Miami, FL	778 miles	12 hrs

In the last five years, (2018-2022) the Catawba EDC has assisted in the creation of over **3,000 jobs** and over **\$2.3 billion** in investment.

“I moved here in 1996 and had the pleasure to work through numerous expansion projects with the Catawba EDC, establishing the GKN Maiden facility as a world leader in modern automotive all wheel drive systems. We have enjoyed a great operating environment and a great quality of life. I have found the City, the County, and the State of North Carolina to provide a pro-business environment with a low cost of doing business. We have partnered with the Community College for training in manufacturing technology and a German-style apprenticeship program. Of course, access to the nearby Charlotte International Airport also allows us five daily connections to Frankfurt and Europe.”
