3. Another way to customize your page is to add a photo of you on site!

The screenshot shows the Facebook interface for selecting a cover photo. At the top, there is a close button (X) and a blue icon of a person climbing a ladder. Below this is the text "Pick a cover photo or video". The main area displays a large photo of three women in athletic wear posing outdoors. To the right of this photo is a camera icon and the word "Edit". Below the main photo is a section titled "More suggestions" which contains three smaller photo thumbnails. At the bottom of the interface, there is a text box stating "Facebook charges no fees for donations to nonprofits. All donations will go directly to the nonprofit you chose." Below this text are two buttons: "Back" on the left and "Create" on the right, separated by a blue progress bar with three dots.

4. Make your friends aware you're fundraising by inviting them to donate in your honor. You can search for friends or hit invite next to their name. You can also share your fundraiser to your newsfeed if you don't want to ask directly but still spread the word!
