In administering the programs authorized under this ordinance, the County Manager is authorized to make transfers from one appropriation (including Contingency) to another within the same fund or financial plan. Pursuant to the authority provided in N.C.G.S. 159-28, no obligation may be incurred in a program, function, or activity accounted for in a fund included in the budget ordinance unless the budget ordinance includes an appropriation authorizing the obligation and an unencumbered balance remains in the appropriation sufficient to pay in the current fiscal year the sums obligated by the transaction for the current fiscal year. No obligation may be incurred for a capital project, or a grant project authored by a project ordinance unless that project ordinance includes an appropriation authorizing the obligation and an unencumbered balance remains in the appropriation sufficient to pay in the current fiscal year the sums obligated by the transaction for the current fiscal year. If an obligation is evidenced by a contract or agreement requiring the payment of money or by a purchase order for supplies and materials, the contract and agreement or purchase order shall include on its face a certificate stating that the instrument has been pre-audited to assure compliance with the North Carolina General Statute. An obligation incurred in violation N.C.G.S. 159-28 is invalid and the official, officer, agent or employee who purchased or entered into the agreement is solely and personally responsible for that obligation and the County will not be responsible for this debt. In addition, pursuant to the N.C.G.S. 159-28, if an officer or employee or the County incurs an obligation or pays out or causes to be paid out any funds in violation of this section, he and the sureties on his/her bond are liable for any sums so committed or disbursed.

The County Manager is authorized to use contracts established by the State of North Carolina, in accordance with statutes, policies, and rules of the Office of Information Technology Services, to make purchases of information technology equipment for the County in any amount at the same prices, terms, and conditions as the State contracts, without further compliance by the County with otherwise applicable competitive bidding requirements as authorized by the N.C.G.S. 147-33.82(b), subject to budget limits approved by the Board of County Commissioners.
