design and construct a number of bus stops to support future Route 9A, which is scheduled to begin in FY 2023. Improvements will include the installation of concrete pads for safer and more comfortable boarding/alighting of buses, benches, bike racks, access ramps, sidewalks, and other associated amenities.

Project at a Glance	
Project Title	Bus Stop Improvements for New Routes
Agency	Town of Cary
Phase	Design, Construction
FY 2022 Costs	\$776,000
Funding Source	Wake Transit Tax Proceeds
Start Date	July 2021

Project ID	TC002-V	Project Category	Bus Infrastructure	Project Subcategory	Maintenance Facility Improvements
------------	---------	------------------	--------------------	---------------------	-----------------------------------

Project Description:

The City of Raleigh will advance design to ultimately construct a new GoRaleigh/GoWake Access Paratransit Operations and Maintenance Facility. The site will prioritize accommodating 100 vehicles and providing space for administrative and management functions, including dispatch and scheduling, call center operations, training facilities, and driver break rooms.

Project at a Glance	
Project Title	GoRaleigh / GoWake Access Paratransit Maintenance & Operations Facility
Agency	City of Raleigh
Phase	Design
FY 2022 Costs	\$4,000,000
FY 2023 Programmed Cost	\$13,800,000
Funding Source	Wake Transit Tax Proceeds
Start Date	July 2021

Project ID	TC002-E	Project Category	Bus Infrastructure	Project Subcategory	Maintenance Facility Improvements
------------	---------	------------------	--------------------	---------------------	-----------------------------------

**Project Description:**

The Town of Cary/GoCary will construct a Regional Bus Operations & Maintenance Facility, which will accommodate GoCary's growth for the foreseeable future, allow future expansion of service, and reduce ongoing operational costs associated with the currently leased operations facility. It may also serve as a site for fueling, repairs, and/or vehicle storage for other regional transit system vehicles.

Project at a Glance	
Project Title	Regional Bus Operations & Maintenance Facility
Agency	Town of Cary

Start Date	July 2021

<b>Project ID</b>	TC002-AI	<b>Project Category</b>	Bus Infrastructure	<b>Project Subcategory</b>	Park-and-Ride Improvements
-------------------	----------	-------------------------	--------------------	----------------------------	----------------------------

### Project Description:

GoTriangle will design and acquire land for a new 100-space park-and-ride facility for GoTriangle routes operating throughout west Raleigh, providing a service amenity to those traveling to North Carolina State University, downtown Raleigh, RDU Airport, and the Regional Transit Center (RTC).

The park-and-ride facility will primarily serve riders originating in western Raleigh and could include amenities such as shelters, benches, lighting, trash bins, maps and cases, signage, an emergency phone, security cameras, bike storage, and ADA improvements.

This project is subject to the Wake Transit Concurrence Framework. No funds may be reimbursed for land acquisition or advanced design (beyond 30%) before concurrence is achieved on a locally preferred alternative for the project. Further, land to be acquired for this project shall be subject to any applicable provisions set forth in a policy framework for the use of Wake Transit funds to acquire real property, as adopted by the CAMPO Executive Board and GoTriangle Board of Trustees.

Project at a Glance	
Project Title	New Hillsborough / I-440 Park-and-Ride
Agency	GoTriangle
Phase	Design, Land Acquisition
FY 2022 Costs	\$2,220,000
FY 2023 Programmed Cost	\$5,200,000
Funding Source	Wake Transit Tax Proceeds
Start Date	July 2021

<b>Project ID</b>	TC002-K	<b>Project Category</b>	Bus Infrastructure	<b>Project Subcategory</b>	Park-and-Ride Improvements
-------------------	---------	-------------------------	--------------------	----------------------------	----------------------------

Project Description:

GoTriangle will make improvements to existing park-and-ride facilities within Wake County. GoTriangle is completing a feasibility study to determine which park-and-ride facilities will need improvements based on existing conditions and ridership. Possible improvements for existing lots could include: enhanced shelter, large/small shelter, bench, lighting, trash bins, maps and cases, signage, emergency phone, security cameras, bike storage, and ADA improvements.

Project at a Glance	
Project Title	Existing Park-and-Ride Lot Improvements
Agency	GoTriangle
Phase	Construction, Amenity Installation
FY 2022 Costs	\$52,500
FY 2023 Programmed Cost	\$639,500
Funding Source	Wake Transit Tax Proceeds
Start Date	July 2021

<b>Project ID</b>	TC002-AL	<b>Project Category</b>	Bus Infrastructure	<b>Project Subcategory</b>	Transit Center / Transfer Point Improvements
-------------------	----------	-------------------------	--------------------	----------------------------	--

### Project Description:

GoRaleigh will implement updates to the Transit Center at Crabtree Valley Mall in FY 2022. The Crabtree Valley Mall is a major transit hub with multiple routes converging at the transit center. The existing bus stop is adjacent to a parking deck and offers shelter from the weather. Additional investments will be needed to support bus riders transferring between routes, including additional passenger amenities and information display.

The Wake Bus Plan recommends investing in the bus stop with additional passenger amenities, information and resources.

### Project at a Glance

Project Title	Crabtree Valley Mall Transit Center Updates
Agency	City of Raleigh
Phase	Design, Construction, Install Amenities
FY 2022 Costs	\$323,904
Funding Source	Wake Transit Tax Proceeds
Start Date	July 2021

<b>Project ID</b>	TC002-AM	<b>Project Category</b>	Bus Infrastructure	<b>Project Subcategory</b>	Transit Center / Transfer Point Improvements
-------------------	----------	-------------------------	--------------------	----------------------------	--

Project Description:

GoRaleigh will implement updates to the Transit Center at Triangle Town Center in FY 2022. There are currently two transit stops at Triangle Town Center. The main bus stop is located at the mall entrance. Park-and-ride spaces are located near the Orvis store along the access road. As more bus services meet at Triangle Town Center, both bus stops will need additional infrastructure to support bus riders making transfers between routes.

Project at a Glance	
Project Title	Triangle Town Center Transit Center Updates
Agency	City of Raleigh
Phase	Design, Construction, Install Amenities
FY 2022 Costs	\$323,904
Funding Source	Wake Transit Tax Proceeds
Start Date	July 2021

<b>Project ID</b>	TC002-BG	<b>Project Category</b>	Bus Infrastructure	<b>Project Subcategory</b>	Transit Center / Transfer Point Improvements
-------------------	----------	-------------------------	--------------------	----------------------------	--

**Project Description:**

The Multi-Year CIP programs new transit connections throughout the county that will be supported by enhanced transfer points. The transfer points may include: larger shelter(s); lighting; passenger information, including real-time information systems; and amenities to enhance passenger comfort (public Wi-Fi, benches, trash cans, bike racks).

Enhanced Transfer Points are assumed to include improvements to bus stop pairs (one on either side of the street, typically) to facilitate transfers between key routes in both directions, but project elements may vary by location. Identified GoRaleigh Systemwide Transfer Point Improvement Locations Include: Falls of Neuse/Spring Forest, Hillsborough/Oberlin, Clark/Oberlin, Brier Creek Commons, Avent Ferry/Gorman, Wilmington/Pecan, and Village District (Formerly Cameron Village). Funding provided in FY 2022 will support design and land acquisition for four (4) transfer point sites (\$266,400) and will cover approximately 26% of the construction costs (\$278,400) for the same four (4) sites. The remaining construction costs for the site will be covered by CAMPO Locally Administered Project Program funding in the amount of \$787,200.

## Project Description:

This project covers the costs for design, land acquisition, and construction for a new enhanced transfer point in downtown Apex near the intersection of N. Mason Street and Old Mill Village Drive that will serve multiple local and regional routes. Wake Transit funds provided for this project will be used to cover 50% of the project cost. The other 50% will be funded by the CAMPO Locally Administered Projects Program.

The investment will provide amenities such as:

- Larger shelters
- Lighting
- Passenger information systems
- Public Wi-Fi
- Benches
- Trash cans
- Bike racks
- Pedestrian access improvements

The total cost of developing and constructing this implementation element is \$333,000. Wake Transit Tax Proceeds will be providing the local match of \$166,500 for the Locally Administered Projects Program funding of \$166,500.

## Project at a Glance

Project Title	Downtown Apex Transfer Point Improvements
Agency	GoTriangle
Phase	Design, Land Acquisition, Construction
FY 2022 Costs	\$166,500

## Project Description:

The GoTriangle Regional Transit Center (RTC) is the primary hub for GoTriangle regional bus services connecting Wake, Durham, and Orange Counties. The first phase of this project was funded in FY 2019 and will be completed by the end of FY 2021. The initial phase included an evaluation of the current facility and identification of necessary passenger amenities and infrastructure improvements. The feasibility study evaluated location options that improve route efficiency. The second phase of work will begin in FY 2022 to design and acquire land for the new facility, while construction is scheduled to be funded in FY 2023. The assumed Wake County share of the total cost for the facility is 70%. Services anticipated to use the facility by 2030 include:

- GoDurham Route 12 (non-Wake Co)
- GoTriangle 100 Raleigh-RDU-RTC
- GoTriangle 310 Cary-Morrisville-RTC
- GoTriangle 311 Apex-RTC
- 700 Durham-RTC (non-Wake Co)
- 800 Chapel Hill-RTC (non-Wake Co)
- 805 Chapel Hill - Woodcroft - RTC (non-Wake-Co)
- NRX-North Raleigh Express
- On-demand services connecting RTP employers (non-Wake Co)
- TBD: Commuter Rail

This project is subject to the Wake Transit Concurrence Framework. No funds may be reimbursed for land acquisition or advanced design (beyond 30%) before concurrence is achieved on a locally preferred alternative for the project. Further, land to be acquired for this project shall be subject to any applicable provisions set forth in a policy framework for the use of Wake Transit funds to acquire real property, as adopted by the CAMPO Executive Board and GoTriangle Board of Trustees.

## Project Description:

The Wake Transit Bus Plan, which strategically programmed bus services throughout the county for Fiscal Years 2019 - 2027, will be updated through the FY30 horizon year, functioning as an implementation element of the Wake Transit Plan Update. The Wake Bus Plan Update will include a regional bus service assessment; a potential reevaluation of established bus service standards, measures, and targets; a potential reevaluation of the existing bus service and supporting capital project prioritization policy; identification of bus service project alternatives and development of a multi-year bus operations plan; development of a multi-year plan for supporting capital needs; and the development of transit provider-specific short-range transit plans for more immediate bus service investments. The Bus Plan Update will also include an access to transit gap/deficiency analysis and priorities assessment that will identify critical gaps in pedestrian/bicycle infrastructure connecting citizens to bus stops and stations, identify and prioritize improvements that address the gaps/deficiencies, and identify funding resources to support those improvements.

-------------------	---------	-------------------------	---------------	----------------------------	--

## Project Description:

As part of the Community Funding Area Program, the Town of Knightdale, in partnership with Wake County, will fund an enhancement to the scope of the Town's upcoming Comprehensive Transportation Plan's transit and transit-related chapters.

Deliverables of the enhanced chapters include:

Identifying how and where to improve transit-connected bicycle, pedestrian, and ADA-related infrastructure based upon current, planned, and aspirational transit services, paying particular attention to infrastructure for pedestrian crossings.

Investigating the role that micromobility (such as bikeshare or scooter-share) and/or microtransit (such as on-demand, demand-response, and ride-share services) infrastructure and services may play in providing first-mile/last-mile and/or whole trip solutions.

Developing recommendations for supporting and/or enhancing the current and planned fixed-route transit service serving the Town based upon transit propensity and market analyses. These recommendations may also include investigating the implementation of land use recommendations for transit-oriented development, as well as investigating what a path may look like for high-capacity transit services connectivity.

-------------------	----------	-------------------------	-------------------	----------------------------	-----------------------

### Project Description:

The City of Raleigh will complete final design (30%-100%) for the Wake Bus Rapid Transit (Wake BRT) Western Corridor identified in Wake County Transit Plan and will continue coordination of the project development phase for an FTA Small Starts Grant.

The Wake BRT: Western Corridor project extends from downtown Raleigh (GoRaleigh Station) to downtown Cary along Western Boulevard, a proposed Western Boulevard Extension, Cary Towne Boulevard, Maynard Road and Chatham Street (12 linear miles). This project serves various developments and institutions in western Raleigh and eastern/southeastern Cary, including North Carolina State University, Dorothea Dix Park, Pullen Park, Cary Towne Center, and the Fenton development. The Wake BRT: Western Corridor will provide more frequent (10-15 min peak and 20 min weekend), reliable transit service along the corridor including a minimum of 50% dedicated transit lanes and branded BRT stations.

Funding Source	Wake Transit Tax Proceeds
Start Date	July 2019

# **FY 2022 Recommended Wake Transit Work Plan**

WAKE COUNTY TRANSIT PLAN: IMPLEMENTATION

**FY 2022 Financial Model Assumptions Update**

## Financial Model Assumptions for FY 2022 Recommended Wake Transit Work Plan

The Transit Planning Advisory Committee (TPAC) has assigned GoTriangle as the lead agency to update the Wake Transit Financial Plan and the financial model. Per the Transit Interlocal Governance Agreement, the financial model shall contain the agreed upon operating and capital policies and guidelines mutually agreed to by the TPAC. The model also includes the multi-year capital and operating costs, as well as the liquidity targets and debt ratios relevant to rating agency metrics.

The financial model continues to reflect the Transit Plan's strategic approach in leveraging federal and state funds, combined with existing and new sources of local funding, to deliver projects that connect regionally, connect Wake County's communities, provide frequent urban mobility, and enhance access to transit. The plan continues to maintain the necessary liquidity measures and other metrics of fiscal health to support the goals of the Wake Transit Financial Plan. It adheres to the policies and guidelines of the Wake Transit Financial Guidelines approved by CAMPO and GoTriangle in June 2017. These policies are available at [www.waketransit.com](http://www.waketransit.com).

As detailed in the Wake County Transit Plan, the plan is fiscally constrained and is contingent on a variety of assumptions. The FY 2022 Recommended Transit Work Plan reflects assumptions that will evolve as information is modified and projections are updated to reflect actual results. The FY 2022 Recommended Work Plan continues to incorporate projects that were included in the Wake Bus Plan and further reviewed as part of the Wake Transit Plan Update process. The FY2022 Recommended Transit Work Plan continues to include the assumptions of competitive grant revenue for some of the Bus Infrastructure projects. The Recommended Work Plan also incorporates continued investments in the Community

Funding Area Program and the continued investments for all four (4) Bus Rapid Transit corridors.

Additionally, overall inflation assumptions, availability of local sources of revenue and growth assumptions, competition for federal funding for projects, successful access to capital markets, and regional partnerships will continue to influence the overall financial outlook of the Transit Plan. The FY 2022 Recommended Wake Transit Work Plan does assume some changes in the FY 2021 and FY 2022 Sales Tax projections to accommodate a growing economy, but one that is growing at a slightly slower pace compared to assumptions made in prior Wake Transit Work Plans.

Due to the COVID-19 pandemic, transit partners worked together on a unified strategy to limit unnecessary trips and reduce risks to customers and bus operators while maintaining access to essential workers. These steps included evaluating various services, suspending fare collection, utilizing different types of personal protective equipment (PPE) and instituting rear door passenger boarding. During these challenging times, transit partners continued to pay full wages to essential personnel, which include operators, maintenance staff and direct bus supervisors, while increasing spending on recommended health protocols designed to enhance driver and passenger safety. These strategies were initiated in FY20, continue to be implemented in FY21, and are anticipated to extend into FY22. Transit partners will continue to submit their final existing baseline transit funding contributions in good faith, and adjustments, if needed, will occur within the Wake Transit Financial model.

The FY 2022 Financial Model Assumptions Template details the assumptions made in the Wake Transit

Financial Plan adopted by GoTriangle, CAMPO, and the Wake County Board of Commissioners and compares those to the assumptions used to prepare the FY 2022 Recommended Wake Transit Work Plan. Operating costs and capital costs included in the model are shown in the multi-year operating program and capital improvement plan contained in the FY 2022 Recommended Transit Work Plan.

## Wake Transit Plan Model Assumptions - FY 2022 Recommended Wake Transit Work Plan

Assumption	Type	Wake Transit Plan Assumption	FY 2022 Proposed Assumption	Source	Impact/Notes
<b>Operating Revenues</b>					
<b>Tax District Revenues</b>					
Article 43 1/2 Cent Local Option Sales Tax	Growth Rate	4.0%	3.0%	Actuals for the first six months of collections for FY 2021; Blended projection for remaining six months.	FY 2022 assumption is \$6 million higher than adopted Wake Transit Plan. Growth percentage is lower than Adopted Wake Transit Plan to account for slower percentage growth anticipated in second half of FY 2021.
Vehicle Rental Tax	Growth Rate	2.5%	2.5%	Historical Growth	Based on actual collections in FY 2020 and first few months of FY 2021.
Vehicle Registration Tax, \$7.00 per Vehicle	Growth Rate	2.0%	2.0%	Historical Growth	Based on actual collections in FY 2020 and first few months of FY 2021.
Vehicle Registration Tax, \$3.00 per Vehicle	Growth Rate	2.0%	2.0%	Historical Growth	Based on actual collections in FY 2020 and first few months of FY 2021.
<b>Agency Revenues</b>					
State Share of Operating Costs					
State Maintenance Assistance Program	% of Costs	10%	10%		For existing service
Federal Share of Operating Costs					
Federal Formula Transit Grants Section (5307)	FTA Formula Inputs and Data Unit Value for Revenue Miles	54.7 cents/mile	54.5 cents/mile in FY22 then 42.2 cents/mile FY23 and beyond	FFY 2020 NTD Data Unit Values	Additional funds from route miles funded by the WTP programmed starting in FY 2021.
Farebox Recovery Ratios					Model assumes farebox for new service is part of recovery ratio and cash in plan. Farebox recovery for future years provided by agencies based on individual farebox recovery and projections for new routes.
Bus Rapid Transit (Operations Beginning in 2024)	% of Costs	24%	20%		The MIS BRT Design Standards and Performance Measures call for a minimum 20% farebox recovery.
Commuter Rail (Operations Beginning in 2027)	% of Costs	20%	20%		
Local Bus					
Raleigh	% of Costs	18.28%	0.00%	City of Raleigh	Farebox recovery is zero due to the impact of COVID19. Raleigh farebox is anticipated to actualize under baseline.
Cary	% of Costs	18.28%	0.00%	Town of Cary	Farebox recovery is zero due to the impact of COVID19. Cary farebox is anticipated to actualize under baseline.

Multi-Year Capital Improvement Plan Summary	198

## WAKE COUNTY TRANSIT PLAN: IMPLEMENTATION

### **FY 2022 Recommended Wake Transit Work Plan Appendix Multi-Year Operating Program & Capital Improvement Plan**

The Wake Transit Work Plan is created on a recurring annual cycle and includes, among other components, detailed information on projects to be implemented during the upcoming fiscal year. As each project in the fiscal year is part of a broader, multi-year program of projects aligned with the goals of the Wake County Transit Plan, the Transit Governance Interlocal Agreement charges the TPAC with producing a multi-year operating program and capital improvement plan for each annual Wake Transit Work Plan. These multi-year programs guide future work plans, provide a basis for tracking projects from one year to the next, allow project sponsors to appropriately plan for future implementation, and ensure that the projects undertaken each year are part of an effective and phased approach toward achieving the “Four Big Moves” described in the Wake County Transit Plan. For services and projects that are included in the multi-year operating program and capital improvement plan for FY 2023 and beyond, each project will be reviewed prior to its incorporation into future annual work plans to ensure the project is still viable and the timing is still appropriate.

This appendix focuses on projects initiated in fiscal years other than FY 2022, including operating projects initiated in prior fiscal years that continue into FY 2022 and subsequent years, as well as capital and operating projects anticipated for future investment.

Enclosed in this appendix are investment summaries and project profiles that detail the scopes of operating projects initiated in prior years that continue into FY 2022, and the FYs 2022-2030 multi-year operating program and capital improvement plan, which include project-level details for future investments. For future-year projects, project profiles are provided for projects that are planned to be initiated through FY 2024, which align with the planning horizon of short-range transit plans produced as part of the Wake Bus Plan for each fixed-route service provider in Wake County. An update to the Wake Bus Plan, which is expected to begin in FY 2021 and carry into FY 2022, will refine Wake County’s strategic phasing of planned bus service expansion for a number of years beyond FY 2024 and will further define bus service implementation details for those future investments. When complete, future Work Plans will reflect this expanded horizon, and bus service expansion project sheets with more specific details will be included in future Work Plans that look beyond FY 2024.

As mentioned in the introduction section of this FY 2022 Recommended Wake Transit Work Plan, an update to the original Wake County Transit Plan was developed from late 2019 through early 2021 that extends the financially constrained horizon of the plan an additional three (3) years through 2030. Through this process, investments programmed for future years in prior Work Plans (including and prior to FY 2021) were rescheduled after rebalancing updated revenue assumptions that were tempered by the economic impacts of the COVID-19 pandemic with updated cost assumptions, particularly for significant capital projects based on further feasibility study. The multi-year operating program and capital improvement plan components of this FY 2022 Recommended Wake Transit Work Plan reflect this rescheduling and rebalancing of investments for FYs 2022-2030.

## **Transit Plan Administration - TO002**

### **Continuing Projects**

<b>Project ID</b>	TO002-AS	<b>Project Category</b>	Transit Plan Administration	<b>Project Subcategory</b>	Administrative Expenses
<b>Project Description:</b>				<b>Project at a Glance</b>	
<p>Raleigh's Transit division has experienced significant growth over the last two years as a result of Wake Transit capital projects and the Wake Transit Plan's aggressive schedule for increases in bus services and supporting infrastructure. To consolidate administrative functions and staff, including administrative, planning and marketing/communications functions, the Transit division occupied the lower mezzanine space in Raleigh Union Station (RUS) in FY 21.</p> <p>The space is needed until a permanent office space is available for the division within the City of Raleigh's Civic Campus. A combination of dedicated and shared space comprised of office, conference room, and common areas will be made available to GoTriangle staff, as the existing GoTriangle offices located on West Street, next to RUS, await redevelopment.</p>				Project Title	Transit Office Space Lease for Transit Staff
				Agency	City of Raleigh
				FY 2022 Costs	\$160,464
				FY 2023 Programmed Cost	\$164,475
				Funding Source	Wake Transit Tax Proceeds
				Start Date	July 2020

<b>Project ID</b>	TO002-AA	<b>Project Category</b>	Transit Plan Administration	<b>Project Subcategory</b>	Administrative Expenses
-------------------	----------	-------------------------	-----------------------------	----------------------------	-------------------------

### Project Description:

GoTriangle will continue to lease facility space for the purpose of housing paratransit operations, vehicles & maintenance. This lease will give GoTriangle time to develop a long-term operations facility strategy and to design and plan for paratransit operations.

Wake Transit Tax Proceeds will fund 62% of costs based on total ACCESS trips performed in Wake County.

### Project at a Glance

Project Title	Paratransit Office Space Lease

Project Description:

GoTriangle will continue the use of a web-based customer feedback management system, integrated into the existing regional call center's phone system, to continue to improve transit agency responsiveness and accountability to transit customers. The system benefits GoRaleigh and GoCary, as well as GoTriangle. The system captures customer communications that come through web forms, phone calls, emails and social media and routes them to transit agency staff best suited to responding and resolving issues. The system allows transit agencies to gain new insights into repeat issues and allot transit agency staff to better focus on what is most important to customers. The system also provides greater transparency into the results of interactions with transit customers.

Project at a Glance	
Project Title	Customer Feedback Management System
Agency	GoTriangle

## Project Description:

GoTriangle will employ 4.5 FTEs for overall project implementation. This project is a consolidation of projects TO002-AM, -AN, and A3 and components of projects TO002-S and -T, which were authorized for funding and initiated in prior fiscal years. This staff will work on the following tasks:

Planning tasks: planning/prioritization for bus stop and park-and-ride improvements; management and technical consultant oversight; environmental planning and coordination with regulatory agencies for federally funded projects; and consultant oversight and technical support for CRT station area planning, travel demand modeling, etc.

Design/Engineering/Architecture tasks: field investigations, feasibility analysis, consultant oversight, and technical support for bus stop and park-and-ride improvements; design management, project coordination, and technical support for major facilities projects; feasibility analysis and implementation oversight for BOSS; and design management and technical support for CRT.

Construction Management tasks: project management, contractor oversight, and construction inspection.

Project Coordination and Controls Support tasks: managing coordination with GoTriangle's partners; facilitating productive partnering; promoting schedule and budget adherence; fostering timely conflict resolution; document management; contract administration; and project controls support including budget and schedule monitoring, risk management support, and reporting.

## Project at a Glance

Project Title	4.5 FTEs: Project Implementation Staff
Agency	GoTriangle
FY 2022 Costs	\$538,138
FY 2023 Programmed Cost	\$551,592
Funding Source	Wake Transit Tax Proceeds
Start Date	July 2020

Project ID	TO002-AT	Project Category	Transit Plan Administration	Project Subcategory	Staffing
------------	----------	------------------	-----------------------------	---------------------	----------

Project Description:

GoTriangle will continue to employ 3.5 full-time equivalent (FTE) employees in FY21. Of the total 3.5 FTEs, 2.5 of the FTEs are a consolidation of staffing that was authorized for funding and initiated in FYs 2018 and 2019.

Of the 3.5 FTEs, 1.5 FTEs will focus on public outreach and communications activities, including continuing to lead proactive community engagement and public input solicitation for the annual work plan, Wake Transit Plan updates, commuter rail project, and GoTriangle bus service projects and will continue to provide support as needed to municipalities through the Community Funding Area Program. The Community Engagement team will also provide outreach support for ongoing and future projects with broader regional implications, including but not limited to, fare capping, mobile ticketing, Youth GoPass and free rides for seniors.

The remaining 2.0 FTEs will work to meet the required Wake Transit program-level public involvement coordination and planning tasks defined by the TPAC. These positions will work on introducing and/or improving strategic public engagement activities for implementation of the Wake Transit Plan and on coordination of engagement activities with other Wake Transit Plan implementation partners. Costs associated with these FTEs include salary, benefits, professional development needs & supplies, and accessory administrative expenses related to the function of the employee's work.

Project at a Glance

**Project Description:**

GoRaleigh will provide complementary Americans with Disabilities Act (ADA)-compliant paratransit services to coincide with its Wake Transit-funded fixed-route services.

This project does not involve additional funds for GoRaleigh's complementary ADA paratransit services beyond that which has previously been authorized and allocated. Prior to FY 21, funding for GoRaleigh's complementary ADA services that tie to its Wake Transit-funded routes was disaggregated and rolled into the individual project funding allocation for each route. This project was created by reallocating to a single project the ADA funding previously allocated to each route to cover all of GoRaleigh's complementary ADA services that tie to its Wake Transit-funded fixed-route services.

### Project Description:

The City of Raleigh will continue to provide local bus services throughout the northwestern area of Raleigh. The Northwest Raleigh Route Package includes services along these primary corridors:

- Blue Ridge Road
- Clark/Dixie Trail
- Edwards Mill Road
- Creedmoor Road

These routes replaced the existing Route 4 Rex. All of the existing portions of the Rex route are covered while adding service to Blue Ridge Road and Edwards Mill Road. The Blue Ridge Corridor provides service along Blue Ridge Road from Crabtree Valley Mall, Rex Hospital and down to Western Boulevard, providing access to the North Carolina Museum of Art and making regional connections with GoTriangle at Western Boulevard and Hillsborough Street.

## Project Description:

GoTriangle will continue to provide peak-period express service between Fuquay-Varina and Downtown Raleigh. The route started out as a provision to mitigate congestion during North Carolina Department of Transportation's Fortify construction project on I-40 and was funded by the State. As the Fortify project ended, the service was funded using Wake Transit tax proceeds.

The frequency for the service will continue at every 60 minutes during peak periods (M-F, 6-9 AM; 4-6:45 PM).

## Project at a Glance

## Project Description:

GoTriangle will continue to operate Route 100 every 30 minutes from 6:10 AM to 7:25 PM Monday-Friday and from 7:30 AM to 7:15 PM on Saturday. This is an improvement in frequency from the FY17 levels of service (which provided hourly service all day Saturday and from 9:45 AM to 3:30 PM Monday-Friday, as well as half-hour service during morning and afternoon peak periods) and will continue in this fiscal year and future years.

Also, GoTriangle will continue to operate Route 100 on Sundays from 6:40 AM to 9:15 PM, with hourly frequencies during this span. This represents an expansion of the FY18 Sunday service span by 2 hours.

## Project at a Glance

## Project Description:

Route 305 was a pre-existing regional route providing weekday peak commuter service between the Lake Pine area of Apex and Raleigh with three (3) to four (4) trips in each direction in the morning and afternoon on weekdays.

Building upon the Route 305 extension of hourly peak service southwestward to Holly Springs in FY 21, GoTriangle also expanded Route 305 by adding: 1) 30-minute service during the peak between Holly Springs and Raleigh; 2) hourly service during the midday between Apex and Raleigh; 3) extended service in the evening between Apex and Raleigh; and 4) all day hourly service on Saturdays and Sundays between Apex and Raleigh.

GoCary will provide complementary Americans with Disabilities Act (ADA)-compliant paratransit services to coincide with its Wake Transit-funded fixed-route services, including for the Weston Parkway route and for Sunday and holiday service on all pre-existing routes (prior to FY 2018)

This project does not involve additional funds for GoCary's complementary ADA paratransit services beyond that which has previously been authorized and allocated. Prior to FY 21, funding for GoCary's complementary ADA services that tie to its Wake Transit-funded routes was disaggregated and rolled into the individual project funding allocation for each route. This project was created by reallocating to a single project the ADA funding previously allocated to each route to cover all of GoCary's complementary ADA services that tie to its WakeTransit-funded fixed-route services.

### Project at a Glance

Project Title	GoCary Complementary ADA Services
Agency	Town of Cary
FY 2022 Costs	\$132,360
FY 2023 Programmed Cost	\$135,669
Funding Source	Wake Transit Tax Proceeds
Start Date	July 2021

Project ID	TO005-H	Project Category	Bus Operations	Project Subcategory	Bus Service
------------	---------	------------------	----------------	---------------------	-------------

Project Description:

GoCary will continue serving Weston Parkway and the Park West Village shopping area. This new route was authorized for funding in FY 2019. In FY 2021, Monday-Saturday off-peak frequency for this service was increased from every 60 minutes to every 30 minutes. Paratransit service for the new Weston Parkway route service area will be implemented under project TO005-BI in accordance with Federal and Town of Cary service provision policies.

Project at a Glance	
Project Title	Weston Parkway Route
Agency	Town of Cary
FY 2022 Costs	\$946,908
FY 2023 Programmed Cost	\$970,581
Funding Source	Wake Transit Tax Proceeds
Start Date	January 2021 (funded July 2018)
Service Span	6:00am-10:00pm
Off-Peak Frequency	30 minutes
Peak Frequency	30 minutes
Assets	GoCary Fleet
Major Destinations	Weston Parkway, Park West Village Shopping Center, James Jackson Avenue
Transit Centers	Cary Depot

<b>Project ID</b>	TO005-BG	<b>Project Category</b>	Bus Operations	<b>Project Subcategory</b>	Bus Service
-------------------	----------	-------------------------	----------------	----------------------------	-------------

## Project Description:

As part of the Community Funding Area Program, the Town of Morrisville will continue operation of an intra-community node-based smart shuttle. The smart shuttle operates as a shared shuttle that serves customers via designated pickup and drop-off locations, or nodes, that are served upon request rather than on a fixed schedule. Customers can request service over the telephone, on the internet, or by using a smartphone application. The service is envisioned to be operated from 6 a.m. to 9 p.m. on weekdays, Saturdays, and Sundays.

## Project at a Glance

Project Title	Operation of Node-Based Smart Shuttle
Agency	Town of Morrisville
FY 2022 Costs	\$338,800
FY 2023 Programmed Cost	\$347,270
Funding Source	Wake Transit Tax Proceeds and Local Match
Start Date	June 2021
Service Span	Weedays, Sat, & Sun: 6:00 AM - 9:00 PM
Off-Peak Frequency	N/A
Peak Frequency	N/A
Assets	GoCary Fleet
Major Destinations	Research Triangle Park, Wake Tech, Downtown Morrisville, Additional Major Destinations TBD
Transit Centers	GoTriangle Regional Transit Center

<b>Project ID</b>	TO005-AA	<b>Project Category</b>	Bus Operations	<b>Project Subcategory</b>	Bus Service
-------------------	----------	-------------------------	----------------	----------------------------	-------------

## Project Description:

As part of the Community Funding Area Program, the Town of Wake Forest, in partnership with the City of Raleigh / GoRaleigh, will continue its reverse circulator that adds service in the opposite direction of its original circulation loop.

## Project at a Glance

Project Title	Wake Forest Loop: Reverse Circulator
Agency	Town of Wake Forest
FY 2022 Costs	\$366,083
FY 2023 Programmed Cost	\$375,235
Funding Source	Wake Transit Tax Proceeds and Local Match
Start Date	January 2020
Service Span	Weekdays and Saturdays: 6:00 AM - 8:00 PM
Off-Peak Frequency	60 minutes, two way
Peak Frequency	60 minutes, two way
Assets	GoRaleigh Fleet
Major Destinations	Downtown Wake Forest, Wakefield Commons, Wake Forest Crossing, CVS Pharmacy
Transit Centers	Wake Forest Park-and-Ride

<b>Project ID</b>	TO005-L3	<b>Project Category</b>	Bus Operations	<b>Project Subcategory</b>	Other Bus Service
-------------------	----------	-------------------------	----------------	----------------------------	-------------------

## Project Description:

For youth ages 13-18, transit agencies in Wake County will continue to offer a 'Youth GoPass' program. These fare passes are issued by GoRaleigh, GoCary or GoTriangle with valid K-12 School ID Cards, or with transit agency issued identification cards.

GoRaleigh, GoCary, and GoTriangle, in partnership with Wake County, will continue to work with schools along Wake County's bus network to issue the passes. Passes will also continue to be available to those with a valid ID at GoRaleigh Station, the Town of Cary Finance Department, the GoTriangle Regional Transportation Center, public libraries in Wake County, and Wake County regional centers.

This project covers the cost of offsetting fares that would have been collected by GoRaleigh, in addition to purchasing the supplies needed for this program.

## Project at a Glance

Project Title	Youth GoPass Program
Agency	City of Raleigh
FY 2022 Costs	\$211,641
FY 2023 Programmed Cost	\$216,932
Funding Source	Wake Transit Tax Proceeds (Wake County \$7 Vehicle Registration Tax)
Start Date	July 2018

<b>Project ID</b>	TO005-E	<b>Project Category</b>	Bus Operations	<b>Project Subcategory</b>	Other Bus Service
-------------------	---------	-------------------------	----------------	----------------------------	-------------------

**Project Description:**

The Regional Call Center, housed at GoTriangle, serves all transit agencies and their customers for a variety of customer service needs related to regional and local transit operations throughout the Triangle Area. Due to the weekend span increases implemented in FY 2018 and subsequent years, the Regional Call Center service hours were extended, and the Regional Call Center now operates until 10:00 PM on weekends. These extended hours will continue in this fiscal year.

Project at a Glance

<b>Project ID</b>	TO005-W	<b>Project Category</b>	Bus Operations	<b>Project Subcategory</b>	Other Bus Service
<b>Project Description:</b>				<b>Project at a Glance</b>	
In FY2019, Wake County transit providers produced an updated fare strategy. The outcome of this collaborative effort includes making rates uniform for trip types across agencies and a fare capping strategy in conjunction with fare payment technology upgrades including mobile ticketing and smart cards.				Project Title	Hold Harmless Subsidy for Implementation of Countywide Fare Strategy
It is expected that there will be financial impacts for each agency as a result of these regional changes. This project places funds in reserve to hold GoRaleigh, GoTriangle, and GoCary harmless against any reduction of fare revenue as a result of implementing this uniform fare strategy. These earmarked funds will continue to be assigned to project sponsors through Work Plan amendments and will be dependent on methodology developed by a Fare Working Group.				Agency	Reserve
				FY 2022 Costs	\$119,925
				FY 2023 Programmed Cost	\$122,923
				Funding Source	Wake Transit Tax Proceeds (Wake County \$7 Vehicle Registration Tax)

Project ID	TO005-G1	Project Category	Bus Operations	Project Subcategory	Other Bus Service
------------	----------	------------------	----------------	---------------------	-------------------

Project Description:

Wake County's Health & Human Services Department, which implements the Wake Coordinated Transportation System (WCTS) service (GoWake Access) across the county, will continue to provide additional demand-response trips for Wake County residents who are eligible based on age and/or disability in areas of the County that are not served by existing fixed-route transit services. Additionally, this project will provide general public demand-response trips for Wake County residents in rural areas of the county. These demand-response trips will complement the existing fixed-route system by linking rural residents currently without access to those transportation resources.

Project at a Glance	
Project Title	Rural General Public and Elderly and Disabled Demand Response Service Expansion
Agency	Wake County
FY 2022 Costs	\$523,000

------------	----------	------------------	----------------	---------------------	-------------------

Project Description:

Wake County's Health & Human Services Department, which implements the Wake Coordinated Transportation System (WCTS) service (GoWake Access) across the county, will continue to receive funding to serve as a local match source to expand its call center resources. This project includes the conversion of three temporary call center representatives to four full-time, permanent call center representatives to reduce the call wait time and increase service levels for clients utilizing WCTS. Wake Transit Funds are proposed to be matched with Wake County General Funds and State Funds to support the positions.

*The services reflected in the above table will be supported by a combination of Wake Transit revenues; other local, state, and federal funds; and farebox revenues.												
**GoRaleigh Route 31 is currently proposed to be implemented without the assistance of Wake Transit revenues. However, it is included in the multi-year operating program to provide the full picture of route improvements and adjustments that will be made for the bus service expansion tier of the Wake Transit investment portfolio.												
<b>Notes:</b> New GoRaleigh Routes 23 (Millbrook), 29 (Garner-Wake Tech), and 34 (Wake Tech North) and additional trips on GoTriangle's NRX route were originally included for investment in the FYs 2018-2027 Wake Bus Plan and Multi-Year Operating Program. Due to funding limitations identified through the Wake Transit Plan Update and the FY 21 Wake Transit Work Plan reassessment process in which projects were reprioritized and reprogrammed to rebalance expenditures with reduced revenue assumptions, financial capacity for these investments has not been identified within the 2030 Wake County Transit Plan horizon. As plan implementation continues and revenue and expenditure assumptions are refined for the full Wake Transit program, investment in these services will continue to be considered for potential funding. While Routes 29 and 34 could not be included, the Wake Tech North campus is currently served and will continue to be served by GoRaleigh Route 25L: Triangle Town Link. The Wake Tech South campus is currently served and will continue to be served by GoRaleigh Route 40X: Wake Tech Express. The new Route 29: Garner-Wake Tech would only operate when Route 40X is not otherwise operating due to campus closures for breaks, holidays, weather events, etc.

## **Bus Operations - TO005, 004, 003**

**Future Year Projects**

<b>Project ID:</b>	TO005-AG	<b>Project Type:</b>	Bus Operations/Bus Service
--------------------	----------	----------------------	----------------------------

**Project Description:**

The alignment of the existing Buck Jones route will change to provide more direct service from Cary Depot to Cary Towne Center by running on Walnut Street in FY 2020, connecting with GoTriangle Routes 300 and 305 at Hillsborough and Jones Franklin. Starting in FY 2023, the route will be renamed to Route 9B and will be extended to the State Fairgrounds to connect with GoRaleigh Route 9.

**Project At A Glance**

<b>Project Description</b>	Span Improvements to Route 9B (Buck Jones)
<b>Start Date</b>	July 2022 (FY 2023)
<b>Operator</b>	Town of Cary/GoCary
<b>FY 2023 Cost</b>	\$443,590
<b>Funding Source</b>	Wake Transit Tax Proceeds
<b>Service Span (At full route buildout)</b>	Weekday: 5:30 AM – 12:30 AM Saturday: 5:30 AM – 12:30 AM Sunday: 7:00 AM – 9:00 PM
<b>Frequency Off-Peak (min)</b>	Current: N/A    Proposed: 30-60
<b>Frequency Peak (min)</b>	Current: N/A    Proposed: 30
<b>Major Destinations</b>	Downtown Cary, Cary Towne Center, Plaza West Shopping Center, State Fairgrounds
<b>Connection Points</b>	Cary Depot, Cary Towne Center, Hillsborough Street at State Fairgrounds

<b>Project ID:</b>	TO005-AD	<b>Project Type:</b>	Bus Operations/Bus Service
--------------------	----------	----------------------	----------------------------

### Project Description:

This route will provide frequent service on the inner part of the Hillsborough corridor, between the NC State Fairgrounds and downtown Raleigh. It is not similar to existing service, which currently covers various segments of the corridor with multiple routes.

\*\*\*\*This project has been delayed until FY 2023 due to the NCDOT project on Hillsborough/I-440/Blue Ridge Road.\*\*\*\*

Project ID:	TO005-AP	Project Type:	Bus Operations
			Bus Service

Project Description:

GoRaleigh will implement a change in route alignment for the existing Biltmore Hills route, and the new route will be part of the frequent network. The intent of the route realignment is to focus the frequent service on a shorter and more direct path. This route will continue to serve downtown Raleigh.

In August 2023, weekday frequency will increase, and weekend service will be added on Route 20-Garner.

Project At A Glance

*The expenses reflected in the above table will be supported by a combination of Wake Transit revenues and federal discretionary grants.													
<u>Note:</u> The adopted 2016 Wake County Transit Plan anticipated that costs and timing for major capital project implementation would be adjusted based on the best information available that may be refined as projects undergo further study. Assumed cost information for major capital projects included in Annual Wake Transit Work Plans is continually updated through each Work Plan development cycle to reflect findings from further project-level study, including alternatives analysis and preliminary engineering associated with the project development process. It is anticipated that costs and schedules for major capital projects will continue to be refined as better project-level information becomes available.

*The expenses reflected in the above table will be supported by a combination of Wake Transit revenues and federal discretionary grants.														
<u>Note:</u> The adopted 2016 Wake County Transit Plan anticipated that costs and timing for major capital project implementation would be adjusted based on the best information available that may be refined as projects undergo further study. Assumed cost information for major capital projects included in Annual Wake Transit Work Plans is continually updated through each Work Plan development cycle to reflect findings from further project-level study, including alternatives analysis and preliminary engineering associated with the project development process. It is anticipated that costs and schedules for major capital projects will continue to be refined as better project-level information becomes available.														

## **Vehicle Acquisition - TC001**

**Future Year Projects**

Project IDs:	TC001-E	Project Type:	Vehicle Acquisition
			Fixed Route Expansion Vehicles

Project Description:

GoRaleigh will continue to purchase 40-foot fixed-route transit buses to support new bus services or service improvements anticipated to begin in various years through FY 2030. Many of the vehicles will possess the technology to be powered by alternative fuels, including compressed natural gas (CNG) and electricity. Further, many of the vehicles will be ordered in the year preceding their use, as there is typically an anticipated delivery timeframe of 12-18 months after vehicles are ordered.

Project at A Glance	
Project Description	Purchase 40-foot Diesel, CNG, or Electric Buses
Start Date	Various (See CIP Project Sheet Summary)
Agency	GoRaleigh
Cost	See CIP Project Sheet Summary
Funding Source	Wake Transit Tax Proceeds, Federal Formula Funds

Project IDs:	TC001-D and TC001-F	Project Type:	Vehicle Acquisition
			Fixed Route Replacement Vehicles

Project Description:

GoTriangle and GoRaleigh will continue to purchase 40-foot fixed-route transit buses to replace vehicles that have exhausted their useful life in various years through FY 2030. Many of the vehicles will possess the technology to be powered by alternative fuels, including compressed natural gas (CNG) and electricity. Further, many of the vehicles will be ordered in the year preceding their use, as there is typically an anticipated delivery timeframe of 12-18 months after vehicles are ordered.

**\*\*Some of GoTriangle's fleet may be repowered rather than replaced.**

Project at A Glance	
Project Description	Purchase 40-foot Diesel, CNG, or Electric Buses
Start Date	Various (See CIP Project Sheet Summary)
Agency	GoTriangle and GoRaleigh
Cost	See CIP Project Sheet Summary
Funding Source	Wake Transit Tax Proceeds, Federal Formula Funds

-------------	---------------------	------------------	---------------------	---------------------	--

Project Description:

Wake County's transit providers will continue to acquire expansion and replacement transit vehicles for their demand-response/ paratransit operations in all future fiscal years through the 2030 Wake Transit Work Plan horizon.

Project at a Glance	
Project Title	Paratransit Vehicles
Agency	City of Raleigh, GoTriangle, Wake County
Costs	See CIP Project Sheet Summary
Funding Source	Wake Transit Tax Proceeds
Start Date	TBD

## **Bus Infrastructure - TC002**

### **Future Year Projects**

Project ID	TC002-C	Project Category	Bus Infrastructure	Project Subcategory	Bus Stop Improvements
------------	---------	------------------	--------------------	---------------------	-----------------------

**Project Description:**

The Town of Cary / GoCary will design and construct improvements to make a number of existing bus stops compliant with Americans with Disabilities Act (ADA) standards. Additional improvements going beyond compliance with ADA standards may also be included.

Improvements may include:

- Signage
- Installation of concrete pads
- Benches
- Bike racks
- Access ramps
- Sidewalks, and other associated amenities

Specific site determination and prioritization will be determined through the design phase of this project and in accordance with GoCary's bus stop improvement prioritization framework.

Project at a Glance	
Project Title	Systemwide Bus Stop Improvements / ADA Enhancements
Agency	Town of Cary
Phase	Design, Construction
FY 2022 Costs	
FY 2023 Programmed Cost	\$1,295,698
Funding Source	Wake Transit Tax Proceeds
Start Date	July 2022

Project ID	TC002-Y	Project Category	Bus Infrastructure	Project Subcategory	Bus Stop Improvements
------------	---------	------------------	--------------------	---------------------	-----------------------

Project Description:

In FY24, GoTriangle will make improvements to existing bus stop locations to enhance passenger safety and comfort. Improvements may include: Concrete pads, benches, shelters, signage, access ramps, and sidewalk improvements.

Project at a Glance	
Project Title	Systemwide Bus Stop Improvements
Agency	GoTriangle
Phase	Design, Construction
FY 2022 Costs	
FY 2023 Programmed Cost	\$551,616
Funding Source	Wake Transit Tax Proceeds
Start Date	July 2023

<b>Project ID</b>	TC002-M	<b>Project Category</b>	Bus Infrastructure	<b>Project Subcategory</b>	Bus Stop Improvements
-------------------	---------	-------------------------	--------------------	----------------------------	-----------------------

### Project Description:

This project will create new bus stops for new or redesigned routes.

Improvements may include:

- Concrete pads
- Benches
- Shelters
- Signage
- Access ramps
- Sidewalk improvements

### Project at a Glance

Project Title	Bus Stop Improvements for New Stop Locations
Agency	GoTriangle
Phase	Design, Construction
FY 2022 Costs	
FY 2023 Programmed Cost	\$1,289,993
Funding Source	Wake Transit Tax Proceeds
Start Date	July 2022

<b>Project ID</b>	TC002-AJ	<b>Project Category</b>	Bus Infrastructure	<b>Project Subcategory</b>	Park-and-Ride Improvements
-------------------	----------	-------------------------	--------------------	----------------------------	----------------------------

### Project Description:

GoTriangle will design and acquire land for a new, approximately 100-space park-and-ride facility for use by GoTriangle NRX-North Raleigh Express service, which will provide weekday commuter service between Triangle Town Center and the Regional Transit Center (RTC) near Research Triangle Park. The park-and-ride facility will serve commuters originating in north Raleigh neighborhoods with destinations in RTP and connections to other regional destinations. The new park-and-ride facility will be located at either Creedmoor Road and I-540 or Falls of Neuse Road and I-540. The park-and-ride facility may also be used to support the future GoRaleigh Falls of Neuse route.

The park-and-ride facility could include amenities such as shelters, benches, lighting, trash bins, maps and cases, signage, an emergency phone, security cameras, bike storage, and ADA improvements.

### Project at a Glance

Project Title	New Park-and-Ride at Creedmoor / I-540 or Falls of Neuse / I-540
Agency	GoTriangle
Phase	Design, Land Acquisition
FY 2022 Costs	
FY 2023 Programmed Cost	\$1,100,000
Funding Source	Wake Transit Tax Proceeds
Start Date	July 2022

<b>Project ID:</b>	TC002-B	<b>Project Type:</b>	Bus Infrastructure
			Maintenance Facility Improvements

### Project Description:

The GoTriangle Operations and Maintenance Facility was originally constructed in 1998. In 2006, the facility was updated to add space for administrative functions. GoTriangle maintains a fleet of 97 fixed-route buses, which exceeds the capacity of the site. The site does not have sufficient maintenance bays and administrative space and is unable to accommodate GoTriangle's service vans fleet (66 vehicles).

GoTriangle will plan, design and construct a new Operations and Maintenance Facility. Recommendations call for building a facility with capacity for 150 buses, large enough to accommodate GoTriangle's fleet needs, including vehicles needed for operations in Orange and Durham Counties. Facility costs will be shared across GoTriangle's service areas. The Wake County share of the facility cost is 40%.

### Project at A Glance

<b>Project Description</b>	Expansion of Bus Operations and Maintenance Facility (Wake County share)
<b>Start Date</b>	FY 21 - Planning; FY 23 - Design
<b>Agency</b>	GoTriangle
<b>Prior Years Cost</b>	Planning: \$200,000
<b>FY 2023 Cost</b>	Design: \$2,680,000
<b>FY 2024 Cost</b>	Construction: \$13,077,696
<b>FY 2025 Cost</b>	Construction: \$8,718,464
<b>Funding Source</b>	Wake Transit Tax Proceeds, Durham and Orange Transit Tax Proceeds

<b>Project ID:</b>	TC002-F	<b>Project Type:</b>	Bus Infrastructure
			Transit Center/Transfer Point Improvements

### Project Description:

The Town of Cary will construct a multimodal transportation hub in downtown Cary. The facility will connect a range of transportation services including intercity rail (Amtrak), planned commuter rail, bus rapid transit, and express and local bus service.

The new facility will include indoor passenger waiting areas and will provide passenger amenities in line with Wake Bus Plan standards.

Site features will be developed, and costs will be shared across site functions/users. The Wake Bus Plan assumes site development costs will be shared across modes and assigns 40% of projects costs to the Bus Infrastructure funding category.

Services anticipated to use the facility by FY 2030 include:

- GoCary 1 Crossroads
- GoCary 3 Harrison
- GoCary 4 High House
- GoCary 6/9B Buck Jones
- GoCary 7 Weston Parkway
- GoCary 9A Trinity
- Apex-Cary Express
- GoTriangle 310 RTC-Morrisville-Cary
- GoTriangle 300
- Western Bus Rapid Transit/Cary-RTP Bus Rapid Transit
- Commuter Rail
- Amtrak

### Project at A Glance

<b>Project Description</b>	New Downtown Multimodal Transit Facility
<b>Start Date</b>	FY 2023
<b>Agency</b>	Town of Cary/GoCary
<b>FY 2023 Cost</b>	\$24,000,000 (Bus component - \$7,643,151)
<b>Funding Source</b>	Wake Transit Tax Proceeds

<b>Project ID:</b>	TC002-H	<b>Project Type:</b>	Bus Infrastructure
			Maintenance Facility Improvements

### Project Description:

The City of Raleigh/GoRaleigh will expand its compressed natural gas (CNG) fueling station at the GoRaleigh bus operations and maintenance facility on Poole Road. This infrastructure is needed to support an expansion in GoRaleigh's CNG-fueled fleet, which will result in cleaner vehicle emissions and lower fuel costs.

### Project at A Glance

<b>Project Description</b>	Expansion of Compressed Natural Gas Fueling Station at Poole Road Operations Facility
<b>Start Date</b>	FY 2023
<b>Agency</b>	City of Raleigh/GoRaleigh
<b>FY 2023 Cost</b>	Design/Construction: \$5,800,000
<b>Funding Source</b>	Wake Transit Tax Proceeds, Federal Funds

<b>Project ID</b>	TC002-AC	<b>Project Category</b>	Bus Infrastructure	<b>Project Subcategory</b>	Transit Center / Transfer Point Improvements
-------------------	----------	-------------------------	--------------------	----------------------------	--

**Project Description:**

GoRaleigh currently serves MidTown with two (2) routes using existing easements at two (2) stops with benches and shelters. Both sites have limited access without any room for expansion. A transit center is planned for Midtown in Raleigh, near the North Hills shopping center and in proximity to I-440. The Midtown Transit Center will support transfers between transit routes and create opportunities to travel east – west without going into downtown Raleigh. The planned Transit Center will be a staffed facility. This facility will support three (3) high frequency network routes and one (1) local route with 30-minute frequencies.

A planning and feasibility study was scheduled for funding in FY20 to identify an optimal location, taking into consideration planned transit service, land use, supply, and price. The second phase of work is scheduled to begin in FY24 and will involve design and land acquisition, with final design and construction of the new facility planned for FY25.

Project at a Glance	
Project Title	New Midtown Transit Center
Agency	City of Raleigh
Phase	Design, Land Acquisition, Construction
FY 2024 Costs	\$2,796,412
FY 2025 Cost	\$2,989,360

FY 2024 Costs	\$360,000
Funding Source	Wake Transit Tax Proceeds
Start Date	FY 2024

<b>Project ID</b>	TC002-T	<b>Project Category</b>	Bus Infrastructure	<b>Project Subcategory</b>	Transit Center / Transfer Point Improvements
-------------------	---------	-------------------------	--------------------	----------------------------	--

### Project Description:

This project will construct a transit center in eastern Raleigh, replacing the existing bus stop at the Wal-Mart on New Bern Avenue. A park-and-ride may also be established for up to 100 spaces, depending on final site location. When complete, up to four (4) routes could serve this location, including the New Bern Avenue BRT service.

The transit center will provide:

- Additional shelter
- Bathrooms
- Ticket vending machines
- Benches
- Passenger information signs
- Bike parking
- An attendant for up to 12 hours per day.

### Project at a Glance

Funding Source	Wake Transit Tax Proceeds
Start Date	July 2022

<b>Project ID:</b>	TC002-BG	<b>Project Type:</b>	Bus Infrastructure
			Transit Center/Transfer Point Improvements

**Project Description:**

The Multi-Year CIP programs new transit connections throughout the county in future fiscal years to be supported by enhanced transfer points. These transfer points will include:

- Larger shelter(s)
- Lighting
- Passenger information, including real-time information systems; and
- Amenities to enhance passenger comfort (public Wi-Fi, benches, trash cans, bike racks)

Enhanced Transfer Points are assumed to include improvements to bus stop pairs (one on either side of the street, typically) to facilitate transfers between key routes in both directions, but project elements may vary by location.

## **Other Capital - TC003**

**Future Year Projects**

Project ID	TC003-F	Project Category	Other Capital	Project Subcategory	Capital Planning
------------	---------	------------------	---------------	---------------------	------------------

Project Description:

The most recently updated Wake County Transit Plan has a horizon year of FY 2030, which will need to be extended in FY 2024 to effectively plan for continued investments in transit in Wake County.

Updating the Wake County Transit Plan in FY24 will synchronize the plan with the update cycle for the Capital Area MPO's Metropolitan Transportation Plan (MTP). By synchronizing these update cycles, the Plan can better inform the MTP's longer-range vision, and it can inform the deficiency and alternatives analysis phases, as well as the fiscal constraint component, of the 2055 MTP. It is anticipated that the Wake County Transit Plan Update effort in FY 24 will extend the planning horizon from FY 2030 to FY 2035.

Project at a Glance

Project Title	Extension of Planning Horizon for Wake County Transit Plan
Agency	Capital Area MPO
FY 2024 Cost	\$281,377
Funding Source	Wake Transit Tax Proceeds
Start Date	FY 2024

## **Bus Rapid Transit - TC005**

### **Future Year Projects**

<b>Project ID</b>	TC005-A3	<b>Project Category</b>	Bus Rapid Transit	<b>Project Subcategory</b>	BRT Construction
-------------------	----------	-------------------------	-------------------	----------------------------	------------------

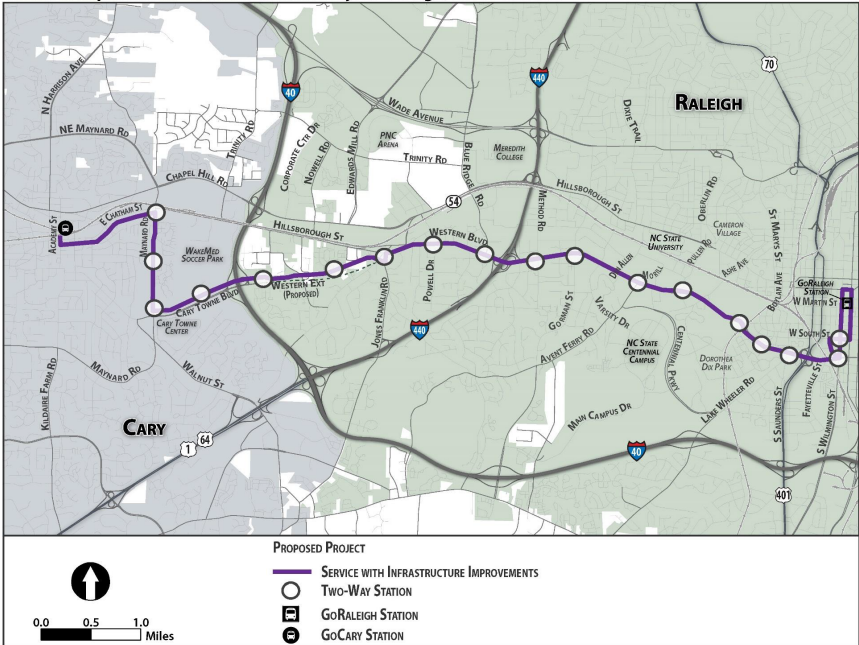

### Project Description:

With an appropriate environmental clearance from the Federal Transit Administration and completion of final design for the corridor, the City of Raleigh will proceed to right-of-way acquisition, construction, and procurement of vehicles for the Wake BRT: Western Corridor Bus Rapid Transit (BRT) facility from Downtown Raleigh to Downtown Cary.

This phase of the Wake BRT: Western Corridor is anticipated to be funded by a combination of Wake Transit tax proceeds (\$54,000,000) and federal grant funds (\$108,000,000). This future phase of work for the Wake BRT: Western Corridor is anticipated to bring the capital infrastructure components of the corridor to completion.

Project at a Glance	
Project Title	Wake BRT: Western Corridor Bus Rapid Transit Facility
Agency	City of Raleigh
Phase	Right-of-Way, Construction, Vehicles
FY 2023 Costs	\$162,000,000
Funding Source	Wake Transit Tax Proceeds, Federal
Start Date	FY 2023
