### Live Webinar: Caring for Transgender Individuals at Risk of Thrombosis

**When:** July 31, 2019

**Time:** 10 AM - 11 AM EDT

**Faculty:** Dr. Joshua Safer and Dr. Barbara Konkle

This state-of-the-science Webinar will focus on the care of transgender individuals, highlighting specific issues and needs that these individuals may have. The faculty will address thrombotic risks associated with hormones in cis- and transgender women when used for therapy or replacement, including gender-affirming hormone therapy for transgender individuals; the medical and treatment strategies that are in use and recommended; and the necessary collaboration between disciplines for its effective management and treatment.

**Our Webinars are free and open to all healthcare providers.**

### Learning Action Network Meeting for Healthcare Providers Caring for Women/Girls with Sickle Cell Disease

**September 15, 2019**

**12 PM - 6 PM, Followed by a Welcome Dinner**

**Kansas City, MO**

The [LAN Education and Clinic of Excellence Workshop for Women/Girls with Sickle Cell Disease](#) is designed to harness the power of collaboration among healthcare providers, spread practical implementation of best practices, and connect participants to national initiative activities and resources - all with the aim of achieving bold improvements in the quality of care for females with sickle cell disease.

Through the LAN meeting, participants are not only able to learn best practices from their peers and be mentored by high-performing providers, all members are able to connect with other organizations and individuals who have similar goals and challenges, and have the opportunity for in-depth learning and problem-solving.

We are very proud to be able to offer support for attendance on a first come first serve basis (space is limited), which includes the cost of the hotel for one (1) night and all meals during the meeting. Participants are responsible for covering their own travel costs to and from the meeting.

Please note space is limited and registration is required.
