[#TriangleDelivers](#)

[@RaleighWake](#)

[#InnovateRal](#)

[@InnovateRaleigh](#)

### Share Who You Are

If you have an idea that you feel like will benefit you and also raise awareness about Raleigh's great start-up scene, then email your post idea to [hello@triangledelivers.com](mailto:hello@triangledelivers.com).

### Raleigh Messaging

When you're highlighting your business, you might want to talk about your hometown too. Here are some ideas we hope you'll take to heart.

Raleigh is a city built by thinkers and doers looking to make a difference. A community with big city hustle without the hassle. A home that is welcoming and open. A culture that is kind and a life that is just easier. We're Raleigh. Where the East Coast is made easy.

### Connecting With Other Entrepreneurs

There are several co-working spaces and accelerators in the area. Not only are they a great place to work, but they also have networking opportunities and frequently conduct small business seminars.
