WAKE COUNTY TRANSIT PLAN: IMPLEMENTATION

FY 2023 Adopted Wake Transit Work Plan

Background

The governing boards of GoTriangle, CAMPO, and the Wake County Board of Commissioners adopted the Wake County Transit Plan in 2016, including the Wake County Transit Financial Plan and the Transit Governance Interlocal Agreement, which guides the overall implementation of the expanded transit network reflected in the Plan. Included in the governance agreement is the creation of the Transit Planning Advisory Committee (TPAC), a team charged with facilitating planning activities and recommending funding for implementation elements reflected in the adopted Wake County Transit Plan. The TPAC is comprised of members from all of Wake County's municipalities, plus GoTriangle, the Capital Area Metropolitan Planning Organization (CAMPO), Wake County, North Carolina State University (NCSU), and Research Triangle Park (RTP). Per the governance agreement, the TPAC is charged with producing a recommended annual Wake Transit Work Plan, comprised of annual operating and capital budgets, an update of the financial model and assumptions guiding the Transit Plan, a multi-year operating program and a capital improvement plan guiding future Work Plans, and annual operating and capital agreements. These agreements will guide project deliverables that are anticipated to be completed with the support of funds appropriated in the Wake Transit major operating and capital funds.

The Wake County Transit Plan adopted in 2016 covered a 10-year horizon from Fiscal Year (FY) 2018 through FY 2027. From late 2019 through early 2021, an update to the original Wake County Transit Plan was developed that extends the financially constrained horizon of the plan an additional three (3) years through 2030. This update to the Plan was a relatively minor update that took stock of the transit investments and projects originally planned through 2027, considered the impacts and performance of investments accomplished to date, and reevaluated the remaining transit investments in light of:

- Available financial resources and schedule feasibility through the extended 2030 horizon;
- Priorities and attitudes toward expected outcomes from transit investments that are informed by transit implementation partners and robust public and stakeholder input; and
- The current and future market demand and associated need for transit investments.

Through this process, investments programmed for future years in prior Work Plans (including and prior to FY 2021) were rescheduled after rebalancing updated revenue assumptions that were tempered by the economic impacts of the COVID-19 pandemic with updated cost assumptions, particularly for significant capital projects based on further feasibility study. The CAMPO and GoTriangle governing boards adopted the update to the Wake County Transit Plan in April of 2021. The FY 2022 Wake Transit Work Plan was the first annual Work Plan to reflect this rescheduling and

rebalancing of investments for FYs 2022-2030. This FY 2023 Adopted Wake Transit Work Plan is the second annual Work Plan that intends to implement the slightly modified vision set in the updated Wake County Transit Plan.

Throughout the development of the FY 2023 Draft and Recommended Wake Transit Work Plan, additional challenges for funding all of the investments included in the Wake County Transit Plan Update adopted in 2021 were identified. Further cost feasibility refinement for a number of significant capital projects revealed higher than anticipated expenditures necessary to deliver them. While recent history and projections for revenues identified to support these expenditures are improving to a level that exceeds prior projections, findings reveal that projected revenues will fall short of being able to support all of the projects included in the 2030 horizon for the Wake County Transit Plan 2021 update. Therefore, this FY 2023 Adopted Wake Transit Work Plan reflects further rebalancing of revenues and expenditures and results in some project delays within the 2030 horizon and deferrals of some projects beyond the 2030 horizon. Furthermore, this recommended plan reflects current estimates that show increases to operating cost per service hour and increases to costs for staffing. While significant, these increases do not exceed the increases projected in revenue for FY 2023.

Contents of the FY 2023 Adopted Wake Transit Work Plan

The FY 2023 Adopted Wake Transit Work Plan balances the careful use of taxpayer dollars with thoughtful investment in transit. Enclosed are:

- The FY 2023 Recommended Wake Transit Operating and Capital Budgets and corresponding project sheets (project profiles);
- Updated financial assumptions for key metrics and parameters that drive the financial solvency of Wake County Transit Plan implementation for FY 2023 and beyond;
- Multi-year operating program and capital investment plan (included in the Appendix), which serve as planning tools that detail future investments that are anticipated in future Wake Transit Work Plans. Project scopes and financial details associated with the future-year projects in these programs will be refined during the annual budgeting process associated with future-year Work Plans.

Specific operating and capital funding agreements will be executed upon adoption of the FY 2023 Wake Transit Work Plan that detail the expectations, roles, and responsibilities of all parties. No Wake Transit Tax Revenue shall be spent prior to execution of corresponding operating and/or capital agreements.

The FY 2023 Adopted Wake Transit Work Plan is also responsive to prior public and agency comment received from input during outreach that was conducted for the FY 2022 Work Plan, as well as the robust outreach and solicitation of input conducted for the Wake County Transit Plan Update in August, September, and November of 2020. The FY 2023 Adopted Wake Transit Work Plan puts a significant amount of emphasis on continued investment in infrastructure and facilities that support existing bus services and bus service expansion and that will support future bus rapid transit (BRT) and commuter rail operations. The FY 2023 Adopted Wake Transit Work Plan includes some limited additional investment in bus service expansion, as well as in staffing resources needed to continue ongoing implementation.

TPAC (Transit Planning Advisory Committee)

Per the Wake Transit Governance Agreement, the TPAC recommends and then the CAMPO Executive Board and GoTriangle Board of Trustees consider adoption of the Work Plan for it to be in put into action. To better inform the TPAC's recommendation to these boards, the FY 2023 Recommended Wake Transit Work Plan was open to public review and comment between April 29th and May 29, 2022. The FY 2023 Wake Transit Work Plan was then adopted by the CAMPO Executive Board on June 15, 2022 and the GoTriangle Board of Trustees on June 22, 2022.

ADOPTED/AMENDED FY 2023 WAKE TRANSIT WORK PLAN OPERATING BUDGET

FY 2023 REVENUES

A total of \$121.7 million is budgeted in the Adopted Wake Transit Work Plan for fiscal year (FY) 2023. For this fiscal year, dollars funded by the Wake County Tax District rely on a mixture of local funding sources. The largest source of local funds is the half-cent local option sales tax. On November 8, 2016, Wake County voters approved a levy of a half-cent sales tax to fund public transportation systems. Administered by GoTriangle, the local sales tax went into effect on April 1, 2017. The Adopted FY 2023 Work Plan assumes the sixth full year of sales tax revenue, totaling \$107.5 million.

In addition to the half-cent sales tax, the Adopted FY 2023 Wake Transit Work Plan involves four other revenue sources.

- A \$7 county vehicle registration tax to fund transportation systems; \$6.9 million is budgeted for FY 2023.
- A \$3 dedication from the \$8 Regional Transit Authority Registration Tax; \$3.0 million is budgeted for FY 2023.
- A portion of the 5% vehicle rental tax allocated to Wake County; \$3.8 million is budgeted for FY 2023.
- Other Tax District and Farebox revenues; \$0.5 million is budgeted for FY 2023.

FY 2023 EXPENDITURES

The Adopted FY 2023 Wake Transit Work Plan includes approximately \$29.8 million for operating costs. During the fiscal year, the Wake Transit Governing Boards approved a Q2 Amendment increasing operating costs to \$29.9 million. The expenditures described below are divided among three categories: expanded bus operations, dollars allocated to ongoing transit planning and overall transit plan implementation and administration of the tax district.

I. Total Bus Operations -- \$23.8 Million

New Bus Operations: \$0.7 million

Continuation of Bus Operations Funded in Previous Work Plans: \$23.1 million

The Adopted FY 2023 Wake Transit Work Plan includes \$23.8 million for Bus Operations, of which approximately \$23.1 million is for the continuation of funding for services implemented in prior years, and approximately \$0.7 million is for new operations.

A. Route Improvement and Expansions: \$670,680

The Adopted FY 2023 Wake Transit Work Plan continues to build on the previously approved work plans and includes a partial implementation of GoRaleigh Route 9, which

will be a new high frequency fixed-route service that will travel along the Hillsborough Street corridor in Raleigh.

B. Continuation of Existing Service Funded in Prior Years: \$22.1 Million

The Adopted FY 2023 Wake Transit Work Plan continues the initial investments made in the previous years of Wake Transit Plan implementation. These include several new routes and increased span and frequency that were initially budgeted in previous Wake Transit Work Plans to be implemented by the City of Raleigh, Town of Cary, Wake County, Town of Wake Forest, Town of Apex, Town of Morrisville and GoTriangle. Additional information regarding these services may be found in the “Project Sheets for Continuing Projects Initiated in Prior Fiscal Years” section of the appendix and previous years’ Adopted Wake Transit Work Plans.

C. Other -- \$1.0 Million

Other funds for FY 2023 Bus Operations include an allocation of \$50,000 for fare strategy initiatives associated with mobile ticketing and fare capping, and an allocation of \$5,000 will be authorized for the continuation of the Youth GoPass Program administrative costs. The Adopted FY 2023 Wake Transit Work Plan includes \$902,070 that will remain in the Community Funding Area Program fund balance. Additional information regarding these projects may be found in the “Project Sheets for Continuing Projects Initiated in Prior Fiscal Years” section of the appendix and previous years’ Adopted Wake Transit Work Plans.

II. Transit Plan Administration -- \$5.6 Million

New Transit Plan Administration – \$0.9 million

Continuous Transit Plan Administration -- \$4.7 million

A. New Transit Plan Administration -- \$858,770

A total of \$410,000 is included for the City of Raleigh to hire three new full-time equivalent employees (FTE). The new positions include a Senior Real Estate Analyst, Fiscal Analyst and Engineering and Construction Manager. The City is also allocated \$50,000 for marketing to support bus system expansion. GoTriangle will be allocated \$241,159 to hire an additional 1.4 FTE’s to support the capital project implementation team and the legal and real estate support team. The FTE’s will focus on various GoTriangle construction related projects that are currently underway and in advance planning and various real estate initiatives. Lastly, CAMPO will be authorized \$157,611 to hire a Senior Transit Planner that will assist in many of the lead agency responsibilities.

B. Continuation of Existing Transit Plan Administration -- \$4.7 Million

The Adopted FY 2023 Wake Transit Work Plan allocates approximately \$4.6 million originally budgeted in prior years for staffing, marketing, and other administration costs. Funds are allocated to GoTriangle for 13.1 full-time equivalents (FTEs), three (3) FTEs at CAMPO, seven (7) FTEs at City of Raleigh, and five and a half (5.5) FTEs at Town of Cary. The Wake Transit Governing Boards approved a Q2 amendment that increased the CAMPO budget by \$89,667 to cover additional indirect expenses related to office space rent, particularly with CAMPO's move to a new location in Cary. Also included in this budget are dollars related to marketing, customer and community surveys, customer feedback system, contracted services, property maintenance and appraisals, leases, office expenses, and other legal and administrative expenses. Additional information regarding these and other prior year recurring expenses may be found in the "Project Sheets for Continuing Projects Initiated in Prior Fiscal Years" section of the appendix and previous years' Adopted Wake Transit Work Plans.

III. Total Tax District Administration -- \$551,371

New Tax District Administration -- \$37,500

Continuous Tax District Administration -- \$513,871

Tax District Administration provides financial and regulatory oversight of the tax district. A total of \$37,500 is allocated to the Tax District Administration to hire half (.50) bringing the total full-time equivalent employees (FTE) to 3.0. The Adopted FY 2023 Wake Transit Work Plan includes dollars originally budgeted in prior years for staffing, financial advisor services, and auditing services. Additional information regarding these prior year recurring expenses may be found in the "Project Sheets for Continuing Projects Initiated in Prior Fiscal Years" section of the appendix and previous years' Adopted Wake Transit Work Plans.

Transit Plan Administration - TO002

New Projects

Project ID	TO002-AK	Project Category	Transit Plan Administration	Project Subcategory	Administrative Expenses
-------------------	----------	-------------------------	-----------------------------	----------------------------	-------------------------

Project Description:

Funding from this implementation element will be used by the City of Raleigh to market and further promote the Wake Transit Plan investments it is responsible for implementing and to educate the public about the features and benefits of using transit compared to a daily commute in a single occupancy vehicle.

Messaging is anticipated to include: health benefits, less stress, and fewer accidents and saving money while keeping the environment clean. The marketing effort is anticipated to highlight expanded services (such as recently implemented services to Rolesville, Knightdale, Garner etc.); shorter wait times with greater service frequency; new CNG and electric buses; among other messages.

Project Description:

GoTriangle will employ 5.5 FTEs for overall project implementation. This project is a consolidation of projects TO002-AM, -AN, and A3 and components of projects TO002-S and -T, which were authorized for funding and initiated in prior fiscal years. This project also increases the authorized amount of FTE resources by 1.0 from 4.5 to 5.5. The additional FTE will be utilized for management of bus stop and minor facility construction and improvements during project implementation and construction of RUS Bus construction. The original 4.5 FTEs associated with this project will work on the following tasks:

Planning tasks: planning/prioritization for bus stop and park-and-ride improvements; management and technical consultant oversight; environmental planning and coordination with regulatory agencies for federally funded projects; and consultant oversight and technical support for CRT station area planning, travel demand modeling, etc.

Design/Engineering/Architecture tasks: field investigations, feasibility analysis, consultant oversight, and technical support for bus stop and park-and-ride improvements; design management, project coordination, and technical support for major facilities projects; feasibility analysis and implementation oversight for BOSS; and design management and technical support for CRT.

Construction Management tasks: project management, contractor oversight, and construction inspection of continuing projects, plus an one (1) additional FTE will be utilized for bus stop and minor facility construction and improvements during project implementation and construction management of RUS Bus construction.

Project Coordination and Controls Support tasks: managing coordination with GoTriangle's partners; facilitating productive partnering; promoting schedule and budget adherence; fostering timely conflict resolution; document management; contract administration; and project controls support including budget and schedule monitoring, risk management support, and reporting.

New Projects

Project ID	TO005-AD	Project Category	Bus Operations	Project Subcategory	Bus Service
-------------------	----------	-------------------------	----------------	----------------------------	-------------

Project Description:

GoRaleigh will begin a new high frequency fixed-route bus service along the Hillsborough Street corridor in FY23. The Wake Transit Plan's original terminus for this service west of I-440 will not be practical until the ongoing NCDOT road improvement project on Blue Ridge Rd is complete. Until that time, the western terminus for the service will be near the intersection of Method Road & Ligon Street.

A "Phase 2" of Route 9, which represents the full planned route path, is planned for implementation in FY25. Due to the ongoing operator shortage, this service is scheduled to begin in mid FY23 (January).

Section 3. The GoTriangle President/CEO, or his or her designee, is hereby authorized to transfer funds within appropriations under the following conditions:

- A) No transfer may be made that changes the adopted allocations to fund balance.
- B) All budget transfers will be reported to the Transit Planning Advisory Committee.

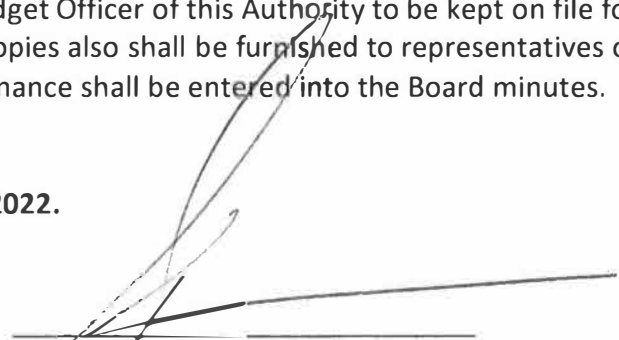

- C) All increases to an appropriation, and all transfers between appropriations, must be reviewed by the Transit Planning Advisory Committee and approved by the CAMPO and GoTriangle governing boards.

Section 4: Triangle Tax District – Wake Capital Funds are appropriated pursuant to section 13.2 of Chapter 159 of the General Statutes of North Carolina; therefore, appropriations do not lapse at the end of the fiscal year and are available for duration of the project unless subsequently recommended for reallocation by the Transit Planning Advisory Committee and approved by the CAMPO and GoTriangle governing boards, or as specified in Section 5.

Section 5: GoTriangle Finance Department has authority to close projects and/or programs and reduce appropriations upon notification of project completion by the project sponsor. When actual revenues are available in projects to be closed or which are substantially complete, GoTriangle Finance may transfer savings to Triangle Tax District Wake Capital fund balance. These funds will be then available for future appropriations which require recommendation by the Transit Planning Advisory Committee and approval by the CAMPO and GoTriangle governing boards. This section applies to current and prior year appropriations. A list of project closeouts shall be provided quarterly to the Transit Planning Advisory Committee.

Section 6. Copies of the Budget Ordinance shall be furnished to the Clerk, to the Board of Trustees, to the Finance Officer, and to the Budget Officer of this Authority to be kept on file for their direction in the disbursement of funds. Copies also shall be furnished to representatives of the Agencies under Section 2. The Budget Ordinance shall be entered into the Board minutes.

ADOPTED THIS THE 16TH DAY OF NOVEMBER 2022.

Sig Hutchinson, Board of Trustees Chair

ATTEST:

Michelle C. Dawson, Clerk to the Board

ADOPTED/AMENDED FY 2023 WAKE TRANSIT WORK PLAN CAPITAL BUDGET

The Adopted FY 2023 Wake Transit Work Plan includes capital funds for vehicle acquisition and the planning, design and construction of major infrastructure required to support new transit service and expansions. In future years, capital projects contemplated in the Wake County Transit Plan are dependent on several factors, including successful receipt of federal and/or state grant awards.

FY 2023 REVENUES

The Adopted FY 2023 Wake Transit Work Plan includes \$63.6 million for capital projects and \$28.2 million allocated to capital fund balance for a total FY 2023 capital budget of \$91.8 million. These projects are funded by a combination of local revenues and federal funds.

FY 2023 EXPENDITURES

I. Bus Infrastructure -- \$35.7 Million

The Wake County Transit Plan envisioned capital infrastructure to support a rapidly growing local bus network. This infrastructure includes transfer points, transit centers, park-and-ride lots, bus stop and sidewalk improvements, bus maintenance facilities, street-side facilities, advanced technologies and other improvements. The Adopted FY 2023 Wake Transit Work Plan continues to build on the investments for which funding has been allocated in previous Work Plan years to support the implementation of the 10-year Wake Transit Bus Plan. For FY 2023, funds are allocated for improvements that lay the groundwork to support future service expansion when implemented and offer an improved passenger experience on many of the existing services.

Operations and Maintenance Facilities

The Adopted FY 2023 Work Plan allocates \$2.0 million to the City of Raleigh to continue the design of a new Paratransit Operations and Maintenance Facility that would accommodate both GoRaleigh Access and GoWake Access operations. The new facility would provide both operations adequate space to accommodate existing and future growth of their paratransit programs. Also, the City is allocated \$5.8 million for the design and construction of the expansion of the GoRaleigh Operations facility.

Bus Stops, Park & Ride Facilities, and Transit Centers

The Adopted FY 2023 Wake Transit Work Plan provides funds of approximately \$1.3 million to the City of Raleigh for bus stop improvements throughout the GoRaleigh bus network. These locations will include improvements that will meet Americans with Disabilities Act (ADA) standards and have passenger amenities ranging from benches to shelters. The Town of Cary is allotted \$1.0 million and GoTriangle is allocated

approximately \$1.8 million to design and construct bus stops for existing and future service within Wake County.

The City of Raleigh is allocated approximately \$4.2 million to acquire land to support a new Midtown Transit Center and the relocation of the Triangle Town Center Transit Center. Approximately \$3.2 million is allocated for construction of the East Raleigh Transit Center. The Adopted Work Plan will provide GoTriangle \$5.2 million toward construction of a new park-and-ride for routes that operate through west Raleigh. Additional amenities beyond parking capacity may include enhanced shelters, benches, lighting and various ADA improvements. The Adopted Work Plan also includes approximately \$8.9 million for prepayment of state funds programmed for the Raleigh Union Bus Station (RUS Bus) in the Fiscal Year 2020-2029 Statewide Transportation Improvement Program (STIP). This project will provide cash flow during the planned project delivery timeline. The RUS Bus project will also be authorized \$250,000 to fund art elements based on the Art Funding Eligibility Policy adopted by the Wake Transit governing boards during fiscal year 2022. Finally, GoTriangle is allocated \$639,500 to renovate and enhance several GoTriangle park-and-ride lots and \$350,000 for design of the fleet and facilities study that is evaluating constraints and needs of the Bus Operating Maintenance Facility.

Technology Improvements

The Adopted FY 2023 Wake Transit Work Plan reserves approximately \$1.1 million for funding technology initiatives that support the Four (4) Big Moves. The moves identified in the voter-approved Wake County Transit Plan are (1) Connect regionally, (2) Connect all Wake County Communities, (3) Frequent and Reliable Urban Mobility and (4) Enhanced Access to Transit. The regional technology integration study that was finalized in the past will help guide how the funds will be disbursed in FY 2023.

II. Bus Acquisition -- \$3.7 Million

GoTriangle will be allocated \$1.0 million in incremental Wake Transit funds and continue to utilize a combination of local funds and previously approved Wake Transit funds to replace and repower existing buses. The agency anticipates the replacement of six (6) existing buses to enhance the rider experience. The City of Raleigh is allocated approximately \$2.1 million to purchase one (1) new bus associated with network expansion and replace two (2) older fixed-route diesel vehicles with a possible mix of electric or compressed natural gas (CNG) vehicles. The City will also be appropriated \$411,008 to purchase four (4) replacement transit vehicles for demand-response/paratransit operations. Lastly, the City will utilize \$180,000 to purchase four (4) support vehicles to serve as operator shuttles, supervisor vehicles, and maintenance vehicles that will be for both expansion and the replacement of current vehicles.

III. Bus Rapid Transit -- \$24.2 Million

The Adopted FY 2023 Wake Transit Work Plan allocates The City of Raleigh \$7.6 million for design advancement for the Wake Bus Rapid Transit (Wake BRT): Southern Corridor project. The City will focus on completing final design (30-100%) and Project Development while continuing to coordinate for FTA Small Starts funding. The Wake BRT: Southern Corridor project will also be allocated \$30,000 to retain an artist to work with the City on art elements during the design phase. The Wake Transit Governing Boards approved a Q2 Amendment that increases the Southern Corridor project budget by \$16,610,000 to account for the updated project cost and requirement that a 100% local match is programmed and obligated for the FTA and Capital Investment Grant (CIG).

IV. Community Funding Area Program -- \$50,000

The Town of Fuquay-Varina is allocated \$50,000 to conduct a Transit Feasibility Study. The study is looking to determine the viability of increasing the Town's access to local and regional public transportation.

V. Reserve for Future Projects and Debt Service -- \$28.2 Million

Future years of Wake County Transit Plan implementation require an extensive capital outlay for major infrastructure projects. The original Wake County Transit Plan was modeled after establishing a five (5) percent (%) capital fund balance as an overall reserve and measuring the plan's financial health and resources specified in the operating fund. During the process to update the Wake County Transit Plan, the capital fund balance was increased to include 10% of the assumed Wake BRT project costs and maintained a 5% rate for all other capital projects. This put the total rate for the full outlay of expenditures at 6.2%. Funds of \$24.9 million in FY 2023 will be added to the capital projects fund balance, and \$3.3 million will be used for temporary capital liquidity to fund future capital projects. These dollars will be drawn down in later years for capital expenditures.

------------	---------	------------------	---------------------	---------------------	----------------------------------

Project Description:

In FY21, GoTriangle changed its vehicle acquisition strategy from one focused on vehicle expansion to one focused on vehicle re-powering and replacement. Specifically, it implemented a level buying bus acquisition strategy that aims to replace 1/12th of its fleet per year, including approximately 10 vehicle re-powers (per year) with the long-term goal of having a fleet average age of approximately 6 years.

This change in strategy resulted in an original savings to Wake Transit over the previous FY27 horizon of ~\$3.5M. With the FY23 Work Plan, the allocation in FY23 was reduced to \$1M, and beginning in FY28, the plan assumes the original recurring allocation for replacement vehicles.

Project Description: For FY23, to reduce GoRaleigh's average monthly mileage of its operator shuttle fleet to a level that would allow vehicles to hit their useful life target of 8 years while minimizing costly repairs and time out of service, 2 expansion vehicles are needed in FY23. The City intends to purchase hybrid and/or EVs for shuttle vehicles when possible. The City is monitoring support fleet usage and has developed a multi-year programming plan for replacement and expansion vehicles (broken down by shuttle, supervisor, and maintenance sectors). The North Carolina state government contract will be used to secure the best possible pricing. To support Wake Transit investment, the City separately plans to utilize FY23 federal formula Section 5307 grant funding to procure 7 vehicles (4 replacement + 3 expansion).				Project at a Glance

Bus Infrastructure - TC002

New FY 2023 Projects

Project ID	TC002-I	Project Category	Bus Infrastructure	Project Subcategory	Bus Stop Improvements
------------	---------	------------------	--------------------	---------------------	-----------------------

Project Description:

In FY23, GoRaleigh will make improvements to existing bus stop locations to enhance passenger safety and comfort. Improvements may include: Concrete pads, benches, shelters, signage, access ramps, and sidewalk improvements with a focus on improving stop locations with substandard facilities.

At high-volume bus stops, enhancements may include larger shelters, additional seating, additional lighting, and bike racks.

Project ID	TC002-S	Project Category	Bus Infrastructure	Project Subcategory	Bus Stop Improvements
------------	---------	------------------	--------------------	---------------------	-----------------------

Project Description:

New bus stops will be installed as new and enhanced routes come into service in FY 2023 and later years.

Improvements may include:

- Concrete pads
- Benches
- Shelters
- Signage
- Access ramps
- Sidewalk improvements

The intent of this element's FY23 allocation is meant to expand transit amenities for riders who will utilize new bus service implemented by GoRaleigh in FY24. Specifically, the improvements will support bus service expansion associated with the Biltmore Hills route package, for which an estimated 5 new stops will be required in areas either not currently served by fixed-route service or where amenities are substandard if fixed-route service already exists. This includes portions of S. State Street (outbound) and Seabrook Road.

------------	---------	------------------	--------------------	---------------------	-----------------------------------

Project Description:

GoTriangle, in partnership with GoRaleigh, is constructing a bus transit center adjacent to Raleigh Union Station in Downtown Raleigh's Warehouse District, which will include 8 bus bays to allow bus services (including bus rapid transit) to connect directly with intercity rail service. The facility will contain ground level retail spaces and accommodate mixed-use development on upper floors. Art will be installed in this transit center in accordance with the newly adopted Wake Transit Art Funding Eligibility Policy. Of the \$9.11 million allocation, \$250,000 is available for art installation, and \$8,860,000 is available for construction of the base elements of the facility.

To deliver this project on time, Wake Transit will be allocating \$8,860,000 for construction, which GoTriangle will return to the tax district when that same amount is obligated to them between fiscal years 2025 and 2028, in accordance with the current FY 2020-2029 State Transportation Improvement Program.

The facility is currently in the design phase.

<p>The GoTriangle Operations and Maintenance Facility at 5201 Nelson Rd. Morrisville, NC was originally constructed in 1998. In 2006, the facility was updated to add space for administrative functions. GoTriangle maintains a fleet of 97 fixed-route buses, which exceeds the capacity of site. The site does not have sufficient maintenance bays and administrative space and to optimize the facility's efficiency, GoTriangle's service vans fleet (66 vehicles) is currently outsourced to a third-party vendor.</p> <p>GoTriangle's Regional Fleet and Facilities Study recommends the design, renovation, and expansion of their Nelson Road Operations and Maintenance Facility. This capital improvement will add the needed capacity required to accommodate GoTriangle's projected fixed-route fleet of 120 buses, including vehicles needed for operations in Orange and Durham Counties, through 2050. The renovation and expansion will also include updates to better accommodate the facility's administrative functionality. The Regional Fleet and Facilities study has also projected the need to relocate GoTriangle's paratransit maintenance and servicing to a new facility to reach full build-out, the funding for which is not included in this project's design and construction allocation.</p> <p>Facility costs to update the Nelson Road facility will be shared across GoTriangle's service areas. The currently anticipated Wake County cost share of renovating and expanding the overall facility is 40%. This 40% cost share is anticipated to be refined during the capital improvements phase of the ongoing Wake County Bus Plan and will be based upon GoTriangle's bus expansion schedule and future fleet needs for Wake County as compared to its fleet needs across the region. The Wake County share for the preliminary engineering phase of the Nelson Road Facility renovation and expansion will be \$350,000.</p>				Project Title	Expansion of Bus Operations and Maintenance Facility (Wake County Share)

Project Description:

GoTriangle will construct a new 100-space park-and-ride facility for GoTriangle (and possibly GoRaleigh) routes operating throughout west Raleigh, providing a service amenity to those traveling to North Carolina State University, downtown Raleigh, RDU Airport, and the Regional Transit Center (RTC).

The park-and-ride facility will primarily serve riders originating in western Raleigh and could include amenities such as shelters, benches, lighting, trash bins, maps and cases, signage, an emergency phone, security cameras, bike storage, and ADA improvements.

This project is subject to the Wake Transit Concurrence Framework. No funds may be reimbursed for construction before concurrence is achieved on a LEDPA recommendation and any additional applicable decision points as determined by the Concurrence Plan for the project.

-------------------	----------	-------------------------	--------------------	----------------------------	--

Project Description:

GoRaleigh currently serves Midtown with two (2) local bus routes. Current facilities include existing easements at two (2) stops with benches and shelters. Both sites have limited access without any room for expansion. A transit center is planned for Midtown in Raleigh, near the North Hills shopping center and in proximity to I-440. The Midtown Transit Center will support transfers between transit routes and create opportunities to travel east – west without going into downtown Raleigh. Future bus service expansions will set the facility up to support three (3) high-frequency network routes and one (1) local route with a 30-minute service frequency.

To avoid scheduling delays, Wake Transit will allocate funds for this land acquisition implementation element prior to the completion of final design. Design would begin in FY24, and construction of the new facility would occur in FY25.

Land to be acquired for this project shall be subject to any applicable provisions set forth in the policy framework for the use of Wake Transit funds to acquire real property, as adopted by the CAMPO Executive Board and GoTriangle Board of Trustees.

Project Description:

The current transit center facility at Triangle Town Center will be inadequate to support future bus service expansions planned for the area. The transit center currently serves one (1) high-frequency route, one (1) local route, and two (2) regional routes. By FY 2030, the Wake Transit Plan has this facility serving one (1) additional local route and serving as the northern terminus for the northern corridor BRT line. Furthermore, the planned and existing routes serving the transit center will have increased service frequency.

The Wake Transit Work Plan is allocating funding in FY23 for this implementation element's land acquisition phase to ensure a suitable property can be identified and purchased before the project needs to enter design in FY29. Due to the region's extreme rate of growth and competitive market, transit providers are now needing to plan land acquisition far in advance of final design to keep on schedule.

Land to be acquired for this project shall be subject to any applicable provisions set forth in the policy framework for the use of Wake Transit funds to acquire real property, as adopted by the CAMPO Executive Board and GoTriangle Board of Trustees.

This project will construct a transit center in eastern Raleigh, replacing the existing bus stop at the Wal-Mart on New Bern Avenue. A park-and-ride may also be established for up to 100 spaces, depending on final site location. When complete, up to four (4) routes could serve this location, including the New Bern Avenue BRT service.

The transit center will provide:

- Additional shelter
- Bathrooms
- Ticket vending machines
- Benches
- Passenger information signs
- Bike parking
- An attendant for up to 12 hours per day.

In FY23, the Wake Transit Work Plan will allocate funding for the construction of this transit center.

Project Description:

As part of the Community Funding Area Program, the Town of Fuquay-Varina will hire a consultant to further investigate transit options identified in the 2035 Community Transportation Plan from 2017 and CFA Market Analysis. The study will consider a local circulator loop with potential connections to the Fuquay-Varina – Raleigh Express (FRX), and other potential destinations and employment centers as well as regional connection to the Town of Apex via the Town of Holly Springs.

Deliverables for the project include an analysis of transit needs and demand, including identification of origins, destinations, and activity centers for ridership forecasting, development of an implementation plan and service mode, identification of capital infrastructure needs, identification of potential funding options and sources, and public outreach and stakeholder coordination.

New FY 2023 Projects

Project ID	TC005-A2	Project Category	Bus Rapid Transit	Project Subcategory	BRT Planning / Design
-------------------	----------	-------------------------	-------------------	----------------------------	-----------------------

Project Description:

In FY 2023, the City of Raleigh will complete final design for the Wake Bus Rapid Transit (BRT): Southern Corridor identified in the Wake County Transit Plan and will continue coordination of the project development phase for a Federal Transit Administration (FTA) Small Starts grant. With a locally preferred alternative selected, work will continue primarily on final design for the Wake BRT: Southern Corridor between downtown Raleigh and Garner Station in the Town of Garner.

The Wake BRT: Southern Corridor will ultimately provide more frequent (10-15 min peak and 20 min weekend), reliable transit service along the corridor including a minimum of 50% dedicated transit lanes and branded BRT stations.

In FY23 Q2, an amendment was approved to add \$16,610,000 to meet the updated project cost for Wake BRT: Southern Corridor. The funds are needed on behalf of the Small Starts Ratings application for the project and to ensure 100% of the local match for the Federal Transit Administration (FTA) Capital Investment Grant (CIG) is programmed and obligated.

FY 2023 Adopted/Amended Wake Transit Work Plan

WAKE COUNTY TRANSIT PLAN: IMPLEMENTATION

FY 2023 Financial Model Assumptions Update

Financial Model Assumptions for FY 2023 Adopted Wake Transit Work Plan

The Transit Planning Advisory Committee (TPAC) has assigned GoTriangle as the lead agency to update the Wake Transit Financial Plan and the financial model. Per the Transit Interlocal Governance Agreement, the financial model shall contain the agreed upon operating and capital policies and guidelines mutually agreed to by the TPAC. The model also includes the multi-year capital and operating costs as well as the liquidity targets and debt ratios relevant to rating agency metrics.

The Financial model continues to reflect the Transit Plan's strategic approach in leveraging federal and state funds combined with existing and new sources of local funding, to deliver projects that connect regionally, connect Wake County's communities, provide frequent urban mobility, and link local service. The plan continues to maintain the necessary liquidity measures and other metrics of fiscal health to support the goals of the Wake Transit Financial Plan. It adheres to the policies and guidelines of the Wake Transit Financial Guidelines approved by CAMPO and GoTriangle in June 2017. These policies are available at www.waketransit.com.

As detailed in the Wake County Transit Plan, the plan is fiscally constrained and is contingent on a variety of assumptions. The FY 2023 Recommended Transit Work Plan reflects assumptions that will evolve as information is modified and projections are updated to reflect actual results. The FY 2023 Recommended Work Plan continues to incorporate projects that were included in the Wake Bus Plan and further reviewed as part of the Wake Transit Vision Plan. The FY2023 Recommended Transit Work Plan continues to include the assumptions of competitive grant revenue for some of the Bus Infrastructure projects. The Recommended Work Plan also incorporates continued investments in the Community Funding Area Program.

Additionally, overall inflation assumptions, availability of local sources of revenue and growth assumptions, competition for federal funding for projects, successful access to capital markets, and regional partnerships will continue to influence the overall financial outlook of the Transit Plan. The FY 2023 Adopted Wake Transit Work Plan does assume some changes in the FY 2023 Sales Tax projections to accommodate a growing economy, albeit one that is growing at a slightly slower pace compared to the original Adopted Wake Transit Plan. Due to the continuing impact of the Coronavirus pandemic, farebox revenue has not been included in the recommended work plan.

The FY 2023 Financial Model Assumptions Template details the assumptions made in the Wake Transit Financial Plan adopted by GoTriangle, CAMPO, and the Wake County Board of Commissioners and compares those to the assumptions used to prepare the FY 2023 Adopted Wake Transit Work Plan. Operating and capital costs included in the model are shown in the multi-year operating program and capital improvement plan contained in the FY 2023 Recommended Transit Work Plan.

WAKE COUNTY TRANSIT PLAN: IMPLEMENTATION

FY 2023 Adopted Wake Transit Work Plan Appendix Multi-Year Operating Program & Capital Improvement Plan

The Wake Transit Work Plan is created on a recurring annual cycle and includes, among other components, detailed information on projects to be implemented during the upcoming fiscal year. As each project in the fiscal year is part of a broader, multi-year program of projects aligned with the goals of the Wake County Transit Plan, the Transit Governance Interlocal Agreement charges the TPAC with producing a multi-year operating program and capital improvement plan for each annual Wake Transit Work Plan. These multi-year programs guide future work plans, provide a basis for tracking projects from one year to the next, allow project sponsors to appropriately plan for future implementation, and ensure that the projects undertaken each year are part of an effective and phased approach toward achieving the “Four Big Moves” described in the Wake County Transit Plan. For services and projects that are included in the multi-year operating program and capital improvement plan for FY 2024 and beyond, each project will be reviewed prior to its incorporation into future annual work plans to ensure the project is still viable and the timing is still appropriate.

This appendix focuses on projects initiated in fiscal years other than FY 2023, including operating projects initiated in prior fiscal years that continue into FY 2023 and subsequent years, as well as capital and operating projects anticipated for future investment.

Enclosed in this appendix are investment summaries and project profiles that detail the scopes of operating projects initiated in prior years that continue into FY 2023, and the FYs 2023-2030 recommended multi-year operating program and capital improvement plan, which include project-level details for future investments. For future-year operating projects, project profiles are provided for projects that are planned to be initiated through FY 2024, which align with the planning horizon of short-range transit plans produced as part of the Wake Bus Plan for each fixed-route service provider in Wake County. An update to the Wake Bus Plan, which began in FY 2021 and is carrying into FY 2022, will refine Wake County’s strategic phasing of planned bus service expansion for a number of years beyond FY 2024 and will further define bus service implementation details for those future investments. When complete, future Work Plans will reflect this expanded horizon, and bus service expansion project sheets with more specific details will be included in future Work Plans that look beyond FY 2024.

As mentioned in the introduction section of this FY 2023 Adopted Wake Transit Work Plan, an update to the original Wake County Transit Plan was developed from late 2019 through early 2021 that extends the financially constrained horizon of the plan an additional three (3) years through 2030. Through this process, investments programmed for future years in prior Work Plans (including and prior to FY 2021) were rescheduled after rebalancing updated revenue assumptions that were tempered by the economic impacts of the COVID-19 pandemic with updated cost assumptions, particularly for significant capital projects based on further feasibility study. The multi-year operating program and capital improvement plan components of this FY 2023 Adopted Wake Transit Work Plan continue to reflect this rescheduling and rebalancing of investments for FYs 2023-2030.

Throughout the development of the FY 2023 Adopted Wake Transit Work Plan, additional challenges for funding all of the investments included in the Wake County Transit Plan Update adopted in 2021 were identified. Further cost feasibility refinement for a number of significant capital projects revealed higher than anticipated expenditures necessary to deliver them. While recent history and projections for revenues identified to support these expenditures are improving to a level that exceeds prior projections, findings reveal that projected revenues will fall short of being able to support all of the projects included in the 2030 horizon for the Wake County Transit Plan 2021 update. Therefore, this FY 2023 Adopted Wake Transit Work Plan reflects further rebalancing of revenues and expenditures and results in some project delays within the 2030 horizon and deferrals of some projects beyond the 2030 horizon.

Project Description:

Raleigh's Transit division has experienced significant growth over the last three years as a result of Wake Transit capital projects and the Wake Transit Plan's aggressive schedule for increases in bus services and supporting infrastructure. To consolidate administrative functions and staff, including administrative, planning and marketing/communications functions, the Transit division occupied the lower mezzanine space in Raleigh Union Station (RUS) in FY 2021.

The space is needed until a permanent office space is available for the division within the City of Raleigh's Civic Campus. Based upon need and availability, a combination of dedicated and shared space comprised of office, conference room, and common areas will be made available to GoTriangle staff, as the existing GoTriangle offices located on West Street, next to RUS, await redevelopment.

Project Description:

GoTriangle will continue the use of a web-based customer feedback management system, integrated into the existing regional call center's phone system, to continue to improve transit agency responsiveness and accountability to transit customers. The system benefits GoRaleigh and GoCary, as well as GoTriangle. The system captures customer communications that come through web forms, phone calls, emails and social media and routes them to transit agency staff best suited to responding and resolving issues. The system allows transit agencies to gain new insights into repeat issues and allot transit agency staff to better focus on what is most important to customers. The system also provides greater transparency into the results of interactions with transit customers.

Project Description:

CAMPO will continue to employ one (1) full-time equivalent (FTE) staff position to provide ongoing administrative support for the Wake County Transit Planning Advisory Committee (TPAC) and its subcommittees.

The position is primarily responsible for coordinating the TPAC's ongoing activities and proceedings, including leading the facilitation of the TPAC's decision-making processes and information dissemination. The position will also be responsible for supporting other CAMPO-led Wake Transit-related planning and program management activities, as necessary.

In FY 2023 Q2, this implementation element was amended to account for additional indirect expenses related to office space rent, particularly with CAMPO's move to a new location in Cary. It would also cover increases in labor expenses for which the 2.5% annual cost escalation assumed with Wake Transit multi-year operations programming has not kept pace.

Project Description:

GoTriangle will continue to employ 3.5 full-time equivalent (FTE) employees in FY23 for public engagement planning and activities. Of the total 3.5 FTEs, 2.5 of the FTEs are a consolidation of staffing that was authorized for funding and initiated in FYs 2018 and 2019.

Of the 3.5 FTEs, 1.5 FTEs will focus on public outreach and communications activities, including continuing to lead proactive community engagement and public input solicitation for the annual work plan, Wake Transit Plan updates, commuter rail project, and GoTriangle bus service projects and will continue to provide support as needed to municipalities through the Community Funding Area Program. The Community Engagement team will also provide outreach support for ongoing and future projects with broader regional implications, including but not limited to, fare capping, mobile ticketing, Youth GoPass and free rides for seniors.

The remaining 2.0 FTEs will work to meet the required Wake Transit program-level public involvement coordination and planning tasks defined by the TPAC. These positions will work on introducing and/or improving strategic public engagement activities for implementation of the Wake Transit Plan and on coordination of engagement activities with other Wake Transit Plan implementation partners.

Costs associated with these FTEs include salary, benefits, professional development needs, supplies, and accessory administrative expenses related to the function of the employee's work.

Project Description:

Route 20 serves Garner Road between downtown Raleigh and the Town of Garner and operates as a circulator around the Town of Garner before returning to downtown Raleigh.

In September of 2020, GoRaleigh added bi-directional service along the loop portion of the route in Garner to add frequency and convenience to the service. This project increased frequency to 30 minutes all-day except evenings past 7PM, when service reverts to 60-minute frequency. In FY22, service was extended to include the Abberly residential development, south of White Oak Crossing.

Project Description:

GoTriangle will continue to operate Route 100 every 30 minutes from 5:50 AM to 7:10 PM Monday-Friday and from 6:55 AM to 7:10 PM on Saturday. This is an improvement in frequency from the FY17 levels of service (which provided hourly service all day Saturday and from 9:45 AM to 3:30 PM Monday-Friday, as well as half-hour service during morning and afternoon peak periods) and will continue in this fiscal year and future years.

Also, GoTriangle will continue to operate Route 100 on Sundays from 6:40 AM to 9:15 PM, with hourly frequencies during this span. This represents an expansion of the FY18 Sunday service span by 2 hours. In FY23, this service will also include funding for the RDU Shuttle serving RDU Airport during Monday through Saturday every 30 minutes.

Project Description:

In 2020, GoTriangle eliminated Route 300 service between the GoTriangle Regional Transit Center (RTC) and Cary Depot, limiting its extent to Cary Depot and Downtown Raleigh. However, in concert with this reduction in service for Route 300, Route 310 began operation with a new alignment between the RTC and Cary Depot. More information on Route 310 can be found in the project details provided for Project ID TO005-X.

GoTriangle will continue to operate Route 300 between Raleigh & Cary every 30 minutes from 6 AM to 7 PM Monday - Friday, and from 7 AM to 7 PM on Saturday. These are frequency improvements from FY17 operations. Route 300 will also continue an expanded service span from FY 2017 operations, providing hourly service from 7 PM - 10:25 PM Monday-Friday, 7 PM - 9:55 PM Saturday, and 7 AM - 9 PM on Sunday. Sunday service was expanded from FY18 operations, when service was provided between 7 AM and 7 PM.

GoTriangle will provide complementary Americans with Disabilities Act (ADA)-compliant paratransit services to coincide with its Wake Transit-funded fixed-route services.

This project does not involve additional funds for GoTriangle's complementary ADA paratransit services beyond that which has previously been authorized and allocated. Prior to FY 21, funding for GoTriangle's complementary ADA services that tie to its Wake Transit-funded routes was disaggregated and rolled into the individual project funding allocation for each route. This project was created by reallocating to a single project the ADA funding previously allocated to each route to cover all of GoTriangle's complementary ADA services that tie to its Wake Transit-funded fixed-route services.

Project Description:

GoTriangle will continue to provide additional trips on the Durham-Raleigh Express (DRX) between Downtown Durham, Duke University/VA Medical Centers and Downtown Raleigh. The funding for this project matches both a previous and continuing Durham County investment for Route DRX allowing added frequencies on the route. Before this investment, the DRX ran every 30-45 minutes, but now runs every 15-30 minutes.

Beginning in FY 2022, funding was provided to GoTriangle to provide an additional three (3) trips on the DRX, with funding to be provided from Durham County Transit Tax proceeds to match the Wake County contribution. The additional DRX trips planned to start in FY22 were intended to improve customer experience by allowing for better coordination of span of service, service frequency, and transfers between the DRX route and other routes. In FY 2023, the cost of providing service increased by 7.4% over the previous fiscal year to \$143.50 per hour.

Project Description: In FY2019, Wake County transit providers produced an updated fare strategy. The outcome of this collaborative effort includes making rates uniform for trip types across agencies and a fare capping strategy in conjunction with fare payment technology upgrades including mobile ticketing and smart cards. It is expected that there will be financial impacts for each agency as a result of these regional changes. This project places funds in reserve to hold GoRaleigh, GoTriangle, and GoCary harmless against any reduction of fare revenue as a result of implementing this uniform fare strategy. These earmarked funds will continue to be assigned to project sponsors through Work Plan development cycles and are driven by methodology developed by a Fare Working Group. GoRaleigh, GoCary, and GoTriangle, in partnership with Wake County, will continue to work with schools along Wake County's bus network to issue the passes. Passes will also continue to be available to those with a valid ID at GoRaleigh Station, the Town of Cary Finance Department, the GoTriangle Regional Transportation Center, public libraries in Wake County, and Wake County regional centers.

After this project was paused in FY 22 because of the suspension of fares, this project is anticipated to return in FY 24 to cover the cost of offsetting fares that would have been collected by GoCary, in addition to purchasing the supplies needed for this program.

------------	----------	------------------	----------------	---------------------	-------------------

Project Description:

Wake County's Health & Human Services Department, which implements the Wake Coordinated Transportation System (WCTS) service (GoWake Access) across the county, will continue to provide additional demand-response trips for Wake County residents who are eligible based on age and/or disability in areas of the County that are not served by existing fixed-route transit services. Additionally, this project will provide general public demand-response trips for Wake County residents in rural areas of the county. These demand-response trips will complement the existing fixed-route system by linking rural residents currently without access to those transportation resources.

Project Description:

Wake County's Health & Human Services Department, which implements the Wake Coordinated Transportation System (WCTS) service (GoWake Access) across the county, will continue to receive funding to serve as a local match source to expand its call center resources. This project includes the conversion of three temporary call center representatives to four full-time, permanent call center representatives to reduce the call wait time and increase service levels for clients utilizing WCTS. Wake Transit Funds are proposed to be matched with Wake County General Funds and State Funds to support the positions.

*The services reflected in the above table will be supported by a combination of Wake Transit revenues; other local, state, and federal funds; and farebox revenues.											
**GoRaleigh Route 31 is currently proposed to be implemented without the assistance of Wake Transit revenues. However, it is included in the multi-year operating program to provide the full picture of route improvements and adjustments that will be made for the bus service expansion tier of the Wake Transit investment portfolio.											
***In FY 2024, in substantial accordance with the adopted Wake Bus Plan, it is anticipated that GoTriangle will relinquish its project sponsorship of the Zebulon-Wendell Express (ZWX) and Wake Forest Express (WFX) routes, and the City of Raleigh will become the new project sponsor for those routes. The cost figures for the routes reflected in the above table are placeholders until more refined cost figures are determined for FY 24 and subsequent fiscal years.											
Notes: New GoRaleigh Routes 23 (Millbrook), 29 (Garner-Wake Tech), and 34 (Wake Tech North) and additional trips on GoTriangle's NRX route were originally included for investment in the FYs 2018-2027 Wake Bus Plan and Multi-Year Operating Program. Due to funding limitations identified through the Wake Transit Plan Update and the FY 21 Wake Transit Work Plan reassessment process in which projects were reprioritized and reprogrammed to rebalance expenditures with reduced revenue assumptions, financial capacity for these investments has not been identified within the 2030 Wake County Transit Plan horizon. Further, additional funding limitations identified during the development of the FY 2023 Recommended Wake Transit Work Plan, primarily as a result of steep increases to cost assumptions for important capital facilities projects, financial capacity for the originally planned full buildout with extended service hours for GoTriangle Route 100, the addition of weekend service to Route 33 (Raleigh-Knightdale), and frequency improvements that would include GoRaleigh Route 27 (Blue Ridge) in the planned high-frequency network could not be identified within the 2030 Wake County Transit Plan horizon. As plan implementation continues and revenue and expenditure assumptions are refined for the full Wake Transit program, investment in these services will continue to be considered for potential funding. While Routes 29 and 34 could not be included, the Wake Tech North campus is currently served and will continue to be served by GoRaleigh Route 25L: Triangle Town Link. The Wake Tech South campus is currently served and will continue to be served by GoRaleigh Route 40X: Wake Tech Express. The new Route 29: Garner-Wake Tech would only operate when Route 40X is not otherwise operating due to campus closures for breaks, holidays, weather events, etc.

Bus Operations - TO005, 004, 003

Future Year Projects

Project ID:	TO005-AP	Project Type:	Bus Operations
			Bus Service

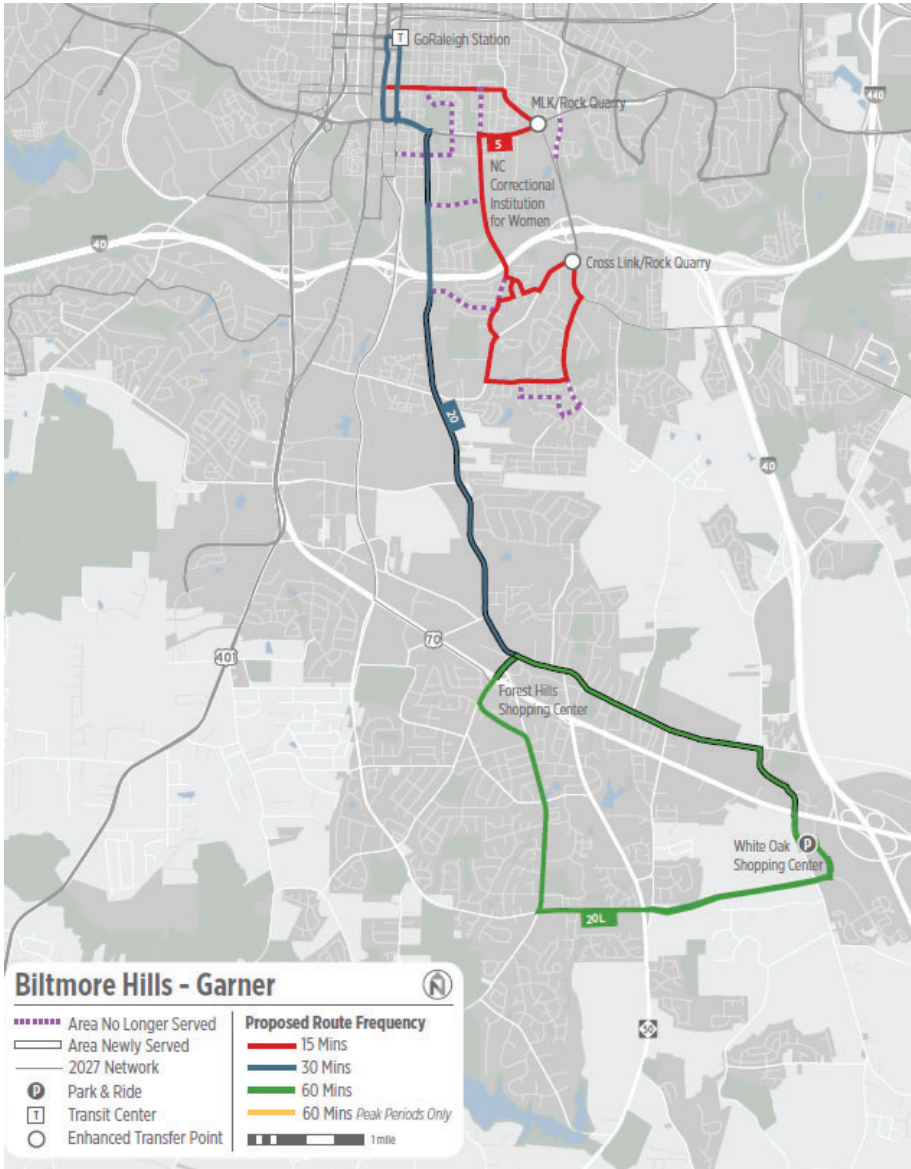

Project Description:

GoRaleigh will implement a change in route alignment for the existing Biltmore Hills route, and the new route will be part of the frequent network. The intent of the route realignment is to focus the frequent service on a shorter and more direct path. This route will continue to serve downtown Raleigh.

In August 2023, weekday frequency will increase, and weekend service will be added on Route 20-Garner.

Vehicle Acquisition - TC001

Future Year Projects

Project IDs:	TC001-E	Project Type:	Vehicle Acquisition
			Fixed Route Expansion Vehicles

Project Description:

GoRaleigh will continue to purchase 40-foot fixed-route transit buses to support new bus services or service improvements anticipated to begin in various years through FY 2030. Many of the vehicles will possess the technology to be powered by alternative fuels, including compressed natural gas (CNG) and electricity. Further, many of the vehicles will be ordered in the year preceding their use, as there is typically an anticipated delivery timeframe of 12-18 months after vehicles are ordered.

Project at A Glance	
Project Description	Purchase 40-foot Diesel, CNG, or Electric Buses

			Fixed Route Replacement Vehicles

Project Description:

GoTriangle and GoRaleigh will continue to purchase 40-foot fixed-route transit buses to replace vehicles that have exhausted their useful life in various years through FY 2030. Many of the vehicles will possess the technology to be powered by alternative fuels, including compressed natural gas (CNG) and electricity. Further, many of the vehicles will be ordered in the year preceding their use, as there is typically an anticipated delivery timeframe of 12-18 months after vehicles are ordered.

****Some of GoTriangle's fleet may be repowered rather than replaced.**

------------	---------	------------------	--------------------	---------------------	-----------------------

Project Description:

The Town of Cary / GoCary will design and construct improvements to make a number of existing bus stops compliant with Americans with Disabilities Act (ADA) standards. Additional improvements going beyond compliance with ADA standards may also be included.

Improvements may include:

- Signage
- Installation of concrete pads
- Benches
- Bike racks
- Access ramps
- Sidewalks, and other associated amenities

Specific site determination and prioritization will be determined through the design phase of this project and in accordance with GoCary's bus stop improvement prioritization framework.

Project Description:

GoTriangle will design and acquire land for a new, approximately 100-space park-and-ride facility for use by GoTriangle NRX-North Raleigh Express service, which will provide weekday commuter service between Triangle Town Center and the Regional Transit Center (RTC) near Research Triangle Park. The park-and-ride facility will serve commuters originating in north Raleigh neighborhoods with destinations in RTP and connections to other regional destinations. The new park-and-ride facility will be located at either Creedmoor Road and I-540 or Falls of Neuse Road and I-540. The park-and-ride facility may also be used to support the future GoRaleigh Falls of Neuse route.

The park-and-ride facility could include amenities such as shelters, benches, lighting, trash bins, maps and cases, signage, an emergency phone, security cameras, bike storage, and ADA improvements.

			Maintenance Facility Improvements

Project Description:

The GoTriangle Operations and Maintenance Facility was originally constructed in 1998. In 2006, the facility was updated to add space for administrative functions. GoTriangle maintains a fleet of 97 fixed-route buses, which exceeds the capacity of site. The site does not have sufficient maintenance bays and administrative space and to optimize the facility's efficiency, GoTriangle's service vans fleet (66 vehicles) is currently outsourced to a third-party.

GoTriangle will design, renovate and expand their current Nelson Road Operations and Maintenance Facility. This capital improvement will add the needed capacity required to accommodate GoTriangle's projected fixed-route fleet of 120 buses, including vehicles needed for operations in Orange and Durham Counties, through 2050. The renovation and expansion will also include updates to better accommodate the facility's administrative functionality.

Facility costs will be shared across GoTriangle's service areas. The anticipated Wake County share of the facility cost is 40% based upon previous planning estimates. This 40% cost share is anticipated to be refined during the capital improvements phase of the ongoing Wake County Bus Plan. The future construction costs of the facility are anticipated to be refined during the preliminary engineering phase funded in FY23 and the ongoing Wake County Bus Plan.

			Transit Center/Transfer Point Improvements

Project Description:

The Town of Cary will construct a multimodal transportation hub in downtown Cary. The facility will connect a range of transportation services including intercity rail (Amtrak), planned commuter rail, bus rapid transit, and express and local bus service.

The new facility will include indoor passenger waiting areas and will provide passenger amenities in line with Wake Bus Plan standards.

Site features will be developed, and costs will be shared across site functions/users.

Services anticipated to use the facility by FY 2030 include:

- GoCary 1 Crossroads
- GoCary 3 Harrison
- GoCary 4 High House
- GoCary 6/9B Buck Jones
- GoCary 7 Weston Parkway
- GoCary 9A Trinity

Project ID	TC002-AC	Project Category	Bus Infrastructure	Project Subcategory	Transit Center / Transfer Point Improvements
-------------------	----------	-------------------------	--------------------	----------------------------	--

Project Description:

GoRaleigh currently serves MidTown with two (2) routes using existing easements at two (2) stops with benches and shelters. Both sites have limited access without any room for expansion. A transit center is planned for Midtown in Raleigh, near the North Hills shopping center and in proximity to I-440. The Midtown Transit Center will support transfers between transit routes and create opportunities to travel east – west without going into downtown Raleigh. The planned Transit Center will be a staffed facility. This facility will support three (3) high frequency network routes and one (1) local route with 30-minute frequencies.

A planning and feasibility study was scheduled for funding in FY20 to identify an optimal location, taking into consideration planned transit service, land use, supply, and price. Land acquisition for the facility will be funded in FY23. The next phase of work is scheduled to begin in FY24 and will involve design, with final design and construction of the new facility planned for FY25.

Other Capital - TC003

Future Year Projects

Project ID	TC003-F	Project Category	Other Capital	Project Subcategory	Capital Planning
------------	---------	------------------	---------------	---------------------	------------------

Project Description:

The most recently updated Wake County Transit Plan has a horizon year of FY 2030, which will need to be extended in FY 2024 to effectively plan for continued investments in transit in Wake County.

Updating the Wake County Transit Plan in FY24 will synchronize the plan with the update cycle for the Capital Area MPO's Metropolitan Transportation Plan (MTP). By synchronizing these update cycles, the Plan can better inform the MTP's longer-range vision, and it can inform the deficiency and alternatives analysis phases, as well as the fiscal constraint component, of the 2055 MTP. It is anticipated that the Wake County Transit Plan Update effort in FY 24 will extend the planning horizon from FY 2030 to FY 2035.

Project Description:

With an appropriate environmental clearance from the Federal Transit Administration and completion of final design for the corridor, the City of Raleigh will proceed to right-of-way acquisition, construction, and procurement of vehicles for the Wake BRT: Southern Corridor Bus Rapid Transit (BRT) facility from Downtown Raleigh to Garner.

This phase of the Wake BRT: Southern Corridor is anticipated to be funded by a combination of Wake Transit tax proceeds (\$57.3 million) and federal grant funds (\$71.4 million). A total of \$35 million is programmed for FY 2024, and a total \$93.6 million is programmed for FY 2025. This future phase of work for the Wake BRT: Southern Corridor is anticipated to bring the capital infrastructure components of the corridor to completion.

*Expenditures reflected in the above table will be supported by a combination of Wake Transit revenues; existing local, State, and Federal funds; and additional Federal and State discretionary grants.											
**The adopted Wake County Transit Plan anticipated that costs and timing for major capital project implementation would be adjusted based on the best information available that may be refined as projects undergo further study. Assumed cost information for major capital projects included in Annual Wake Transit Work Plans is continually updated through each Work Plan development cycle to reflect findings from further project-level study, including alternatives analysis and preliminary engineering associated with the project development process. It is anticipated that costs and schedules for major capital projects will continue to be refined as better project-level information becomes available.

Index of FY 2023 Wake Transit Work Plan Amendments

Amendment Type	Project ID	Project Name	Project Sponsor	FY 23 Financial Impact	FY 24 Financial Impact	Amendment Approval Date	Additional Notes
Project Scope/Funding Change	TO002-L	1.0 FTE: TPAC Administration	Capital Area MPO	\$29,232.00	\$29,962.80	November 2022	The increase in funding is necessary to cover additional indirect expenses related to office space rent, particularly with CAMPO's move to a new location in Cary. It would also cover increases in labor expenses for which the 2.5% annual cost escalation assumed with Wake Transit multi-year operations programming has not kept pace.

	TC005-A2	Wake BRT: Southern Corridor	City of Raleigh	\$16,610,000	\$0		Amendment involves a financial impact requiring a change in fund balance or to budgeted reserves. Amendment expands the project \$16,610,000 budget to account for the updated project cost and requirement that a 100% local match is programmed and obligated for the Federal Transit Administration (FTA) Capital Investment Grant (CIG).
