IFC celebrates a milestone birthday in 2023!

Jackie Jenks
President and CEO

It's been 60 remarkable years of joining together to alleviate poverty, advance equity, and build community!

This newsletter is a tribute to IFC's past and future of supporting our Chapel Hill - Carrboroneighbors with access to nutritious food, dignified housing, and emergency financial assistance while joining together to confront the

systems that make these programs necessary.

As I have had the opportunity to spend quality handson time in the Community Kitchen and Community Market this year, I am struck by how each of you connects to IFC's mission. As I talk with neighbors who express their gratitude for a safe place to lay their heads nightly at HomeStart, Community House, and the Permanent Supportive House Program, I am constantly reminded that this work is saving lives. And as I witness Activate! IFC members register people to vote, serve on advisory boards, and elevate their lived experience in places where decisions are being made, I am hopeful for the future.

We must continue our dedication to the hard work because COVID, inflation, the skyrocketing cost of housing, growing mental health needs - and the disproportionate impact of these realities on our neighbors of color - are forces that can only be mitigated when we link arms, open our hearts, share resources, and get real about what really matters and what needs to be done to truly make an impact.

Collaborative communities like IFC help this community thrive. Thank you to all our shelter residents, community members, volunteers, donors, congregations, businesses, fellow nonprofits, local governments, schools, and more whose dedication to equity and accessibility is a testament to our shared vision of a community where everyone has what they need. I am thrilled to work alongside you as we Imagine our Future Community.

I hope you enjoy this reflection on our past as we invite you to join us in envisioning a future where true collaboration unlocks new possibilities.
