Pioneering Network Referral Program

The Pioneering Network referral program offers financial rewards to clients that send us business. All you need to do is share your wonderful Pioneering Network experiences with your friends, family and co-workers. Every time a new customer signs up for service and indicates that you referred them, you will receive a credit on your account.

Details

How the process works:

1. Send us the names, phone numbers and email addresses of friends and associates who may be interested in Pioneering Network.
2. We will contact your referrals, send them more detailed information, and setup a time to discuss how Pioneering Network can serve their IT needs.
3. Once your referral has subscribed to our service for 90 days, you will receive up to $2000 in referral credit on your next invoice.

Redemption details:

1. Referral must be a new customer.
2. We will not issue checks or payment directly for referrals - credit only.
3. Your credit can only be applied to upcoming invoices.
4. Referrals cannot be combined with other promotions or specials. There is no limit to the number of referrals that can be made.

The only way to earn thousands of dollars in maintenance and support credit is by sending us your referral information! Go ahead...start earning your referral credit today!
