Subject: Mobile changes for distribution

Good Morning,

I hope this all finds you well in the midst of these circumstances. I am reaching out to you in order to stay connected communicating at this busy time. The mobile drive up will be an adjustment and we are looking at the sites and working with you all to make adjustments. We will definitely be carrying this into next week. As you know we are adjusting in real time so communication is of the utmost importance. It is critical our guests know about any changes so that they know where to go for food. I would ask all site location changes need to be approved and coordinate with your Second Harvest representative. This is so important so that we can properly adjust the website, contact 211, let our staff, social media as well as any additional advertising we may need to do. I am so grateful for you all and the work you do please do not hesitate to reach out with any questions.

Be well,

Tiffany Klopp

Director of Partnerships and Programs.

Second Harvest Foodbank of Southern Wisconsin
