### BACKGROUND

The 2020 Census is less than a year away and preparations for the decennial count are well underway across North Carolina. NC Counts seeks passionate and dedicated college students for an internship opportunity this Fall semester. Interns will learn and refine a range of communication and outreach skills by working with senior and executive staff to manage correspondences across the Coalition and the public at large. This is an excellent opportunity for students passionate about race equity, social justice and our democracy.
