PREPARING YOUR PROPERTY FOR EVALUATION

- 1. Obtain appropriate permits and information regarding setbacks from the planning/zoning authority having jurisdiction over the property.**
- 2. Complete the enclosed application. Missing information will result in a delay in processing.**
- 3. Include a survey plat of the property showing all property dimensions. This can be obtained from the Register of Deeds Office. If a plat is not available, a copy of the tax map can be obtained at the Montgomery County Tax Office. Your plat or tax map must indicate the location and dimensions of proposed structures. Indicate all proposed structures, planning for both short and long term development. Indicate preferred location of driveways, parking, and waterlines. You must indicate where you would prefer to locate your septic system.**
- 4. The plat must indicate the locations of existing wells, septic systems, residences, easements/right of ways, wetlands, and utilities.**
- 5. Prepare the property by flagging all permanent corner markers. If applying for an Improvement Permit only, wooden stakes may be used. However, the permanent corner markers must be located and flagged prior to the issuance of the Construction Authorization.**
- 6. Mark the property lines with surveying ribbon at minimum intervals of 50 feet so they are clearly visible.**
- 7. Stake all proposed structures with wooden stakes. These stakes should be at least three feet high. All structures such as outbuildings, swimming pools, etc., must be staked and identified. Structures staked in the field must match structures indicated on the site plan.**
- 8. Mark any existing utility lines (phone, electric, water, underground irrigation) on the property. The Health Department is not responsible for damages.**
- 9. Place the sign provided by our department at the property.**
- 10. Up to two (2) acres will be looked at per application. If the first two acres is denied an Improvement Permit, the applicant may reapply for our Department to evaluate another 2 acres for another application fee. This process may be repeated until a site is found.**
- 11. If applying for Improvement Permit for an expansion or a repair, place a stake at the septic tank location. Tank location must be able to be verified.**
- 12. Return application along with appropriate fee to:**

Montgomery County Health Department
Environmental Health
444 North Main St.
Troy, NC 27371

******Applications may not be submitted until all of the above items have been completed and the property is ready to be evaluated. A \$50.00 re-visit fee is required on lots that have not been prepared in accordance with the specifications outlined above. Applications must be processed to a final decision within one year of the submittal date. If after one year the application process has not been completed, a new fee must be submitted before any additional work can be conducted.***

SAMPLE SITE PLAN

SITE PLAN CHECKLIST

Submit a surveyed plat/tax map of the property and a site plan with the following (initial each which applies):

- ☐ The dimensions of the property.
- ☐ The proposed location of all structures (e.g., facility, wells, water lines, outbuildings, pools, etc.), with distances from the road and the side property line to all structures. Give dimensions for all the structures
- ☐ The location of any existing utility lines on the property. **If there are none, write "N/A."**
- ☐ The extent of areas to be graded.
- ☐ The preferred septic system location.
- ☐ The preferred driveway location, and parking areas.
- ☐ The proposed well location, water meter location, and proposed water lines.
- ☐ A north arrow or other sufficient directional indicator.
- ☐ The location of any existing septic tank systems and wells on your property and on the adjoining property within 100' of your property line. **If there are none, circle "N/A."**
- ☐ The location of any easements or rights of way on the property. **If there are none, circle "N/A."**
- ☐ The location of any designated wetlands on the property. **If there are none, circle "N/A."**
