Atul Gawande's bold visions for improving health care and end-of-life experiences have made him one of the most sought-after speakers in medicine. His three books, *Complications*, *Better*, and *The Checklist Manifesto*, have all been highly praised inside and outside the medical community. His new book is *Being Mortal: Medicine and What Matters in the End*. TIME placed him among the world's 100 most influential thinkers. Dr. Gawande's Wellbeing Lecture is part of The Minneapolis Foundation Centennial Futurist Conference.
